

### Mrs. America Meets the War

The victory gardener who wields his hoe in a plot not more than 15 miles from his home or work will be able to get extra gasoline, if necessary, for cultivating his garden. So important does our government consider victory gardens, the OPA has authorized local boards to issue rations for extra gasoline—up to 300 miles for six months—to gardeners who are devoting at least 1500 square feet of their gardens to growing vegetables. Of course, the supplementary rations will be issued only if no other means of transportation are available, and it must be shown that a car-sharing arrangement has been made, or that such an arrangement is not possible. If the car pool involves more than one car, all applications must be given to the board at the same time, and no more than 300 miles will be granted for the group as a whole.

Here's an important reminder for all of you who apply for any kind of supplemental gasoline. You must have your mileage rationing record to get B or C rations. Remember, you received

### Hand of a Traitor

this record with your last "A" book. If it's been lost or destroyed, get a duplicate from your local board right away. You can get it by mail, or by going to the board in person.

Conservation of gasoline is only one of three important reasons for driving our cars as little as possible. The other two—just as vital to the war effort—are conservation of automobiles and tires. As you know, not a new passenger car has rolled off the assembly lines since 1942. There are now only about 10,000 new autos in the whole country to ration for as long as they have to be rationed—until we stop making tanks, jeeps, trucks, etc., for the army. Only the most essential drivers—doctors and police, for example—are entitled to a new car. So, drive carefully and only when necessary. Get the most out of your car as it may be a long while before new ones are available.

A car is only as good as its four wheels. And the shortage of passenger-car tires, not to mention truck tires, is as severe as it has been since the war began. We'll have to make ours last here at home so that our armed forces will have all they need for the wheels of war on the battle fronts. Don't wait to have your tires checked. If they're beginning to get smooth, see about a recapping job right away. And keeping tires at correct pressure will add miles to their life. Prompt attention now to your tires may mean you will be riding instead of walking six months from now.

An OPA action, effective April 1, and designed to help keep down the cost of living, establishes ceiling prices for new pianos. A tag showing the ceiling price will be attached by the manufacturer. This will tell both Mrs. America and the store selling the piano its ceiling price. Every ceiling price, whether for a piano or a bottle of milk, helps prevent inflation. You must do your part, too. Never pay more than the ceiling price.

When the kiddies start asking for a cool treat in the coming months, there may be more and

better ice cream available in the stores. The war food administration has removed the restrictions on use of non-fat milk solids in frozen products, so manufacturers can now make a better tasting and more nutritious product. A slightly larger quantity of ice cream is also anticipated.

### Plane Ambulances Rush Luzon Wounded to Rear

Chicago (AP)—Small "air ambulances" using improvised runways are carrying soldiers wounded on Luzon to rear area hospitals within two hours after the casualty.

The Chicago chapter of the American Red Cross reports that the new-type planes are following soldiers into the thick of the Philippine battle. Almost as soon as a soldier falls, the Red Cross said, he is given blood plasma by a medical corps man, bundled into an air ambulance and transferred to the rear.

### Portland Quintet Loses in Denver

Denver, Colo., March 22 (AP)—The defending champion Phillips "66" Oilers, Bartlesville, Okla., face their stiffest competition of the national A. A. U. tournament to date when they meet a San Francisco athletic club quintet in tonight's quarter finals.

The west coast team eliminated a formidable Fort Warren, Wyo., five, 50 to 40, last night to stay in the running.

The defending titlists had to go all-out to overcome a dogged Los Angeles Clifton team, 54 to 43, in last night's play. The Oklahomans held a 14-point lead at halftime but were hard-pressed to beat off a strong second half Los Angeles attack.

Allen-Bradley of Milwaukee had little difficulty defeating the Fee's Music Makers, Portland, Ore., 64 to 45. The Music Makers, sole Oregon entry, got off to a slow start and were never able to threaten.

The Fort Lewis, Wash., Warriors overwhelmed a Caterpillar

tractor team from Peoria, Ill., 80 to 56.

### Bowling Honors Won by Women

The first Bend Women's association bowling tournament was concluded Sunday at the Bend Recreation alleys with the Bend Recreation team taking high honors. In winning the tournament, the Recreation team compiled a total of 2673 pins to 2592 pins for the second-place Oasis team. Deck the second-place Oasis team. Deck the second-place Oasis team. Deck the second-place Oasis team.

The doubles event, Helen Judy and Dorothy Leverenz won first place with a 3-game total of 1102 pins. Madeline Rice and Mary Webster teamed to take second place.

Arlene Roberts, with a 561 series, edged out Edna Roats, who had 555, for the singles championship. Arlene Roberts also annexed the all-events crown, with a 9-game total of 1608 pins. All scores include handicap.

The tournament drew a total of five five-man teams, 10 doubles teams and 14 singles entries.

### Klamaths to Get New Game Code

Klamath Falls, Ore., March 22 (AP)—The house of representatives Indian affairs committee has approved a bill to establish a game code for the Klamath, Oregon, Indian reservation, it was learned from Washington today.

The bill was introduced by Rep. Lowell Stockman of Oregon. It would regulate hunting, fishing and trapping by Indians or non-Indians inside the reservation boundaries, with heavy penalties for violations.

Another bill affecting the reservation approved by the committee would allow the Klamath tribal council to pay salaries and expenses of its members while engaged on tribal business. It was also introduced by Rep. Stockman.

The imperial council of agricultural research at New Delhi, India, has a postwar plan for an increase in agricultural production of 50 per cent in 10 years and 100 per cent in 15 years. The commission seeks to promote a proper balance between food crops and cash crops of a better quality.

In 1944 the number of persons to die from burns was increased by 5,000. Of this total, 90 per cent was due to gas, naphtha or kerosene explosions.

Official FBI records show that there were 16 major kidnapping cases since the Lindbergh baby incident. Of these, six of the victims were killed.

From where I sit... by Joe Marsh

### How to Greet a Wounded Soldier

Charlie Jenkins got back from overseas the other day, discharged for wounds... and he was pretty well banged up.

Naturally, our town felt mighty bad about it. We wanted to sympathize with him and help him. But Doc Walters set us straight about that.

He said that what Charlie wanted most was to be accepted as one of the gang again... as if nothing had happened. So we asked him over to pitch horseshoes with his good hand, and enjoy a friendly glass of beer and chew the fat like old times.

And you should have seen him pick up! From being scared of meeting people, Charlie got his confidence back and soon became his own self again.

From where I sit, Doc Walters gave us the right steer. The wounded men coming home don't want our sympathy or our overenthusiastic help. They want to be treated like the rest of us... with a chance to work and lead a normal life. And that's the least we can offer them.

### How to Make Hot Cross Buns

**HOT CROSS BUNS**

- 6 to 6 1/2 cups all-purpose flour
- 1 tsp. cinnamon
- 1/2 tsp. nutmeg
- 1 cup milk
- 3/4 cup water
- 1 cake fresh yeast
- 1/4 cup sugar
- 1 tsp. salt
- 1 egg
- 1/4 cup softened butter or margarine
- 1 cup seedless raisins
- 1/2 cup currants

Sift and measure flour and sift again with spices. Heat milk until bubbles form around edge; add water and cool to lukewarm. Add crumbled yeast, sugar and salt, stirring until yeast is dissolved; add beaten egg, then flour mixture all at once. Add butter or margarine, raisins and currants and work until dough leaves side of bowl. Turn out on lightly floured board, knead gently until smooth, about 3 minutes. Place dough in greased bowl, cover with damp cloth. Let rise in warm place until double in bulk, about 2 hours. Remove from bowl onto lightly floured board. Shape into ball; place on floured board; divide into four portions; shape each into a ball; cover with damp cloth; and let stand 15 minutes. Divide each ball into 8 small ones; place on greased baking sheet 2 inches apart; cover; and let rise until almost double in bulk. Brush with egg wash (1 egg yolk beaten with 3 tablespoons water); cut shallow crosses with scissors on top of each roll. Bake 5 minutes in moderately hot oven (425° F.); reduce to moderate oven (350° F.); and bake 15 to 20 minutes longer, or until done. When almost cold, mark crosses with thin icing made of powdered sugar and just enough cream to spread easily. Makes 32 buns.

### MAKING YOUR BATHROOM HYGIENICALLY CLEAN... THAT'S A GOOD IDEA!

YES, I CONSIDER USING CLOROX THE SANITARY STEP IN HOUSEHOLD CLEANSING!

HEALTH AUTHORITIES have long urged high standards of sanitation in housekeeping. Today, in millions of homes, Clorox is providing such sanitation. It makes home "danger zones" not just clean looking but hygienically clean... an added safeguard to health. For Clorox disinfects efficiently... deodorizes, removes stains, too. Clorox is concentrated for economy... a little goes a long way.

Snowy-White! That's the way white cottons and linens look when Clorox is used in laundering, and Clorox brightens fast colors. It's extra-gentle... free from caustic. Follow directions on the label.

AMERICA'S FAVORITE BLEACH AND HOUSEHOLD DISINFECTANT  
**CLOROX**  
FREE FROM CAUSTIC  
Disinfects  
DEODORIZES • BLEACHES • REMOVES STAINS

Hygienically Clean Kitchens! Clorox used in routine kitchen cleansing disinfects tile, enamel, porcelain, linoleum and wood surfaces... helps reduce infection dangers.

When it's CLOROX-CLEAN... it's Hygienically Clean!
