

Stocks Irregular And Volume Light

By Elmer C. Walzer
(United Press Financial Editor)
New York, March 22 (UP)—Stocks moved irregularly on the New York stock exchange today with volume light.
Most of the railroad issues registered fair-sized gains although special issues met profit-taking after gains ranging to nearly four points. Steels, motors and oils firmed. Utilities held firm.
Numerous issues made new highs for the year or longer, including Hudson Motors, and issues of Pere Marquette, Nickel Plate, and Western Pacific. Utilities moved narrowly in the common stocks while preferred registered wide gains in several instances.
Airlines firmed under the leadership of American which gained nearly a point. Standard brands rose a point in its section. Best rose more than a point in the mercantiles. Tires were up small amounts.
Activity centered on special stocks, including Missouri Kansas Texas railway, International Telephone, Commonwealth and Southern, and Packard.
Farm shares, mercantile issues, and chemicals were strong in its department.

National Park Buffalo To Start Tapering Off
Washington (UP)—Secretary of Interior Harold L. Ickes' buffalo soon will have to stop eating off the government.
In a report submitted to Ickes by the national park service, Director Newton B. Drury said his plans were to "taper off feeding hay to these animals and place them entirely on their own resources."
The report also revealed that the nation's parks had a total of more than seven million visitors during the past fiscal year, two million of them service men and women.

BAWLS OUT HORSE
Fort Wayne, Ind., (UP)—A runaway dairy horse was given a sound lecture by Traffic Capt. Custer Donifon after the captain and Sgt. Joseph Towne chased the animal for nearly a mile through a crowded downtown section during the noon hour. Donifon said he told the horse, "Roy," that "he hadn't used good horse sense and should be ordered to court, where his oats would be suspended." However, "Roy snorted and walked off at his usual pace."

COURT HOLDS MEETING
The regular bi-monthly session of the county court which met yesterday conducted routine business, reports from County Judge C. L. Allen indicate.

1600 Mile Flight Made by Pigeon
Hempstead, N. Y., March 22 (UP)—Big Red was AWOL from Camp Crowder, Mo., today and his former owner blamed the coming of spring.
The prize homing pigeon landed after a 1,600-mile flight from Camp Crowder where he had been on active duty for three years.
John H. Schultz, who had turned Big Red over to the signal corps with 299 other pigeons in 1942, said he found the bird strutting his stuff before a flock of maiden pigeons.
"He's a good soldier," Schultz said. "I think he's done his duty, but if the army wants him back, I'm sure Red will return."
Schultz said Big Red's flight from Missouri established a distance record.
