

### Cadets Join in 'Lost Plane Hunt'

The Civil Air patrol cadet field day held at the Bend municipal airport on March 25, was termed very successful, with 25 cadets and officers attending. The feature of the program was a search for a downed "plane" that had flown a course between the old Bend airport and the Bend municipal airport. The "plane" was a large white square target laid out on an auxiliary landing field near the old airport, and the majority of the cadets worked the navigation problem involved properly and located the "plane" without a second flight.

The problem was discussed at Monday night's meeting at headquarters after which films on aerial navigation, airport traffic, and pylon and lazy eight maneuvers were shown.

Following the class in navigation, Lt. Larry Lerma, commanding officer of the Bend squadron, announced the promotion of several cadet members. Promotions to staff sergeant were made to Pfc. Louella Cook, new supply officer of the cadet group, Cpl. Fern Grindle and Don Van Landuyt, who now hold the offices of cadet adjutant and training officer, respectively. Advancements to the corporal rank were given to Cliff Rasmussen, section leader No. 6, and Hazel Prater, finance officer.

### Wedding Off for Gunder Hagg

(NEA Telephoto) Swedish runner Gunder Hagg and his pretty blonde fiancée, Miss Dorothy Nortier, enjoy a bit of close harmony during his visit to Miss Nortier's Piedmont, Calif., home before returning to Buffalo where he'll compete in final race of his 1945 tour. Their wedding won't take place until after the war because Miss Nortier was unable to obtain a passport to Sweden.

### Released Prisoner of Nippons Prepares for Air Trip Home

The first tap on the homeward trek from the Santo Tomas internment prison was recently taken by Mrs. Chester S. Magunson, the former Frieda J. Jaeger of Bend who, with her husband and children, have been imprisoned since the Japanese captured the Philippines.

In a letter dated March 14, Mrs. Magunson wrote: "We started for home yesterday morning. We were told at 7:30 the night before that we were leaving—the army issued us winter clothes which took until 12, we packed until three, and then were too excited to sleep until five, at which time we got up, had an early breakfast and departed in trucks to a nearby airport, where we sat in the sun until three in the afternoon, and then returned to Santa Tomas. There were about 400 of us, mostly families with children, so we had quite a day. It seems the weather was bad in Leyte and the planes couldn't take off. We did have a nice ride in the trucks, which was a treat to the kids—Karen still thinks she has been to the United States. It was the first time we had seen the devastation of Manila, except the part in walking distance of camp. I would like to have the opportunity to drive through Tokyo in a similar state a few months hence. . . . I suppose you have heard that Rufinos (our accountant) was killed—he lived long enough to shake hands with the Americans when they reached this district."

Anticipating the voyage home, Mrs. Magunson went on, "We have so many thrills in store for us, particularly the children, that we are a bit dazzled by the prospect of landing in San Francisco—you will probably find us a little 'touched' in many respects—we are three years behind in everything and will have to learn how to live in a house again. "There have been many strange coincidences—practically everyone here has found a soldier from his home town (there's even one from Redmond, Oregon) and Chet met a man from Aberdeen, Wash., who knows his brother well. If we have better luck next time we take off, we'll be seeing you soon. Gosh, golly and gee whizz."

Mrs. Magunson is a sister of Mrs. John Hansen, of Terrebonne.

### Palace Bombing Backed by Chinese

Chungking, March 28 (AP)—Acting Premier T. V. Soong, asked at a press conference today if he thought American planes should bomb the Japanese emperor, replied: "By all means. That would make one less embarrassing question to deal with later."

### TODAY IN GERMANY

The nazis decided to evacuate women and children from the "air terror" of Berlin after the capital was blasted for an hour in mid-morning following the 36th consecutive night air attack.

Stockholm reported that Heinrich Himmler had ordered Nuernberg evacuated and nazi party archives taken to Berchtesgaden.

### TRAFFIC CHARGES FILED

One man was fined, and others were issued citations for various traffic violations, police reports showed today.

## Let's raid the icebox... Have a Coca-Cola

... a way to make a party an added success

At home, the good things of life come from the kitchen. And one of the good things is ice-cold Coca-Cola in the icebox. *Have a Coke* are words that make the kitchen the center of attraction for the teen-age set. For Coca-Cola never loses the freshness of its appeal, nor its unfailing refreshment. No wonder Coca-Cola stands for the pause that refreshes from Maine to California,—has become a symbol of happy, refreshing times together everywhere.
