## Bond Conversion Plan Explained

A plan whereby maturing series A United States savings bonds owned by men and women on fighting fronts may be converted into series E bonds at the request of a near relative of an owner was announced by E. C. Sammons, state chairman, Oregon war finance committee.

Near relatives having possession of maturing series A bonds registered in the name of a serviceman as owner, co-owner, or beneficiary may receive payment during the month of maturity from a federal reserve bank or branch provided the entire proceeds so far as possible be applied to purchase of series E bonds registered in the name of the serviceman only. Proceeds from the redemption over and above issue price of new series E bonds will be paid by check drawn to the order to the serviceman.

**Plan Explained.**

A co-owner or beneficiary may be named on the E bonds if satisfactory evidence is submitted in the form of a letter from the serviceman indicating his intent to name a co-owner or beneficiary.

Sammons also drew attention to the fact that all persons holding maturing series A bonds—first issued March, 1935—may take advantage of the treasury department's offer to expand the limit of E bonds issued in one year to one purchaser. Yearly limit which one person may buy is \$3,750 (issue price), but series A bonds reinvested during the month of maturity in series E war bonds will be exempted from the limit. The regular \$3,750 limit may be purchased in addition to whatever series A money is reinvested in E bonds.

## CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster— Now her Backache is better

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
