

Vergeer Lauded For Drive Work

Prineville, April 5 (Special)—Crook county oversubscribed its 1945 Red Cross war fund quota by \$1,088.77. The total receipts, says G. S. Vergeer, county campaign chairman, were \$8,788.77, the county's quota being \$7,700.

The generous response, said Vergeer, was probably due to the people's consciousness of the national need. Some of it, say his fellow workers, was due to the fine organized plans of the chairman. Vergeer, who is manager of the Pacific Power and Light company here, has served as chairman of the annual Red Cross war fund the past two years with a generous over subscription each time.

Vergeer has announced his resignation as manager of the Pacific Power and Light company to take effect May 1. He has served the company in this capacity for 10 years, the past five in Prineville and previously five in Bend. He is making no announcement at present as to future plans.

From where I sit ... by Joe Marsh

America and her "Underground"

We were sitting around after chores the other night talking about the progress of the war. Chad Davis was saying how, in spite of Germany's defeat, there was still the German underground to cope with.

"I don't worry about them," says Sober Hoskins. "So long as we got our own underground in working order."

"What do you mean—our underground?" says Chad. And Sober points out to the fields. "There it is," he says, "under that soil lies the most important

weapon that we've got. American crops— from American fields—strengthening our position overseas in a way no other underground can shake."

From where I sit, Chad's absolutely right. Whether it's for the glass of beer that cheers a tired soldier's spirits, or the bread that feeds our armies and our allies, every bit of grain that American farmers harvest is a part of America's great strength.
