Your car may be a Booby Trap

Watch Out!

This innocent-looking easy chair conceals a half pound of TNT. It's the kind of Booby Trap our soldiers must watch out for after capturing enemy territory. That's why our troops receive special training in detecting them before an accident can happen.

Watch Out!

Hidden from sight in your car is a possible Booby Trap that you call a battery. Like the easy chair, it looks innocent. But Watch Out! It can cause a lot of grief. That's why Shell checks it carefully during Shelllubrication service... just as other vital parts are serviced and tested.

PLAY SAFE...Get a Safety Shelllubrication Today!

In every car are dozens of Booby Traps... ready to cause trouble, expense, even death for the unwary. To combat these dangers of wartime Stop-and-Go driving... to delay the day your car will become a "junkie"... start the protective care of Shelllubrication service.

Shelllubrication goes much further than a mere "grease job." During the process of protecting vital parts with proper amounts and grades of approved lubricants, the operator tests and inspects for hidden Stop-and-Go wear. Your Shelllubrication receipt tells what he finds...shows you the Booby Traps before they "explode."

Don't drive a Booby Trap! Protect yourself and your family with a safety Shelllubrication.
