

Local News

TEMPERATURE
Maximum yesterday, 42 degrees.
Minimum last night, 32 degrees.
TODAY'S WEATHER
Temperature: 10 p. m., 33 degrees; 10 a. m., 37 degrees. Velocity of wind: 10 p. m., 9 miles; 10 a. m., 5 miles.

Mrs. Jack Arney, 1374 Columbia, spent last week-end in Portland visiting Mr. and Mrs. Milton Strum and family. Strum, who is Mrs. Arney's uncle, completed 15 months of training in radar and was recently graduated at Treasure Island. He was on leave, awaiting assignment to overseas duty.

Arrested on a charge of passing worthless checks, Sam A. Humphrey was held for grand jury action, at a hearing Tuesday in the court of Wilson George, justice of the peace. Humphrey's bond was set at \$500 and he was released.

Mrs. Eli Misner, 205 Yew lane, had a surprise birthday by the unexpected visit of her daughter, Mrs. Charles Davis, of Portland. Mrs. Davis is also visiting for a few days with Mrs. Harry Shum, 1455 Cumberland avenue. Mrs. Davis is a former Bend resident.

Mr. and Mrs. Ford Hunnell have named their son, born at the St. Charles hospital on April 19, Jonathan Ford Hunnell. Hunnell is Alien school principal. Mrs. C. W. Hitchcock and daughter, Mrs. R. S. Walters, were in town today from Sisters. They were accompanied by Mrs. Hitchcock's sister, Mrs. Elsie Gross of Richmond, Cal.

Guests of Mr. and Mrs. Walter Minter last week included Mr. and Mrs. Bruce McMeen, Miss Eunice McMeen and Miss Ramona Ramsay, all of Prineville, and Pvt. Bill McMeen, who spent a 15-day furlough from Ft. Wolters, Tex., visiting his parents in Prineville. Pvt. McMeen was to report to Camp Ord, Cal., for reassignment.

The Women's Evening Fellowship meeting of the First Presbyterian church will be held tonight, rather than tomorrow night, as was erroneously reported in The Bulletin yesterday.

Cpl. Clarence Raper, army air corps, arrived Monday evening to spend a 15-day furlough with his wife and children, Ronald, 3, and Gerald, 5, at their home at 644 E. Marshall. Cpl. Raper, who has been stationed at the air base in Las Vegas, Nev., is a son of Mr. and Mrs. Alma Raper of this city.

Mrs. Del Sharp and daughter from Prineville were shopping in Bend Tuesday.

Calvin Sherman was in town today from his ranch in the Crooked river district.

A meeting of Boy Scout troop No. 20 will be held in the basement of the church.

Eagles Auxiliary regular meeting Thursday evening, 8:00 p. m., Moose Hall. Nomination of officers. All members urged to attend. Lunch after meeting. Adv.

I am not responsible for any bills made only by myself. ROBERT E. FIELDS. Adv.

Not responsible for bills contracted by anyone other than myself. JAMES FIELD. Adv.

Services Are Held For Theodore Aune
Tribute to an old time Bend resident, Theodore Aune, who died Friday evening, victim of a sudden heart attack, was paid by scores of friends when funeral services were held yesterday afternoon from the Niswonger & Winslow chapel, with Rev. M. A. Thompson of the First Lutheran church in charge. Serving as pall bearers were old time residents of Bend, E. T. Gerrish, R. M. Smith, R. H. Fox, Steve Steidl, E. A. Sather and Hans Stagsvold.

Burial was in the family plot in the Pilot Butte cemetery, near the graves of Mr. Aune's parents, Arnt and Anna Aune, and his brother, George Aune.

Mr. Aune, a native of Norway, had been a resident of Bend since 1902.

Paper wrappers on tomatoes during shipment in cold storage should be removed when the tomatoes are placed in a warm room to ripen because the cold vegetable causes moisture to condense in the paper which helps decay organisms.

Youth Club Notes

By Ruth Ann Terlisner
Officers of the day have been asked to see that all their duties are fully taken care of before leaving the club. If any of the following are unable to be there at their designated time please notify Miss Jackson:

Sunday — Vilda Suttle, Mary Alice Galt.
Monday — Don McCauley.
Tuesday — Harold Smith.
Wednesday — June Alfrey.
Thursday — Ruth Ann Terlisner and Barney O'Doherty.
Friday — Joann Bousha, Bob Sutton and Barbara Terlisner.

All members of the youth club are thankful to Mrs. E. B. Hogan for her donation of a ping pong table. It would be appreciated if any others could be made available.

All the committees are working hard on the big May dance to be held May 12. It seems they've really got surprises in store for those who attend. The program is sure to be a big success, so let's plan ahead to attend the club on May 12 and see what's in store for us.

All ping pong players are asked to play one game only in succession. The other fellow waiting around would like to have a hand at play himself, so let's give everyone a fair chance.

Do you want to join the ping pong club? If so come down next Tuesday and sign up. All members will be obligated to attend every Tuesday, participate in the tournament and play at least two games during ping pong night. If you can hold a paddle at all let's see you there on Tuesdays.

A system of planning a program for every week-end is being worked on now. If you have a friend or if you have any talent of any kind be sure to let Joann Bousha, social chairman, know about it. She's sure to make good use of it. Why, it could even mean the first step to Hollywood, so come on dig out your talent and let's see what you can do.

Sgt. Glen Price, who is stationed at the Portland army air base, is here spending a few days visiting his parents, Mr. and Mrs. Harvey J. Price, 1925 West Second street, and sister.

Mr. and Mrs. Claude H. Metz, 200 Georgia avenue, have returned from Portland where they visited their son, Pvt. Wayne Metz, and family.

The Thursday Book club will meet at 2 p. m. tomorrow at the home of Mrs. Clarence Ives in Carroll Acres, instead of at the home of Mrs. P. R. Riedl, it was announced today.

Dance every Friday night at Carroll Acres. Music by the Night Owls. City bus will leave half last time at 12 midnight. Adv.

Eagles Auxiliary regular meeting Thursday evening, 8:00 p. m., Moose Hall. Nomination of officers. All members urged to attend. Lunch after meeting. Adv.

I am not responsible for any bills made only by myself. ROBERT E. FIELDS. Adv.

41st Division, in Quick Blows, Seals Fate of Nippon Hordes

HQ., 41st Division, Philippines, April 25 — In a combat-crowded total of 34 historic days the famed 41st infantry division has swept the Japanese forever from an area of 136,200 square miles rectangular across the western and southwestern approaches to the Philippines.

In a large sense, the gains scored during these jack-hammer drives are as sensational as any yet achieved in the Pacific by a single division in a limited time.

In accomplishing four distinct and resoundingly successful amphibious operations in 34 days, the 41st established a record unequalled in World War II.

Maj. Gen. Jens A. Doe's three-year-overseas veterans of six southwest Pacific battles were whistled into the Philippines when time chimed to strike those islands which are largely mazes of jungled undergrowth. Here were the traditional battlegrounds of the 41st, which has grown ancient in the art of jungle warfare.

The first of the series of lightning lunges was arrowed at stringbean-shaped Palawan, westernmost isle of the Philippines and its most strategic reach.

Doe dispatched one of his crack combat teams under Brig. Gen. Harold Haney. The strike, on Feb. 28, rocked the Japanese by surprise and the island was conquered.

A second punch, directed by Doe himself, was the initial invasion of Mindanao. Landing in the teeth of determined opposition, 41st stayed in stout enemy defenses and new-broomed the Zamboanga peninsula.

Accelerating the pace, an element of the division hit Basilan island March 16, in three days completely secured it. On April 2 the 41sters, beginning to feel quite as much at home on a beachhead as long ago they did in their backyards, landed on the off-end tip of Tawitawi and seized control more rapidly than even they did on Basilan.

In this four-ply push the highlights of the 41st accomplishments are:

The two airdromes on Palawan are within fighter range of Indo-China and a flat 1,000 miles from Singapore—the nearest allied approach to the former British bastion. From Palawan's plateau the south China sea is completely dominated, and all Japanese shipping between the homeland and fabulously rich Malaya, Java, Sumatra and Borneo automatically ceases.

The Sulu sea is forever condemned as is the sprawling, windmill-shaped Celebes isle. Borneo, almost visible across the 30 miles from Tawitawi, contains 25,000 hopelessly rat-trapped troops.

On Palawan more than 1,000 Nipponese were killed or scattered into the mountainous wilderness.

Stettinius met there with Foreign Secretary Anthony Eden of Great Britain, and Foreign Commissar V. M. Molotov of the Soviet Union.

It looks, the United Press was informed, as though the Russians intend to stand pat on their demand for acceptance of their handicapped Polish government.

Report Made
The United Press was informed that Stettinius made a complete and unpromising report on the Polish question when he arrived here yesterday from Washington. The secretary of state was probably reported to have told other members of the American delegation that no progress toward solution of the Polish deadlock had been made during preliminary discussions in Washington.

Christian Church Calls New Pastor

Rev. Len Fishback, pastor of the First Christian church in Roseburg, has been called to accept the pastorate of the First Christian church in Bend, it was announced here today by H. I. Hanson, chairman of the deacons, and Frank Ramsey, chairman of the elders. The congregation, on Sunday, voted unanimously to ask Rev. Fishback to accept the local post, succeeding Rev. W. I. Palmer, who resigned.

The congregation sought to retain the services of Rev. Palmer for the balance of the year, but he declined, stating that he was going to retire here, after 32 years as a minister, and three at the Bend church. Members of the church voted unanimously to back Rev. Fishback if he would accept the local pastorate.

If Rev. Fishback accepts the position, he is due to arrive here on June 3, when the mortgage on the church is slated to be burned.

Fish Eggs Swamp Up River Crew

Fish eggs are literally swamping the two-man crew taking roe at the mouth of Snow creek at Crane Prairie, it was reported today. Already 600,000 residue eggs have been taken, and Vallard Stokoe, employe of the state fish and game department, estimates that at least 6,000,000 eggs might be taken if he can obtain more help.

Several Bend men were planning to go to the scene and assist. The eggs are destined to be taken to the Fall river hatchery.

Peace Parley

(Continued from Page One)

national gathering such as this. That was the occasion of the Washington arms conference which undertook in 1922 to start a war-weary world toward disarmament.

Meets in Sorrow
This conference, conceived by the late Franklin Delano Roosevelt, meets in sorrow caused by his death. But the 300-odd delegates find an inspirational text in the late president's words on the occasion of his last public appearance on March 1. He then told a joint session of the congress:

"The structure of world peace cannot be the work of one man, one party or one nation. It must be a peace which rests upon the co-operative effort of the whole world."

In that spirit these delegates approached the differences raised among them. Their goal is to prepare "a charter for a general international peace and security."

History Traced
The United States, Great Britain, the Soviet Union and China jointly on March 5 invited the 41 other members of the United Nations to meet here today for that purpose. Last autumn in the Dumbarton Oaks conference, the sponsoring powers devised a tentative charter for the world security organization. It is the basis upon which the delegates begin their work today.

This is not a peace conference—like the World War I Versailles conference—at which the fate of the vanquished and the will of the victors is to be written into a formal compact. This conference has only one purpose. That is to draft a charter for collective action to safeguard peace. That charter ultimately will be submitted to various United Nations for ratification. In the United States it will be submitted by Truman to the senate.

Scene Dramatic
The proposed world security organization will not be called a league of nations. But it is similar in purpose and outline to the luckless league which was conceived during World War I by Woodrow Wilson.

It is a colorful and dramatic scene. All the nations, big and little are here except the enemy, the six neutrals and a half a dozen others whose status either is undetermined or in dispute.

Disputed are the rights of Poland and Argentina to be seated here. Representatives of neither will be present. British and American opposition to seating representatives of the Russian-sponsored Lublin government of Poland apparently has reached a conference-opening stalemate.

Report Made
The United Press was informed that Stettinius made a complete and unpromising report on the Polish question when he arrived here yesterday from Washington. The secretary of state was probably reported to have told other members of the American delegation that no progress toward solution of the Polish deadlock had been made during preliminary discussions in Washington.

INDUSTRY'S WHEELS... TURNED BY FARMERS!
A Wall Street Journal Industrial Report
This is the story of sensational production of planes and other war materiel by farmers and villagers... in the plants of Wichita, Kansas.
Wichita ranks first in output of Superfortresses... has built thousands of other war planes... 31% of all Army trainers... 74% of all twin-engine trainers.
Its workers have won twenty efficiency citations from Army, Navy, and Maritime Commission. Not a strike in five years! And an absentee record far below the national average!
These are among the facts you would have got from The Wall Street Journal's recent short, meaty report... along with answers to such questions as:
Training time required? Mechanical aptitudes? Emotional stability?
Does this report suggest postwar possibilities to you? It is one of those appearing in The Wall Street Journal every day—significant studies of America at work.
The Wall Street Journal brings you the news that matters—briefly, factually, interestingly... important news of Government, of commodities and markets, industries and corporations.
It is the complete business daily... has largest news staff and is the only one with services of all four big press associations. To read it protects you against loss of time, loss of money, loss of indispensable information.
Printed and published daily right here on the Coast so that you get vital business and Washington information immediately.
