# War-End Hope **High in World** In Late 1944

Allies made ready for victory during October and November, 1944. The war will be over by Christmas, was an often heard prediction. Freedom's hopes were high throughout the world, as powerful forces drove for a show down battle on the broad Cologne plains, a battlefield which still lay covered with snow on Christmas eve

mas eve, On Oct. 11 Lt. Gen. Courtney H. Hodges' U. S. First army closed a vise around Aachen. Hodges gave the German commander his gave the German commander his choice between surrender and complete destruction. The Ger-mans answered by attempting to break through American lines surrounding the embattled garri-son which had turned the rail-road junction city into a hedge-hog-barrier, hampering American advances on the Cologne plains. The defense of Aachen, like that of Metz, to the south, and that of Metz, to the south, and the shores of the Schelde estuary guarding the approaches to Ant-werp in the north, doomed thou-sands of Correspondence thousands of German expendables, as part of the German general staff's
