New York, May 8 (II) — The tock market took V-E day in its tride after a brief reaction and noved higher on a broad front. Dealings lightened compared with ecent sessions.

4. first the market was highly

At first the market was highly At first the market was highly elective. There was some selling in the so-called war groups and ome buying in the peace issues. Finally traders stepped in and ought indiscriminately but in modest amounts. War and peace tocks showed a majority of plusigns when the session ended. Gains in stocks ranged to more than two points. Non-ferrous methylissues were the strongest with the highs in International Nickel and American Smelting. Anaconta equaled its, high. Steels held steady to firm.

steady to firm.

Utilities, rated high in the peace groups, moved higher and their average set a new top since April 21, 1937. Building issues, ac-E. Revere. GOOD USI ive from the start, held their burn after early advances, Oils lymed with few exceptions, Motors encountered some profit-taking and were little changed on the lay.
