

# Long Work Week Being Suspended

Washington, May 9 (AP)—The suspension of the 48-hour week in areas where the labor supply is equal to demand is expected to be announced shortly by the office of war mobilization and conversion.

Fred M. Vinson, OWMR director, is expected to make a statement on the 48-hour work week at his press conference today. It is understood that war manpower commission has made the following recommendations to OWMR:

1. Suspend the 48-hour week in plants and areas where the labor market has loosened up.
2. Release controls on women workers now frozen to their jobs and on the workers in areas where there is an adequate labor supply.
3. WMC retains control only over labor shortage areas and re-classify all areas into two groups—labor shortage areas and labor surplus areas. WMC now classifies areas into four groups of varying labor needs.

**List Being Cut**  
Within three months there will be only "12 to 20 communities where labor is tight," according to WMC authorities. As of May 1 WMC listed 215 communities as labor shortage areas.

WMC has already begun to cut this list. San Francisco, Detroit and Bristol, Conn., were listed May 1 as approaching a balanced demand-supply situation for the first time since WMC controls became effective. These three great production areas have been listed for months as critical labor shortage centers.

# V-E Celebrants Face Court Trip

Overzealous celebration of V-E day yesterday caused the arrest of four men on charges of intoxication, it was reported by Bend police today. Officers Fred Painter and Robert Houtchens said

Poor Digestion?  YES  NO  
 Headachy?   
 Sour or Upset?   
 Tired-Listless?

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly. Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable. Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better. Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 25¢.

# Youngster Beaten By Older Youths

Bend police today were on the trail of a small band of youthful "gangsters" who have attacked at least two other boys, and caused other boys to report their fears to police.

Twice yesterday, according to police, the young mobsters struck in the city, but on each occasion escaped arrest.

George Van Sickle, 12, a carrier for The Bulletin, and who resides at 287 Jefferson place, was reportedly waylaid in the 200 block on Colorado avenue. According to reports, two larger boys grabbed him, took away his newspaper collection book and cap, and let the air out of his bicycle tires. A man coming down the street was said to have interceded, and the older boys fled.

**Grab Second Boy**  
Just before this incident, Officer Chester Nordstrom was called to a point between the Westminster Presbyterian church and the Newport avenue bridge. It had been reported that three boys, about 16 years of age, were dragging another smaller boy toward the bridge abutment, presumably to "beat him up." The policeman said that he was unable to find trace of either the victim or the would-be-attackers.
