These men can tell you why the 7TH WAR LOAN is the BIGGEST yet!

You are being asked to lend more money than ever before—in the 7th War Loan.

These men can tell you why.

They can tell you of the need for supplies and ammunition needed to lick the Japs.

They can tell you of the enormous number of tanks, guns, planes that are required—of the huge ships needed to transport our troops.

Our troops need equipment right now in the Pacific, not months later when it can be shipped from Europe and they can tell you why.

They can, in short, show you 101 ways in which your dollars are needed more than ever to bring America's might to its full strength—so that we may crush our foe the faster, make an end of killing, and bring our men back home.

Will you tell these men "I can't afford to buy my share"?

Any man now active in the armed forces can show us why our money is needed — **more** money than before.

And other men can show us something, too.

They're the men with twisted, crippled limbs . . . with clever iron hooks instead of hands. The blind men . . . the men with scarred, seamed faces. And perhaps worst of all, the

men with blasted, darkened minds.

They can show us, clearly, how small is any sacrifice we make in lending money.

If you have an income, whether from work, land, or capital, you have a quota in the 7th War Loan. Find out what that quota is — and make it!
