Friendly Enemy Attitude to End

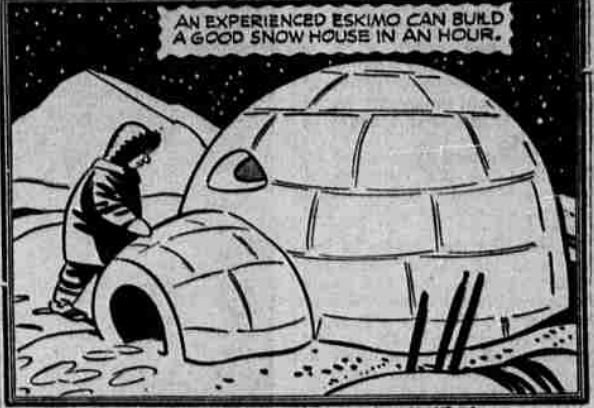

Paris, May 14 (U)—Gen. Dwight D. Eisenhower announced today that "drastic measures" had been set in motion to end any treatment of high Nazi and German officials as "friendly enemies." Eisenhower's statement followed criticism by French and other commentators of what they called preferential attitude adopted by American army officers toward reichsmarshal Hermann Goering. "The generous Americans invited him to lunch," one Paris radio commentator said. "One could think we are back in the old days when opposing leaders were bowing to each other."

Orders Violated "Any such instance has been in direct violation of my express and long-standing orders," he said. "Drastic measures have been set in motion to assure termination of these errors forthwith." "Moreover, any past instances of this nature are by no means indicative of the attitude of this army," but are the results of faulty judgment of the individuals concerned, who will be personally acquainted with expressions of my definite disapproval. "In the name of this great force and in my own, I regret these occurrences."
