

Grange Urges Use Of Camps By Vets

Use of abandoned army camps for the hospitalization of patients of world war II, thus providing better care and relieving congestion in present hospitals, is urged in a resolution adopted by the Deschutes county Pomona grange...

To Ask Aid "Be it resolved that it is the recommendation of this meeting that our congressmen be asked to provide our veterans with hospitalization in these abandoned camps equal to the excellent care they are now receiving in the regulation army, navy and marine hospitals."

The grangers voted to ask all granges in the state to write the Oregon delegation in congress to act pursuant to the resolution, and ordered that copies of the resolution be forwarded to the secretaries of all Pomona and subordinate granges in the state.

Members of the grange were also told by County Agent Howard Smith that Central Oregon faced the possibility of losing its number one rating for potatoes, unless growers religiously plant certified seed.

At the meeting, plans were also discussed to ask the state grange to choose Bend as its meeting place either in 1946 or 1947.

Agent Smith also told members of the granges that plans were progressing for the 4-H summer school at Corvallis, a summer camp at Suttle lake, and achievement day to be held in Bend.

Sessions of the Pomona meeting were presided over by Mrs. Nellie Allen, master, who introduced two guests, Mrs. Mary Harris, deputy state lecturer, and Mrs. Mary Kruger.

In the evening a class of 14 was initiated in the fifth degree. During the day and evening entertainment was provided, including a seating drill by the Pine Forest juvenile grangers.

Road Plans Due For Discussion

With officials of the state highway department in attendance, a meeting of the second district, Association of Oregon Counties, will be held in Prineville tomorrow, it was reported here today. Attending from Bend will be County Judge C. L. Allen, Commissioner E. E. Varco and A. E. Stevens, and County Roadmaster George McAllister.

Besides the Deschutes delegation, county officials from Klamath, Jefferson, Crook, Lake and Harney counties, comprising the second district, are scheduled to participate in the sessions.

Oscar Cutler, assistant state highway engineer in charge of secondary and county roads, and H. G. Smith, construction engineer for the highway department, are slated to meet with the county officials.

Principal topic for discussion at this session, it was reported, will be post-war road construction, and how the counties will participate in federal road construction funds earmarked for peace time use.

The Association of Oregon Counties meet several times a year, debating such problems as taxation, road construction and other matters pertaining to county courts.

Mortality Rate Low Among Island Wounded 10th Army Headquarters, Okinawa, May 15 (AP)—The mortality rate among wounded on Okinawa is under three per cent, Col. Fred W. Westervelt, army surgeon of Carlisle, Pa., said today.

He said Okinawa had the best medical set-up of any Pacific operation. He also praised the speedy evacuation system through which more than 6,000 wounded have been flown to Guam.

LEGAL NOTICES

Notice of Timber Sale Sealed Bids, in duplicate, on forms provided therefor, marked outside "Bid Whitewater Logging Unit" and addressed to the Superintendent, Warm Springs Agency, Warm Springs, Oregon, will be received until 2 o'clock p.m. Pacific War Time, July 17, 1945 for the purchase of timber on a tract in Township 10 South, Ranges 9 and 10 East, and Township 11 South, Range 9 East. The unit includes about 18,422 acres with an estimated stand to be cut under the light selection method of 75,000,000 board feet, log scale, of ponderosa pine, sugar pine, and western white pine, of which ponderosa pine is more than 99 percent of the total. In addition to the pine, the unit contains about 46,500,000 board feet of Douglas fir, larch, cedar, and other species but these will not be cut except as necessary in clearing roads, construction of bridges, camps and other logging development purposes. All timber of these species cut prior to March 31, 1946, will be paid for at two dollars per thousand feet B.M. Scribner Decimal C Log Scale. Each bid must state the price per thousand feet, Scribner Decimal D Log Scale that will be paid for ponderosa pine, sugar pine, and western white pine timber that will be cut and scaled prior to March 31, 1946. Prices subsequent to that date are to be fixed by the Secretary of Interior in accordance with the procedure described in the contract. No bid of less than five dollars and twenty-five cents per thousand feet B.M. for the ponderosa pine, sugar pine, and western white pine will be considered. Bids will be limited to the maximum prices

allowed by the Office of Price Administration under its "Maximum Price Regulation 460—Western Timber" which became effective as of August 31, 1943. This regulation is on file in the Office of the Superintendent, Warm Springs Agency, Warm Springs, Oregon, and is available for review. Each bid must be accompanied by a certified check on a solvent bank in the amount of \$20,000.00 payable to the Superintendent, Warm Springs Agency, Oregon. The deposit will be returned to unsuccessful bidders, applied as a part of the purchase price of the successful bidder, or retained as liquidated damages if the bidder shall not execute the contract and furnish satisfactory bond for \$20,000.00 within sixty days of notice of acceptance of bid. The right to waive technical defects and to reject any and all bids is reserved. If more than one bidder submits the maximum bid allowable under O.P.A. regulation 460, the contract may be awarded to the bidder most in need of timber for the continued production of lumber for war purposes. This sale is being made for the purpose of preventing serious losses from beetle attack and the contract will require the payment of cash penalties for failure to comply with minimum cutting requirements except when relieved therefrom by the officer approving the contract. The contract will specify that all designated timber shall be cut and removed from the unit prior to April 1, 1954. It will be necessary for the successful bidder to transport logs and equipment to and from the Whitewater Logging Unit across National Forest lands. All bidders should contact the Forest Supervisor, Deschutes National Forest, Bend, Oregon in regard to access road construction requirements. For copies of the contract, regulations, map of the sale area, blanks for submission of bids, and other information, apply to the Superintendent, Warm Springs Indian Agency, Warm Springs, Oregon. Dated this 15th day of May 1945. Oscar L. Chapman, Assistant Secretary of Interior. 139-145-150-2-8-14c
