

Diplomas Given 8th Grade Pupils In Bend School

Bend pupils awarded 8th grade diplomas this year number 127, compared with 133 last year, Superintendent Howard W. George of the local system has announced. In keeping with a long-established custom, no special exercises marked the awarding of the diplomas, which were distributed by junior high teachers. Most of the youngsters will enter senior high school next fall, it is expected. The children were formally "seated" as a part of the 1945-46 Bend high school student body at exercises last week end, when all classes moved up and the eighth grade students "moved in."

Michigan Wins Big Ten Titles

By Walter Byers (United Press Staff Correspondent) Evanston, Ill., May 25 (UP)—It was all Michigan today as the Big Ten conference reached the climax of its 1945 athletic season. Big Ten championships in golf, tennis and outdoor track will be settled today and tomorrow with Michigan—defending champion in each sport—an odds-on favorite to sweep the three titles again this year.

Opening rounds in the golf and tennis competition get under way here at Northwestern today with the finals scheduled for tomorrow. The 45th annual Big Ten track and field carnival will be run off tomorrow at the University of Illinois, the preliminaries in the morning, the finals in the afternoon.

Michigan's tennis team, rated as strong as last year's champion, hasn't been extended in swatting its way to six straight victories this spring. As a final tuneup, the Wolverines defeated Ohio State, 7-2, last Saturday to whip its roughest 1945 challenger.

Gulf Team Wins With comparable ease, the Michigan golf team won 12 out of 13 matches this season. Its only defeat was administered by Ohio State but the Wolverines avenged that one by trouncing the Buckeyes, 19-8, Saturday.

Northwestern and Ohio State may give Michigan some trouble during the 36 holes of championship medal play, but the Wolverines are heavy favorites to win their fourth consecutive golf title. Leading the Michigan link brigade are Johnnie Jenschold, defending individual champ, and Phil Marcellus, who has been consistently under scoring. Jenschold all spring.

It's the same story on the cinders. Michigan has such overwhelming power in the distance and middle distance events that there isn't a team rated strong enough to keep pace with the Wolverines.
