Railroad Shares Make New Gains

By Elmer C. Walzer (United Press Financial Editor

(United Press Financial Editor) New York, May 26 (12) - Rallshares advanced to new highs for more than eight years today to feature a firm, moderately active stock market session.

Several individual features stood out in the other sections of the market. Sears Rocbuck spurt-ed more than 5 points on rumors the stock will be split up. Philip Morris gained more than 4 points on announcement of a 2-for-1 stock split. American Can rose 3 points and Du Pont 2½. stood out in the other sections of

points and Du Pont 2½.

The rise in rails began late
Thursday and has been increasing in momentum since then. The
stocks responded to improved
earnings, higher dividends in some instances and estimates of a good year ahead. The rail strength in turn stimulated buy-

ing in other sections of the list. New York Central featured the market in volume. Also active were Delaware, Lackawanna & Western, Baltimore & Ohio, Le high Valley, and Northern Pacific which made new highs, Nickel which made new highs. Nickel Plate gained 2½ points. Pullman made a new high in a better rail equipment market
