

# Pirates and Cubs Vie for Chance at 1st Place Giants

**By Carl Lundquist**  
(United Press Staff Correspondent)  
New York, May 29 (UP)—There was a mathematical housing problem in the National league today that may get worse—the Pirates and Cubs are trying to live on the same percentage point and both want to move in on the elite first place Giants.

Currently tied for second place with 17 victories and 14 defeats apiece, Chicago and Pittsburgh have begun to play the brand of ball that was expected of them at the start of the season. The Pirates now are riding a seven-game winning streak after getting off to such a slow start that their home fans rebelled against them with a wild demonstration when they lost an early season double header. The Cubs made good headway to begin with, then slumped into the second division, and now are beating their way back. They have won four in a row and seven of their last eight games.

**Pirates Win**  
It took the Pirates only one inning to make it victory number seven in the string yesterday as they finished Sunday's business by beating the Giants, 11 to 5. Play was suspended in the eighth because of the Sunday Pennsylvania curfew law and Xavier Rescigno held the Giants to one hit in the ninth after the Pirates made a run in the eighth yesterday. That gave them a sweep of the double bill, in which they took the first game, 16 to 4, for a total of 27 runs and 23 hits against the leaders. Yesterday's regular game was called off after four innings with Pittsburgh ahead, 2 to 0.

Paul Derringer beat the visiting Dodgers, 5 to 3, to enable the Cubs to keep pace with the Bucs. It was his sixth victory. He had only one bad inning, the third, when the Dodgers made three runs on three singles and Dixie Walker's double.

**Reds Top Boston**  
The Reds won their third extra inning game in as many starts this year, topping Boston in the 12th, 2 to 1, on Eddie Miller's third hit, a single which scored Frank McCormick. Rookie Howard Fox, last of three Red pitchers, was the winner, beating Nate Andrews, who went all the way. Tommy Holmes got Boston's only run, a first inning homer.

The Chicago White Sox, who left home in first place and promptly ran into a six-game losing streak, ended it against the Red Sox, getting some much-needed hits to win, 8 to 6. Veteran Tony Cuccinello, with a double and three singles for a perfect batting day, led the 15-hit attack.

Philadelphia at St. Louis in the National and St. Louis at New York, Cleveland at Philadelphia, and Detroit at Washington in the American were rained out.

# Oakland Acorns Bid for League

**(By United Press)**  
The Oakland Acorns may make a strong bid for the Pacific coast league starting tonight when they open a series with the sixth-place San Francisco Seals while Portland and Seattle, the two top clubs, try to kill off each other.

Oakland, now four games off the pace in fourth place, has one of the strongest pitching staffs in the league. The offense department is led by two players who have turned down chances to play in the major leagues—Les Scarvella and Jake Caulfield.

The eight-game series at Seals stadium will be highlighted by the appearance of Sad Sam Gibson against his former teammates. Gibson was released by San Francisco after years of brilliant hurling and feels he has enough stuff left to gain some measure of revenge against Lefty O'Doul's men.

Portland holds only a one-half game margin over the second-place Seattle club which has won 16 out of 18 games in recent weeks.

The improving Hollywood stars entertain the Los Angeles Angels and the Sacramento Solons in the other eight-game series.

# Post-War Game Plans Are Told

Stressing the value of combining a scientific approach with practical practice in propagating fish to build up Oregon's streams, Dr. Paul Needham outlined broad post-war plans of the game department in an address to the Deschutes County Sportsmen's association last night.

Dr. Needham congratulated Oregonians on their wonderful streams and lakes, and on the reserve of native breeding stock still on hand, pointing out that this will form the basis of broad development of the state's aquatic resources as rapidly as labor and feed conditions permit.

First new study of the fisheries department under Dr. Needham will be conducted in the immediate future at Wizard falls on the Metolus where test hatcheries of rainbow eggs from Diamond lake and Crane prairie will be made to ascertain the favorableness of the growing conditions there.

Should the test prove as successful as scientific examination indicates it should be the commission plans to erect a hatchery on the site which will be one of the largest in the state, according to Frank B. Wire, state game supervisor.

Dr. Needham answered a host of questions put to him by his interested audience.

Motion pictures of fishing in Oregon streams and lakes, roat control and other related subjects were shown by Frank Wire.

Members were asked by the game officials to cooperate in checking any catches taken this summer at South Twin lake, where intensive study of the growing qualities of that particular strain of rainbow is being made.

# Aging Pitchers Called to Mound

Cincinnati, May 29 (UP)—There was work to do with National league teammates today for a pair of aging right handed pitchers who were cast adrift by American league clubs.

Manager Bill McKechnie of the Reds said he planned to start 35-year-old Joe Bowman, purchased from the Boston Red Sox, in tomorrow's doubleheader with the Philadelphia Phillies.

Meanwhile, Bob Coleman, Boston Braves' manager, here for a series with the Reds, announced that he had picked up 41-year-old Joe Heying, only grandfather in major league baseball, after his release from the Cleveland Indians.

# Beavers Sell Peterson Back to Frisco Seals

Portland, Ore., May 29 (UP)—The Portland Beavers have sold utility infielder Charley Peterson back to the San Francisco Seals for an unannounced sum, general manager William Klepper announced today.

Peterson was picked up by the Beaver club last winter to strengthen the infield picture. Since then, Peterson has handled a variety of assignments for the Portland club. Last week the handy ball player even worked behind the plate. The transfer of Peterson was a straight cash transaction.

# Dodgers' Boss Is Fined for Oaths

Chicago, May 29 (UP)—It looks like another long and expensive summer for Lippy Leo Durocher, who daily is growing hotter under the collar as his Dodgers grow colder on the playing field.

Leo just can't bear to lose ball games and with the sun getting warmer and his Dodgers skidding further down the standings, Durocher promises to be his same old self this season—baiting the umpires and paying for the privilege.

**Cussing Is Hit**  
Today Durocher had a telegram from president Ford Frick of the National league informing the scrappy Dodger manager that he owed \$75 for using "profane and violent language" during a conversation with umpire Bill Stewart Sunday.

Never a man to take a beating quietly, Durocher let off steam Sunday by protesting Stewart's decision on a strike in the first game of a doubleheader with the Cubs here. He protested for five minutes until Stewart got tired of it all and thumbed him out of the game.

Up until eight days ago, Leo was a model manager. His Dodgers were in second place with 17 victories in 24 games and everything was right with the world.

Then the bubble burst. On May 29, the Cubs swept a doubleheader from the Dodgers before a jam-packed Brooklyn crowd at Ebbets field and the flabushers haven't recovered from that humiliation yet.

Philadelphia at St. Louis in the National and St. Louis at New York, Cleveland at Philadelphia, and Detroit at Washington in the American were rained out.

# Newcomb Plans Lake Fish Study

After time-out of almost three years while in the military service, Ross Newcomb has returned to his former job as biologist for the state game commission and will conduct a biological survey of the fish life in South Twin lake this summer.

Establishing a checking station there, starting tomorrow when the season opens, Newcomb will check the fish taken by sportsmen to ascertain their age, hardness, rate of growth etc. The information thus obtained will be of great aid to the fisheries department in planning future propagation and fish planting activities.

# Asks Angler Aid

Fishermen who make catches at the lake are urged to cooperate by showing their catches at Newcomb's checking stand where the scientific information can be gathered quickly.

Dr. Paul Needham, director of fisheries, and Frank B. Wire, state game supervisor, will be among the interested observers when the season opens at South Twin tomorrow.

Four different plantings of Utah rainbow have been made in the lake since it lay fallow through 1940, after all fish life (consisting almost 100% of chubs) had been killed there the year before.

# TEXAS TITLE UP

Houston, Tex., May 29 (UP)—Gene Spencer of Chicago and Tony Rios of Mexico City will meet in a 12-round bout next Monday night to battle for the open Texas lightweight title.

# Trojan Key Man Out of Air War

Camp Beale, Cal., May 29 (UP)—Capt. Granville Lansell, former all-coast quarterback for the University of Southern California, returned to inactive status Monday and left for his Pasadena home, it was disclosed today.

Lansell, key man on the Trojans' 1939 Rose bowl team, entered the army in 1941 as an infantry private. He later won his wings after transferring to the air force. Assigned to the 12th air force, he flew paratroopers into enemy territory and gained the air medal with one oak leaf cluster.

Lansell also received the French colonial medal for rescuing a general whose plane was downed in the desert 2,000 miles south of Algiers.

# Bing Crosby and Bob Hope Matched for Golf

Indianapolis, Ind., May 29 (UP)—For the first time since Memorial day, 1941, a crowd will swarm over the Indianapolis motor speedway tomorrow to watch a golf match.

The attraction will be Bing Crosby and Bob Hope. The 18-hole match, the proceeds of which will go to the rehabilitation fund of the Professional Golfers association, will be played over the speedway course. Nine of the course's 18 holes are located inside the speedway hippodrome.

# Fishermen, Attention!

Your cooperation is earnestly solicited in completing the scientific study of the new crop of rainbow in South Twin lake. Game department officials wish to know how many fish are caught, how old each is, how much they weigh, what condition they are in. The information will serve as a guide in future fish propagation plans.

## Please Check Your Catch

with Ross Newcomb, game commission biologist, who will weigh them, check age and condition, and return them to you. A checking stand will be established at the lake, where you may check them quickly and conveniently. Please Cooperate.
