Beavers Victors In 6 to 0 Game

The Portland Beavers increased their Pacific Coast league lead to two and one-half games last

night by downing the secondplace Seattle Raimlers, 6-0, behind
the effective mound work of veteran Sid Cohen
The Oakland Acorns pinned
back the ears of the San Francisco Seals, 11-7, as Bob Joyce,
ace of Lefty O'Doul's hurling
corps, went down to his fifth loss
against 10 wins. The improving
Hollywood Stars made it two out
of three against Los Angeles by of three against Los Angeles by a 9-8 count in 10 innings, while the Sacramento Solons stopped in

Sar Diego, 40.

Portland scored four runs in a wild fourth inning to hasten Seattle's downfall. The offense was paced by singles off the bats of Mel Nunes, Larry Barton and John O'Neil.

Oakland couldn't touch Joyce.

Oakland couldn't touch Joyce for five frames, then hopped on him for four runs in the sixth and three more in the seventh. Chet Rosenlund, Norm DeWeese and Tom Hafey each collected four blows.

four blows.

Guy Fletcher scattered seven
San Diego hits as Sacramento
rapped Frank Tincup, Jim Brillheart and Carl Dumler for 11
safeties. It was Fletcher's 10th
victory and he had solid support
from Jesse I sading who swatted from Jess Landrum, who swatted a triple and single in four tries. Joe Mishasek of Hollywood out-

lasted five Los Angeles twirlers. He also scored the winning run in the 10th inning.

Flying Air Fort Crew Chases Bad Storms for 'Fine' Static

By Sam Smith

(United Press Staff Correspondent)
Kansas City, Mo. (IIP) — Capt.
Robert N. Buck, TWA pilot with
a strange wartime assignment of
flying while the birds walk, predicted today that commercial airlines will fly 365 days a year
within a few years after the end
of the war.

(ata.

He said he believed static would not bother the postwar airliners as they operate those 365 days a year.

Despite his years of flying, the Westfield, N. J., fller said he callwithin a few years after the end

hands gleefully when they get bad weather reports.

Can Go Up Any Time
They haunt airport meteorologists for reports, making hour by hour checks when a storm is building up. They carry credentials permitting them to take off at any and all times, just in case some official feels like locking them up and calling the nut them up and calling the nut

them up and calling the nut house.

Buck began flying when he was 15. In 1936, he raised the non-stop world's record flight distance for lightweight planes when he flew from Burbank, Cal., to Columbus, O., skidding in on the belly because he'd dropped the landing gear at Burbank. When he was 16, he broke the junior transcontinental speed record.

Members of his crew are C. O. Johnson, co-pilot, member of the famous "flying Johnson family": Barney J. Dowd, crew chief; Bill Foley, assistant crew chief; Guy Arnold, who was the navigator until he went into the ATC; Phillip W. Couch, radio engineer, and Jerry Jarrard, assistant TWA chief radio engineer. Raiph C. Ayers, the airline's chief radio engineer, flew with them last winter but now works mostly in the laboratory. but now works mostly in the lab-
