Oregon Air Lines Extends to East

Extension of Oregon Air Lines' facilities from Redmond to Burns now places the latter within two hours and 20 minutes from Portland, it was announced recently by Warren A. Ward, president of the air lines.

The new schedule, inaugurated yesterday, calls for the plane, a twin-engined Cessna, to leave the Portland Troutdale airport at 10 a.m., arriving at Redmohd at 11 a.m. and reaching Burns at 12:30 p.m.

As pointed out by Leverett Richards, aviation editor of the Oregonian and a member of the group which made the survey flight last Tuesday, Burns is 12 hours by bus from Portland, 48 hours by train and over eight hours by car.

The office of Oregon air lines is situated in the Butler building, Redmond.

Bend Skiers Join In Fun At Bowl

Bend skiers from three counties, Deschutes, Lane and Benton, joined in a snowy reunion at the Hoodoo ski bowl, high in the Santiam Cascades yesterday, and, so spectators report, just about stole the show", in presenting some skiing exhibitions that amazed visitors.

The occasion for the reunion was the designation of the Bend Ski patrol to take charges of safety at the bowl Sunday. From the University of Oregon came Gene Gillis. Phil and Sam Peoples reported from Oregon State college. Cliff Blann, Olaf Skjersaa, Jim Parr and Sterling McGarvey were present from Bend.

The seven Bend skiers rode their "slats" from timberline to the bottom of the bowl, and cut many salom capers en route. One of their most spectacular feats was a descent on a "seven man front".

Accidents Reduced

Incidentally, the Bend skiers did not spend all their time in play. As a result of the group's careful preparation of the course, the safety record was the best of the season.

Hundreds of skiers used the snow-blanketed bowl through the day. Two inches of new snow made the surface fast.

Aiding the "seven flying skimen" were other regular members of the Bend patrol.

Klamath Marine Barracks To Close

Klamath Falls, Ore., Jan. 21 (UP)—The Klamath Falls marine barracks will be abandoned by the marine corps by June 1, it was disclosed today.

Built for reconditioning and training marines who contracted malaria and filariasis in the Pacific theater, the $6,000,000 post has processed some 10,000 men, now housing 1200 marines, medical corpsmen and navy and marine officers. It is being considered by the veterans' administration for possible reconversion into a hospital.

Cases Treated

Treatment of filiariasis cases particularly distinguished the post after large numbers of infected marines were cured and returned to active duty, writing the disease off the list of major medical problems.

Col. Charles T. Brooks, commanding officer, said that although March 1 has been set as the tentative deadline, it probably will be the middle of May or June 1 before all the marines are moved out.
