

Chance For Tax Reduction Next Year Held Slim

Washington, Aug. 21 (AP)—Chances for any reduction in taxes next year become slimmer today as President Truman made clear that he still believed "sound fiscal policy" demanded that a prospective \$4,667,000,000 budget surplus be used to reduce the public debt.

midyear budget review which also provided his answer to republican claims of budget savings ranging from \$4,000,000,000 to \$7,000,000,000. He said expenditures for the year had been cut only \$528,000,000 below what he estimated in January.

The budget review covered the fiscal year—July 1, 1947, to June 30, 1948.

Income Estimated
Truman reported that the estimate of government income for this period had been increased by \$3,937,000,000 to \$41,667,000,000. Most of this reflected rises in prices and the national income, and was based on their continuation at near current levels.

The revenue hike and the expenditure reduction added up to an estimate of an unprecedented budget surplus of \$4,667,000,000 for fiscal 1948. Expenditures were put at \$37,000,000,000.

The only hope for tax reduction, at least before June 30, now rested in the possibility that re-

Heat Wave Puts Corn At New High

(By United Press)
Weather forecasters said today there was no relief in sight for the nation's parched cornbelt, and corn prices hit an all-time high as the month-long drought tightened its grip on midwestern states.

Almost the entire nation was blanketed by a prolonged heat-wave, but the midwestern farm states were hardest hit and crop damage was spreading.

Farm experts at Des Moines, Ia., estimated that 40 to 50 per cent of Iowa's corn crop already has been lost this year. They said the present drought was not as severe as that of 1936 but that much corn had been lost because spring floods had delayed planting.

As temperatures stuck in the high 90's in Iowa and Nebraska, September corn futures spiraled to a new all-time high of \$2.43 a bushel on the Chicago board of trade. This topped the record of \$2.42 1/2 set Aug. 11.

Continuing his new format with appearances of unusual, theme-typifying guests, Burl Ives will present Lily Wall, 75-year-old balladeer, on his KBND-Mutual Don Lee program tomorrow evening, 8:30 to 8:45 p. m. Miss Wau, who like Burl is an avid collector of ballads and folk songs, will sing the typically American "Dad's Dinner Call" as her solo number on the show.

Peter Barrett, hunting and fishing editor, will be guest on "Fishing and Hunting Club of the Air" Saturday evening, 9:30 to 10:30 p. m. Barrett is planning a unique encyclopedia for anglers a job he figures will take two years and will incorporate within its covers a million and a half words on angling.

Funds Allowed Grazing Offices

Prineville, Aug. 21 (Special)—With the supplemental appropriation for the administration of grazing districts passed by the 90th congress in the last few days of their recent session, the bureau of land management is now in a position to maintain all grazing district offices in Oregon, according to Hugh A. Thayer, local district grazer with headquarters in Prineville.

Previously it had been anticipated that only one district office for Oregon would be maintained, but with the increase in congressional appropriations, it will make possible the retention of not only the office at Prineville, but those at Baker, Burns, Lakeview and Vale as well.

Baseball Team Bait Housing With Passes

Oklahoma City (AP)—Ballplayers on the roster of Oklahoma City's Texas league Indians are among the many city residents hit by the housing shortage.

Faced with an apartment shortage that may cost them some of their top diamond talent, the Indians' management has announced a season pass will be awarded to all persons giving information leading to a dwelling place for team players.

Business manager Harold Pope says he thinks the Indians' players would settle for anything—except a tepee.

Seattle's hostel is aboard a converted pleasure boat, the Atlanta, moored in Lake Union. The craft, anchored in midtown Lake Union, has hot and cold water, a refrigerator, a kitchen with a full size stove, facilities for washing clothes and comfortable bunks.
