Increased Grain Planting Asked

Washington, Nov. 24 (AP)—The government called on the nation's farmers today to produce about 9,000,000 more acres of grain crops next year than were harvested this year.

Secretary of Agriculture Clinton P. Anderson announced the national production goal of 356,000,000 acres for 1948. The goal included 296,000,000 acres of cultivated crops and 60,000,000 acres of hay.

Anderson said the suggested goal would require a "heavy drain on our already strained soil resources." But that is inevitable, he said. "If this nation is to provide a good share of the food needed so desperately by hungry nations abroad."

While the grain goals remained high, reductions were suggested in the numbers of grain-consuming livestock. Next year's goal for production of poultry and eggs, pigs and cattle were set slightly higher than average for five pre-war years.

"Farmers must take all possible precautions to guard against irreparable damage to the land," Anderson said. "In the years to come, there will be an urgent need for greatly accelerated conservation."

FLOOD TOOK ALL

WATER GRAVE—In Noah's day, men quit God and decency to give themselves over to sins unprintable. At length God called them and let loose His wrath in the flood that cleaned the earth. And again, at the close of this present age, the world will accept Satan's Man of Sin and again God's wrath is to be let loose. And except those awful days should be shortened, no man will be left alive on the earth, said Jesus.

ON THE SKIDS—Man is not to overcome his sinful ways by the road of science and education. Nor can he blot out one sin of yesterday by copying Christ's holy life. Then what? It is that for these 2,000 years since Christ, God has been calling out a people to be His own—His riches. Name yourself to have sinned and to have earned BIBLE DEATH—eternal separation from God. Now turn and believe God, that He put your sins on Christ who died for you. Believe and God gives you life eternal. Right now He lifts you out of death into life with Himself. He makes you His own on whom to spend His love in the ages to come.

HIS RICHES—Forty or so Chilese lads meet at the school each evening to study the Bible, with 26 baptized to date. These are God's riches. What are you?
