That's about a penny. The cost per family of an effective ad in this newspaper. And look! What a sales send-off for you... for a penny!
For a penny, or less, you can mingle with one Hometown family, all members of it, and put on your show where and when it will do the most good. It's a selling set-up that's golden, and that's not just a figure of speech.
Statistics show, for instance, that in the eleven Western States, almost 3/4 of the people live in the Hometown Daily Newspaper Market, and make over 2/3 of the retail purchases outside the six largest cities.

Over 90% of the 5,687,000 total circulation of all daily newspapers in the eleven Western States is confined to the city and retail trading zones in which they are published.
