

Local News

BEND FORECAST
Bend and vicinity—fair tonight and Tuesday; high today, 87; low tonight, 51; high Tuesday, 92.

Temperature
Maximum yesterday, 84 degrees.
Minimum last night, 45 degrees.

Today's Weather
Temperature: 10 p.m. yesterday, 56 degrees; 10 a.m. today, 80 degrees.
Barometer (reduced to sea level): 30.17 inches; 10 a.m. 30.20 inches.
Relative humidity: 10 p.m. 76 per cent; 10 a.m. 41 per cent.
Velocity of wind: 10 p.m., 2 miles; 10 a.m., 3 miles.
Prevailing direction of wind: Southwest.

Mr and Mrs. W. E. Sanders, 232 Florida, had as their week-end guests, Mr. and Mrs. W. E. Collin and Mrs. Wayne Graham. Mrs. Graham returned Wednesday to her home in Alaska.

Mr. and Mrs. W. E. Sanders are leaving today for Eugene to visit their son, Herbert Kaufman. E. A. Shark, Coos Bay, was in Bend on Saturday.

Avis Barnes, 2455 Tweet Place, left Bend Thursday for Dallas, Tex., where he will spend two weeks visiting relatives.

L. J. Spragis, Idanha, was in Bend on business Saturday.

Vernon Johnson, Tumalo, returned home Sunday following a two weeks' visit in South Dakota and Iowa.

Two cases of pneumonia in Redmond and one case of measles in Bend were reported to the county health department office last week.

Rachael H. Hellman, Redmond, was a visitor in Bend Saturday.

Mr. and Mrs. Frank Ray, Idanha, visited at Bend and Paulina lake over the week end.

Mr. and Mrs. R. T. Johnson, Redmond, were in Bend Friday. Friday Holmes was re-elected to a three-year term on the local school board at Lower Bridge, according to word received at the county school superintendent's office.

Miss C. C. Taylor and son, Omer, returned Saturday from a two weeks' vacation in California.

C. H. Kemp, Madras, was in Bend on Saturday.

All officers-elect and the escort team of the Women of the Moose will meet tonight at 7 p. m. in Moose hall for installation practice. The installation of Bend and Redmond officers will be held Tuesday night at 8 p. m., followed by a pot-luck supper.

Marion South was in Bend on business from Plainview Saturday.

Miss Oma Gray, daughter of Mr. and Mrs. T. G. Gray of Portland, is in Bend visiting her grandmother, Mrs. Charles Gray. Miss Gray is a former resident of Bend and is a student at Willamette university.

A son was born Sunday to Mr. and Mrs. Earl J. Frazee, 744 Portland, at St. Charles hospital. No name has been chosen. The baby weighed 9 pounds, 3 1/2 ounces.

J. B. Miner, early day resident of Bend, is visiting here from his home in Portland. Miner is president of the Waldo Hills Coal company, a firm which manufactures odorless briquets.

Mr. and Mrs. J. L. Zehner, 934 Norton, are the parents of a boy born today at St. Charles hospital. The baby weighed 6 pounds, 4 ounces, and has not yet been named.

ATTENTION M.W.A. MEMBERS
Please pay your dues by June 30th. H. Marie Moody, Sec'y.

Dr. Nelson, Room 3, O'Donnell Building, Chiropractic Physicians, are moving offices to Burns. Will be in Bend on Tuesdays only in the offices of Dr. Ketchum. Phone 794 for appointment.

Notice to my customers: West Side Barber Shop will be closed from July 6-17th.

BEAUTY SHOPS TO CLOSE
All beauty shops belonging to the Bend Association will be closed Saturday afternoon, July 3 and Monday, July 5 on account of water pageant. Patrons should make appointments to conform with these two holidays. Bend Unit Beauty Shop Owners and Operators, Helen R. Dement, President.

School Election Initiative Filed
Salem, June 28 (AP)—Completed petitions were filed today for an initiative measure that would allow all citizens over 21 to vote in school financial elections regardless of property qualifications. Sponsors said the petitions carried 22,000 signatures, about 3,000 more than necessary. If 18,969 signatures are valid the measure will appear on the general election ballot Nov. 2.

The petitions were filed with the secretary of state by Gertrude Hauk Fariss, Portland, president of the "Right to Vote committee."

Under the proposal, which would amend the state constitution, voters could cast ballots in school elections if they had established residence in a district six months preceding an election. Existing laws permit persons to vote in school elections only if they own property.

Roosevelt Will Head California Democratic Party

San Luis Obispo, Calif., June 28 (AP)—James Roosevelt, a frequent critic of the Truman administration, today controlled the state democratic party, but delegates to the national convention appeared safely on the Truman bandwagon.

Roosevelt was elected California national committeeman yesterday in a meeting in which expected fireworks failed to materialize. Roosevelt's choice, John F. Shelley, San Francisco, was elected chairman of the convention delegation.

The entire delegation, including Roosevelt, signed statements they "preferred" Truman. They indicated a unanimous vote would be cast for Truman on the first ballot with frequent caucuses thereafter to determine strategy. The California delegation is not bound by a unit voting rule.

Today's election left Roosevelt undisputed head of the California democratic party. He also is chairman of the state executive committee. He replaced Edwin Fauley, a strong Truman supporter, as national committeeman. Fauley resigned during the winter.

Roosevelt last fall sharply criticized President Truman's foreign policy and personally was responsible for issuing a state party "declaration of principles."

At a Jackson day dinner he failed to mention Truman and indicated he would favor Dwight D. Eisenhower as the democratic presidential nomination.

Count Reports On Palestine Issue

Rhodes, June 28 (AP)—Count Folke Bernadotte said last night he had completed his "suggestions" for a peaceful settlement of the Palestine problem.

The United Nations mediator said he would forward the proposals by personal envoy to the Jews and Arabs, probably tomorrow.

"I cannot inform you of the contents of my suggestions, and I emphasize strongly that they are only suggestions," he said. Bernadotte said he asked both Arabs and Jews not to make public his "suggestions" until they had replied to them giving their "first impressions."

Both sides will have the right to make counter-suggestions, the mediator said.

He said the field for peaceful settlement of the Palestine problem was open "and both sides have all the facilities of the world to discuss the suggestions and suggest amendments."

He said he would stay in Rhodes a couple of days waiting to hear from his personal envoys on Arab and Jewish reaction.

Union Shop May Cause Court Fight

Washington, June 28 (AP)—John L. Lewis was faced today with the threat of a court fight over the union shop clause in his new soft coal contract.

U. S. Steel Corp. and nine other operators of the so-called "captive" coal mines are being polled on whether to bring unfair labor practice charges against Lewis with the national labor relations board. Industry sources said a decision is expected Wednesday.

Harry M. Moses, chief negotiator for the steel industry, refused to sign a contract worked out by Lewis and the soft coal operators last week because of the union shop provisions. He claims it violates the Taft-Hartley labor law. Under that law, the union shop is forbidden unless a majority of employees vote for it in an NLRB election. But Lewis can't petition for an election because he has refused, on principle, to sign a non-communist affidavit which is a prerequisite.

The union shop clause in Lewis' new agreement stipulates that all employees "shall be, or become, members of the United Mine Workers" except in certain classifications.

The meetings today were between CIO longshoremen and the Waterfront Employers association, and the Independent Firemen's union and the Pacific American Shipowners' association.

Other meetings will take place tomorrow and Wednesday between employers and three other maritime unions involved, the CIO marine engineers, AFL radio officers and CIO cooks and stewards.

Maritime Heads Slate Meetings

San Francisco, June 28 (AP)—Federal conciliators arranged for two meetings between maritime unions and employers today in an effort to forestall a west coast shipping strike scheduled for next Sunday.

The meetings today were between CIO longshoremen and the Waterfront Employers association, and the Independent Firemen's union and the Pacific American Shipowners' association.

Other meetings will take place tomorrow and Wednesday between employers and three other maritime unions involved, the CIO marine engineers, AFL radio officers and CIO cooks and stewards.

Dope Makes a Holiday

Shanghai police hop right on the job of celebrating Opium Suppression Day with a big bonfire of opium, poppy burs, opium pipes, lamps and boxes. A large crowd of Chinese gather in Bund Park to get a whiff and watch the proceedings. Similar ceremonies are held in every city in China.

Magazine Shows Midstate Scenes

Central Oregon scenic spots, including the Smith rock overlooking Crooked river gorge and the Three Sisters, are pictured in the current issue of Pacific Pathways, published in Los Angeles, Calif. The colored picture of the Smith rocks occupied the entire back page of the publication.

Highest temperature recorded here in May was 79 degrees. Yesterday's mid-summer weather brought the biggest crowds of the season to resorts, lakes and picnic grounds. At East and Paulina lakes in Newberry crater, fishing crowds were reported to have been among the largest in history. All picnic areas along the Deschutes above and below Bend were occupied and Bend's Shevlin park saw a large number of visitors.

The main picture of the Three Sisters, taken from the west. However, persons acquainted with the Central Oregon mountains may have some difficulty in recognizing the picture. Through some engraving mixup, the Sisters are shown in reverse, with the South Sister holding the anchor position at the north of the mountains.

Bend receives mention in the article, and the Mount Multnomah theory of the creation of the Three Sisters is cited.

Earthquake

(Continued from Page 1)

throughout the area, indicated that Fukui city was the hardest hit.

The ministry of communications in Tokyo was informed that Fukui, a city of 85,000 residents, was "virtually wiped out," except for two or three buildings. Still standing were a government building, the telephone office and the broadcasting station.

Otherwise, fires that probably got their start from charcoal burners roared through the flimsy paper and wood dwellings, reducing them to ashes.

Other cities severely hit by the quake were Kanazawa, with a population of 200,000, Daisho-Jimachi and Tsuruga.

Fires were reported burning in Kanazawa, but an American communications official quoted Japanese police as saying the situation there was under control.

Daisho-Jimachi, however, fared worse. Jiji news service said reports received from the Nagoya railway told of "300 casualties," but did not specify the number of dead and injured. One-third of the buildings in that city collapsed.

At Wishram, Wash., Klickitat county sheriff C. L. Winters said that the body of Edward Alonzo Goltz, 45, Patterson, Wash., had been recovered from the river there. He had been stabbed, police said. Goltz was an employee of the Spokane, Portland & Seattle railroad and had last been seen drawing his paycheck at Wishram on June 19.

Planes Rushed To Berlin Area

Washington, June 28 (AP)—The air force planned to begin flying some 39 big transport planes to Germany today to help shuttle supplies into Russia-blockaded western Berlin.

The planes, four-engine C-54 Skymasters from Texas, Alaska and the Caribbean, are being rushed to Frankfurt at the urgent request of Gen. Lucius D. Clay, American commander in Germany.

The air force announcement said three squadrons of C-54s, "approximately 39 planes, would take off for Frankfurt as quickly as the planes can be readied for flight. Beginning today they will hop the Atlantic singly, in pairs or in larger groups as they are put in shape.

The air force said another squadron of about 13 C-54's will leave Hawaii for Westover Field, Mass., on a "training" flight. It was evident that this group also would be ready for a quick flight to Germany at a moment's notice.

TO OBSERVE HOLIDAY
Making it possible for members to attend various events of the Fourth of July celebration here, the Bend unit of the beauty shop owners and operators organization will observe a three-day holiday this week and the holiday will include Saturday and Monday. Announcement of the holiday recess was made by Helen R. Dement, president of the local association.

Temperature Hits 84-Degree Mark

Bend's temperature soared to the highest mark of the year, 84 degrees, yesterday, and forecasts indicated that an even higher mark would be recorded this afternoon.

The mercury reached the high point of the day at 4:45 daylight time, at the Bend station. The early-summer warm spell was general over Central Oregon.

Yesterday's mid-summer weather brought the biggest crowds of the season to resorts, lakes and picnic grounds. At East and Paulina lakes in Newberry crater, fishing crowds were reported to have been among the largest in history. All picnic areas along the Deschutes above and below Bend were occupied and Bend's Shevlin park saw a large number of visitors.

Funeral Is Held For Young Child

Lee Edwin Wosmik, infant son of Mr. and Mrs. Albin P. Wosmik, Shevlin, died Sunday morning at St. Charles hospital. The funeral was held this afternoon at 2 p. m. with Rev. R. E. Nickolas, of the Westminster Presbyterian church, officiating. Burial was in Greenwood cemetery.

The five-month-old child is survived by his parents, five brothers and sisters, Sandra, Terry, Sharon, Peggy and Barbara; grandparents, Mr. and Mrs. Hurley Freeman, Duluth, Minn., and Mrs. Olive Wosmik, Eugene; and great-grandparents, Mr. and Mrs. Ed Martin, Duluth.

Portlander Kills Self and Family

Portland, June 28 (AP)—An air force veteran and psychology student killed his pretty wife, his two sleeping babies and himself because he was convinced he was a failure, relatives said today.

In an outburst of violence, Robert C. Stoller, Jr., 25, fatally shot, stabbed and bludgeoned his wife, Lauralee, 24, and shot his children as they lay sleeping in their cribs.

Then, apparently, he telephoned the police department. Police said they received an anonymous call requesting a coroner at the Stoller address.

When detectives arrived at the house, they found Stoller unconscious on the kitchen floor, a self-inflicted bullet wound in his right temple. He died at a hospital.

Mrs. Stoller, a nurse, was found dead in her bed. Her body was clad in a nightgown. She had been shot three times in the head. There was a stab wound, inflicted with a butcher knife, in her heart. The top of her head was crushed by blows with the butt of Stoller's .22 caliber rifle.

Group to Urge Work on Highway

Bend Kiwanis club will have representation at the state highway commission meeting in Portland tomorrow, joining in the Central Oregon protest against further delay in completing of the Warm Springs cutoff. It was indicated this noon following a presentation by William Niskanen of the chamber of commerce roads and highways committee.

Niskanen, speaking at the club's weekly luncheon at the Pine Tavern, summarized the promises of construction of the Mill creek bridge, key to cutoff use, and noted also the reasons given for failure to construct. He feared that at tomorrow's Portland meeting there would be another postponement unless a strong showing of urgency were made.

A. Wilson Benold, chairman of the club's pageant float committee, reported that from now on the work would be done on one of the rafts which will carry the Kiwanis entry down the Deschutes on the nights of July 3 and 4. Additional financing was provided by the club.

Winners at 4-H School Listed

In addition to the winners from Deschutes county, four other 4-H club members from Central Oregon placed in classroom judging contests in the recent summer school on the Oregon State college campus.

Rockford Smart and Jerry Shown, both of Prineville, won third and fifth place, respectively, in the crop judging contest. In livestock judging, Harry Carpenter, Madras, tied with two other students for third place. Stanley Powell, Prineville, was one of seven members winning fourth place in the same contest.

Agency Plains Receive Water

One day ahead of schedule, water was flowing through the Willow creek siphon of the North Unit project today, providing water for the Agency plains reclamation of some 15,000 acres.

Water was turned into the huge siphon this morning following the repair of a break that occurred when tests of the new structure were made early in the month.

When water was first turned into the siphon, it was discovered that a section of concrete flume leading out of the deep canyon just west of Madras had slipped about an inch. This resulted in a break. Engineers from the Denver office and the regional office of the bureau of reclamation in Boise, Ida., conferring with J. W. Taylor, Deschutes project engineer, decided on a rush repair job.

Following a conference with settlers, it was estimated by Taylor that the repair work could be completed in two weeks, which would have been up this evening. Instead, the water was turned in this morning. In the first week the water was turned off, the project was dampened by heavy June rains. No rain fell in the past week, but it is not expected that any crop loss was suffered on the Agency plains. Water will be used on about 10,000 acres of that segregation this season. South of Willow creek, some 25,000 acres will receive water this season.

The siphon was repaired through construction of a support on concrete pillars sunk into the earth 16 feet. The heavy section of sloping concrete pipe rests on a massive concrete slab across the pillars.

Cost of Living Continues Climb

(By United Press)
The cost of living, which reached an all-time high in May, still is climbing, a survey showed today.

Meat prices are at an all-time peak, and meat industry spokesmen said there is no hope of a price break until September at the earliest.

On the brighter side, fresh vegetable prices in many areas have declined recently because of the seasonal shipment of vegetables to market.

However, the bureau of labor statistics at Washington predicted that long-range seasonal pressures would bring a slow, steady climb in most food prices until November.

The bureau also noted that rent generally is rising.

Price increases have been announced or are anticipated momentarily on several basic commodities.

As a result of the wage concessions won by John L. Lewis and his United Mine Workers, the cost of coal is expected to rise 40 cents a ton or more.

Mooers Third at Cycle Speedway

Ralph Mooers, Bend motorcycle racer, placed third in the 20-lap expert main event at the races at the Benton-Lane speedway, Corvallis, this week end.

Hank Anderson came in first with Red Rice, second. Anderson still leads with an accumulation of 86 points for the season with Mooers trailing by only two points. A \$150 purse awaits the high-point man of the year. Mooers and Anderson will meet on the Benton-Lane speedway again in August to decide who walks off with the purse.

The next meeting of the competition riders is scheduled for Bend July 4 at the Cascade Motorcycle club track near Shevlin park. Two national champions will display their skill on the one-fourth mile track. Mooers and Hubbard Day, Jr., will be the local riders appearing in the 10-event program.

Hospital Groups Are Incorporated

Salem, June 28 (AP)—Articles of incorporation filed here today included: Pioneer Memorial hospital, Prineville; non-profit; A. S. Michel and 10 others.

Redmond Memorial hospital, Redmond; non-profit; C. T. Lackey, N. L. Weigand and W. H. Stauffacher.

Two-State Champ F. M. Troeh, of Vancouver, Wash., was Amateur State Trapping-shooting champ; also held the Oregon state title.

CIRCUITING: Babe Ruth, with 54, set a new world's record for home runs. His circuit clouts netted the Yanks 80 runs during the season.

HEAVY MONEY: Dempsey and Carpentier were matched for the greatest purse in pugilistic history \$1500,000; time and place to be announced later. (Jersey City, 1921, Dempsey.)

ONE POINT: Alabama nosed out Washington 20 to 19 in the annual football classic at Pasadena.

NOT ENOUGH: Grover Cleveland Alexander took three games to cinch World Series for Cards. Ruth broke 10 World Series records to help the Yanks, but it wasn't enough.

EIGHT STRAIGHT: Whitman College won 8 straight for title in Northwest Basketball Conference. Puget Sound.

The Methuselah of the insect world belongs to the long-born beetle family, which has a life cycle of 60 years.
