

Sam Breadon Dies; Victim Of Cancer

St. Louis, May 11 (AP)—A "secret" funeral was planned today for Sam Breadon, former owner of the St. Louis Cardinals baseball team, because that's the way he wanted it.

Breadon, who ran up an original \$200 investment into a property he sold for \$3,000,000, died last night of cancer at the age of 72. He had been in the hospital since March and out of baseball since 1947.

But although shocked baseball men mourned the passing of this gray-haired, twinkling-eyed gentleman, they will not be present at his funeral. His attorney revealed that Breadon's will specifies that his funeral plans be so private that the public not learn "where, when and how" he is buried. A spokesman for the family confirmed these sentiments.

President Will Harridge of the American league said he understood Breadon himself never had been to a funeral and had never seen a body.

Huskies Favored To Win Regatta

Seattle, May 11 (AP)—Ky Ebright and Al Ulbricksen, crew coaches respectively of the universities of California and Washington, were wrapped deep in proverbial "pre-game gloom" today, as they prepared their crews for the Washington regatta Saturday.

The Bears were scheduled to arrive here today.

Ebright believes Washington should be "an easy favorite; after all they beat us twice last year and we're racing on their home course against practically the same team as last year," he asserted.

Of course, Ebright failed to mention that the California Bears beat Washington in the Olympic trials; and then went on from there to win the Olympics.

Catfishing Ended In Mill Pond, as Safety Measure

Catfishing in the Brooks-Scanlon fire emergency pond, on the company's property near the mill, has been stopped, as a safety measure, it was announced from the mill office today. Since last week end, scores of youngsters daily gathered around the pond, inside a wire enclosure.

Mill officials point out that a double danger exists when youngsters visit the mill area—the danger from traffic and the danger from drowning.

"Effective at once, no fishing will be permitted in the fire pond," mill officials stressed.

Here Several Years

Bend sportsmen say that the catfish were brought to Bend several years ago and placed in the fire emergency pond, shortly after it was constructed. The bewhiskered fish with the big heads were reportedly brought here from Houston lake by a former restaurant cook, who declared catfish are more edible than trout. The fish apparently multiplied rapidly in the warm pond, and recently found their way out into the chilly Deschutes water.

Some of the catfish are now in the Mirror pond.

Bend Shooters Set Good Marks

The Bend trap club turned in a near perfect score of 73 in the final round Sunday of the Journal trap shoot. M. L. Hunt shot a perfect score of 25, while his teammates, Len Henderson and N. R. Gilbert made scores of 24 and 23, respectively.

Two other perfect scores, not for record in the Journal shoot, were made by Vic Plath and J. McKay.

Award of trophies to individual shooters also was made. Welsh Evans won the Bend Trap club trophy for the highest total of 280 out of a possible 300 points in the shoot. E. Rambo was awarded the Freeman Tackle company trophy for having qualified for the Journal shoot team more times than any other member. M. L. Hunt was awarded a Bend Trap club trophy for turning in two perfect scores for the shoot.

To Shoot Off Tie

A four way tie for runner up honors in total points scored will be shot off next Sunday at the Bend trap club.

Scores of 23 were made this past Sunday by Elmer Whipple, E. Rambo, Welsh Evans, J. C. Vandever, J. H. Hyatt, H. Hansen, and George Krueger.

Bend Furniture Has Anniversary

The Bend Furniture company, founded in 1915, is observing its 34th anniversary this week. The local store, one of a system of four which also includes stores in The Dalles, Redmond and Prineville, was busy today with a store-wide anniversary sale.

The Bend Furniture company has been in the same location for the past 27 years. Arthur Stipe, operator of the business for 32

years, retired some months ago and Otto Lamb was named manager of the system. The local store was completely remodeled this spring, with new departments created and about 25 per cent more floor space made usable.

Lamb has restocked the store almost completely in the past few months, as a result of his visits to west coast furniture markets.

Larger yields from fewer acres are obtained with hybrid corn.
