Notice members Brooks Plant Unit, nominations of your unit officers, Wednesday, May 18, you are urged to attend. Adv.

State Highway Distance Chart Shows Changes

Copies of the state highway department's new distance tables showing some mileage changes of local interest have been received in Bend. The new tables list the shortest distances between various Oregon cities.

One of the changes noted in the new tables is that giving the distance between Bend and Klamath Falls. The new distance is 139 miles, compared with 143 miles in last year's tables. This change is due to the construction of the new grade over Sun mountain, by the way of Kirk pass. Shortest distance between Bend and Portland is over the North Santiam, 186 miles, the table indicates. From Bend to Salem, the shortest distance is 135 miles, also over the North Santiam route.

Astoria 286 Miles
Last year's tables gave the distance from Bend to Astoria as 302 miles. This year the listing is 286 miles, via the North Santiam. Eugene is 117 miles distant, and the route listed is the McKenzie. However, that mountain road will be passable for probably not more than four or five months this year.

A slight shrinkage in the distance between Bend and The Dalles is noted for the year. In 1948, the mileage was given as 143. This year it is 140. Construction on the north route this year included the new line from Crooked river north to Culver junction.

Distances from Bend to coast points are listed as 229 to Coos Bay via the McKenzie and Umpqua highways, 286 to Astoria via the North Santiam and Portland and 213 to Tillamook, via the North Santiam.

Kenwood PTA Installs Officers

A large group of Kenwood PTA members and friends concluded the year's activities of the group at Kenwood school Tuesday evening, by installing new officers for the coming year, and laying plans for a picnic for the 7th grade class. The picnic will be next Tuesday afternoon in Shevlin park, with transportation provided, as well as picnic lunch for the class and teachers.

Parents will be contacted by note from the school for their consent in allowing their children to attend.

New officers installed included Mrs. Kessler Cannon, president; Mrs. Welcome, vice-president, and Mrs. William Hand, treasurer. Outgoing officers are Mrs. Joe Elder, president; Byron Benson, vice-president; Mrs. Don Waddell, treasurer, and Mrs. Leslie Ross, secretary. A special gift was presented to Marie Brosterhaus in recognition of her 30 years of teaching service to the community, especially in the field of music. Refreshments were provided by the first grade teachers and Violet Dahlin won the room award for the most parents present at the meeting.

Honor Society Taps Bend Girl

Oregon State College, Corvallis, May 18 (Special)—Janet Johnson of Bend, a junior in pharmacy, was one of the Oregon State college students who received recognition at the annual honors and awards convocation here Wednesday. She is the daughter of Dr. and Mrs. R. E. Johnson, Bend. Miss Johnson was tapped for membership at the convocation for pledging into Phi Kappa Phi, all-school scholastic honor society. Final selection of members of this organization may not exceed the upper 10 per cent of the seniors, whereas juniors are even more selective, with only the top members of the class chosen as a nucleus for next year's organization.

SPEAKS TONIGHT

D. C. Sutcliffe, manager of the Klamath Falls social security office, will speak in Bend at an open meeting tonight at 8:15, in the Kenwood school library. He will discuss the old age and survivors' insurance program of the social security administration.

HEARING DATE SET

The Deschutes county court met today and authorized payment of current county bills. The court also set June 1 as the date for a public hearing on the vacation of some land in Terrebonne. A petition for the vacation of the land was submitted to the court by John L. Duvall, Terrebonne.

Present today were C. L. Allen, county judge; commissioners A. E. Stevens and E. E. Varco, and the county roadmaster, George McAllister.

WRONG CABIN LISTED

The Elk lake cabin that collapsed under the weight of snow this past winter was owned by Mrs. H. Allen Russell, Portland, not by George R. Brick, Bend, as first reported. Myron H. Symons and Don Simerville skied into the lake this past week end. On their survey of the resort area, they found that the Russell cabin was the only one damaged by the heavy snow of the past winter.

NO WRECKAGE FOUND

Salem, May 18 (UP)—Sheriff Denver Young of Marion county reported today that what at first had appeared to be plane wreckage in rugged mountain country near the Detroit dam apparently was just a snow patch. Deputy sheriff Lawrence Wright and two engineers employed in surveying operations at the Detroit damsite had reported sighting what they thought was plane wreckage.

Youth Charged With Dynamiting

Seattle, May 18 (UP)—A University of Washington sophomore today was accused of dynamiting his parents' government-owned home in Vancouver, Wash., April 1.

The student's parents, Mr. and Mrs. Lawrence L. Sharp, were seriously injured in the blast.

Federal bureau of investigation men arrested Lawrence Jean Sharp, 20, yesterday. He was arraigned before Commissioner John A. Burns and charged with destroying government property.

The explosion demolished the Sharps' home in the McLoughlin heights housing project, heavily damaged a neighboring building and caused minor damages to 27 other buildings in the area.

J. B. Wilcox, special agent in charge of the Seattle office, said two large charges of dynamite were placed alongside the Sharps' bedroom window.

The FBI chemical laboratory in Washington, D. C., analyzed a short length of copper wire, two small springs and metal fragments found after the blast.

It was discovered that the parts were part of an electrical blasting cap wire, a clock-work timing device and remains of dry cell batteries.

Investigation revealed a young Sharp rented an automobile in Seattle the day of the explosion and later purchased gasoline in Vancouver.

In Sharp's car, a small piece of wiring similar to that used for the explosion was found. Officers learned that the youth had purchased 50 pounds of high percentage dynamite in Seattle.

A motive for the dynamiting was not learned immediately.

Okinawa, now well known to Americans, was one of the islands relatively close to Japan where the original wild Easter lilies grew.

Square Dance Group Will Meet

Variety will be the order tonight when the old time square dance group meets at the high school gym. The program as set up by the physical education department of the local schools, which sponsors the sessions, will feature several squares with folk dances interspersed between each square. The Schottische, Red River Valley, The California Schottische, Seven Steps, Circasian Circle and Czeboogar are numbers planned for the folk dance program.

Many patrons of the sessions have found the square vigorous enough to warrant a rest between numbers, while others are anxious to keep going. It is expected that the new program will meet the needs of both groups. Dancing will begin at 8 o'clock and break up at 9:30.
