Jefferson County Election May 27

Madras, May 21—Voters of Jefferson county will be called on at a special election, May 27, to affirm a county budget which is \$34,022.03 in excess of the constitutional six per cent limitation. County judge T. A. Powers, in appeal to voters to turn out for the election, cites the substantial need for additional funds for road building and maintenance. Development for the 50,000-acre North unit of the Deschutes project has been accompanied by building of hundreds of new homes on the project, and the county has been hard pressed in finding money to build and maintain roads, not only for settlers but for use of school buses and the automobiles of rural mail carriers.

NAMED ALTERNATES
Madras, May 21—The Mud Springs grange here has named Mr. and Mrs. Perry Henderson, veteran members, as alternate delegates to the annual state grange convention. The pioneer ranch couple will officially represent the organization at the 1949 sessions at Coos Bay, June 13-17, in case the regular delegates, Mr. and Mrs. Wayne Carter, are unable to attend.

Carter is master of Mud Spring grange.

Bend Man Given Contract for Extraction Plant

R. P. Syverson, Bend, submitted the low bid, \$9,606.60, for construction of a seed extraction plant at the new Bend pine nursery and has been awarded the contract, according to information from the regional forest service office in Portland. Work is scheduled to start in the near future, with the building to be completed by autumn.

The structure will be used for the storage of seed gathered from various Pacific Northwest pine forests, and also will hold seed extraction equipment. Completion of this plant will make the Bend nursery the outstanding pine plant in the region.

Walter A. Engstrom is nurseryman in charge of the planting work now in progress.
