

Social Security For Dependents Of Veterans Due

Widows, children and dependent parents of world war II veterans who died within three years after honorable discharge were reminded this week by the Oregon department of veterans' affairs that they may be eligible for social security benefits earned as the result of the man's time in active service.

Title II of the social security act provides that such veterans are deemed to have died fully insured, to have received monthly wages of not less than \$160, and to have been paid not less than \$200 in wages in each year in which they had 30 days or more of active service after Sept. 16, 1940, under the act.

The veteran must have had 90 days of continuous service, a part of which must have been between Sept. 16, 1940, and July 25, 1947, unless he was discharged sooner for service incurred disabilities.

The effect of title II, approved in August, 1946, is to assure monthly income payments to a widow with minor children, or to the dependent parents, or a lump sum payment to the unmarried widow without minor children, surviving a world war II veteran discharged without dishonor who died within three years after his discharge.

Some Have Not Filed
Payments are not made, however, where survivors are receiving death compensation from the veterans administration because of service connected death.

Oregon officials of the social security administration said that while the bulk of payments under the act have been completed, due to the fact that most world war II servicemen were discharged more than three years ago, there are still some deaths occurring among servicemen discharged later. Also, they said it is possible some survivors have not filed because they were unaware of these benefits. Such applications are still valid they said, although payments will be made retroactive only three months from time of application.

Applicants were advised to contact their nearest social security office, county veterans' service officers, or the Portland or Salem offices of the department of veterans' affairs.

OUT OUR WAY By J. R. Williams

U. S. ALWAYS BLAMED
New York, Aug. 18 (AP)—The New York World Telegram and other Scripps-Howard newspapers said in a special dispatch from London Tuesday that America was blamed for causing England's "dollar shortage."

The dispatch was the third in a series on conditions under Britain's labor government, by Edward T. Leach, Scripps-Howard senior editor.

"American high prices were blamed for swallowing up the U. S. loan to Britain three years ago, and when American prices fell, America again got blamed for causing England's dollar shortage."

In either case, the dispatch said, it was "that old debbil Uncle Sam."

Woodland brings the highest return when producing high-grade saw logs; cord wood for fuel is a byproduct.

Shevlin

Shevlin, Aug. 18 (Special)—Mrs. Arnos Thompson was hostess to the Pinochle club Thursday, August 11. Guests were Mrs. Mrs. Willard Gumpert, Mrs. Joe Petronovich, Mrs. Roland Gumpert, Mrs. Verus Dahlin, Mrs. Jim Dilly, Mrs. Robert Van Tassel and Mrs. Orville Bean. Presenting the New

Cadillac Coupe de Ville

ILLUSTRATED above is the Coupe de Ville—an ultra smart new Cadillac body type, designed for those who seek the low-swept lines and open-airiness of a convertible—combined with the comfort, convenience and safety of a closed car.

It is a classic example of modernity and practicality—one of the most desirable and most useful models ever to issue from the boards of Cadillac designers.

Yet—smart and beautiful as it is—the Coupe de Ville's greatest superiority lies in the chassis on which it is built. For, like all Cadillacs, the core of its goodness is found in its performance—in the wonderful capacity of its new V-type engine; in the soft, even, restful manner in which it rolls over the highway; in the easy, effortless response to steering wheel and brakes. It is, truly, a symphony in motion.

We should be pleased indeed to give you full details about this wonderful new body type—as well as the other beautiful models which grace our showroom. Why not come in at your earliest convenience?
