Mr. and Mrs. Frank Moran and son, Ron, went to Portland Saturday. Sharon Moran was a house guest at the John Gunter home during her parents' absence.

Mrs. Ted Loney and Mr. and Mrs. Howard Newbill visited the Toby Shirley family of Prineville, Sunday, October 16. Mr. Shirley, who suffered a knee injury recently, underwent surgery in a Portland hospital. His condition since returning to his home in Prineville is satisfactory. The Shirleys are former residents of Redmond.

Mrs. T. L. Loney and Mrs. George Bailey represented the Redmond Rebekahs at the F. L. convention held in Newport October 8.

Mrs. Bailey acted as warden at the banquet, which preceded the business meeting.

Volunteer workers for the hospital project held a 7:30 p.m. dinner at the Redmond hotel Monday to work out details of the new plan proposed for building the Memorial hospital. L. D. Barr, campaign manager, discussed the tax proposal. J. R. Roberts also talked on the taxation platform.

Joe Brown explained the method of assessing taxes in this district, and Ted Conn, from Lakeview, explained the law governing the tax plan which was passed by recent legislation.

About 100 workers and speakers attended the dinner.

Robert Lowell, Ray Shumway, Craig Eby and Jack Alley, delegates from the Redmond F.F.A. chapter, boarded the train from Eugene October 7 to Davis, Calif., where they changed to a Pullman and went on to Kansas City, Mo., to attend the National Future Farmers convention.

The boys made their headquarters at the St. Regis hotel in Kansas City. Between business sessions they wedged in three conducted tours, to the zoo, the Ford and the Chevrolet assembly plants.

Two hundred American Farmer degrees were awarded at the convention, three to Oregon Future Farmers.

Featured at the meetings were a band and a chorus composed of members selected from the various chapters over the United States.

The Redmond group left Kansas City October 13 and arrived home October 16.

The delegates will give reports of their trip to various organizations during the next few weeks.

## Coast League Not Of Major Status

Washington, Oct. 21 (AP)—Bucky Harris, new manager of the Washington Senators, described the Pacific Coast league today as nothing more than "a good minor league."

Asked about coast hopes of achieving major league status, the former San Diego, Cal., pilot replied that the far west loop "is just what it's rated—a triple-A circuit and no more. It's certainly not in the majors."

Harris gave up his San Diego post when he signed a contract Wednesday to manage the Washington club in the American league for the next three years.

**SIMPLE SOLUTION**  
Binghamton, N. Y. (AP)—Mrs. John H. Shade complained to police that a neighbor's light was keeping her awake. Police investigated, found the neighbor was "scared of the dark," and suggested Mrs. Shade escape the light by pulling down her window shade.

of discontent on the tackling and blocking abilities of the Stanford squad — something blamed on Schwartz.

However, the protests have cooled somewhat since the Indians' 40 to 0 thumping of Washington.

**Schedule Blamed**

At Washington, incidentally, there is a feeling of understanding on the predicament of Coach Howie Odell. The Husky school, long known for its voracious wolves, isn't blaming handsome Howie for the Washington predicament — rather they are blaming the athletic director for drawing up a schedule that called for the Huskies to meet Minnesota and Notre Dame on successive week ends.

Elsewhere around the west, the grid fans and old grads are taking their defeats with good grace. Kip Taylor, new at Oregon State, is doing a comeback after a poor start; Jim Aiken, win or lose, is

reportedly "set for life" at Oregon.

Red Sanders, who won his first four games at UCLA, may have trouble winning many more—but UCLA alumni already consider the season a success. Pappy Waldorf, at California, has lost only two games in two and one-half years and no one can complain there.

ence, square away at Texas in a conference game as significant as Minnesota's clash with Michigan in the Big 10. Texas, beaten by Oklahoma, was rated at six points over Rice which rocked the conference a week ago by trouncing S.M.U.

U.C.L.A., like California, un- defeated in the league, was an eight point favorite at Washington State, Southern California favored by seven and one-half in a home game with Oregon and Stanford by 20 at home against Oregon State. Idaho plays at Montana in a consolation match.

## TRAFFIC COP KEEPS BUSY

Springfield, Mass. (AP)—Since 1945, Chris Aspall, traffic officer, has tagged 127,033 automobiles for violations.

## Bend Cubs Lose To Prineville

Young Cowboys from Prineville, Crook county high school freshman, rode rough shod over the Bend Cubs here last night on a frosty field and emerged victors, 26 to 6, in a one-sided contest. For the Cubs it was definitely an "off night," and nothing would click, win passes usually ending in the arms of opponents. Only Cubs to get into gear were Volney Sig- mund and Chuck Davis, and even they had their troubles.

The Cubs' lone score was made in the opening quarter, when Sig- mund broke through on an off- tackle play and went over. Sev- eral times in later play the Cubs ripped off impressive gains, but bogged down before reaching the Cowboys' lush range.

## Hall Is Star

Fred Hall rode high and mighty for the Cowboys in roundup for the Cubs, and was either on the pitching or the receiving end of most of the Prineville touchdown plays. It was Hall who scored first, in the opening minutes of play. Schneider, husky halfback, added the second touchdown for the visitors and Hall passed to Breese for the extra point.

In the second half, Hall went into action again and broke around end for 67 yards and a touchdown. The try for point failed and the score stood Prineville 19, Cubs 6.

The Prineville juniors scored again in the closing seconds of play, when Hall passed 10 yards to Hamilton back of the Bend goal line. The point was good, as Hall passed to Tucker.

The Prineville Frosh, coached by Chuck Martin, out-manuevered the apparently frozen Cubs and gave notice to central Oregon foot- ball fans that there will be plenty of talent available for the Cowboy varsity team in 1950.

A small crowd watched the two junior teams battle through the four abbreviated quarters.

## Sport Parade

(Continued from Page 7)

fore he has been in the restaurant business in New York, in the oil business in Texas and traveling about the country refereeing and making personal appearances.

"I've been in and out of the movies off and on for 30 years," he chuckled. "But about five months ago was the last time I ever put any money into it."

With Dempsey it is easy to jump from any subject to boxing, for he has never lost his interest or personal touch with the sport. As for the heavyweight situation today:

"nobody means anything." What he meant, Lemsey as- serted, was that none of the young fighters are being handled properly.

"Lizard Charles isn't a bad fighter," he said. "But it is my personal opinion that he was handled poorly. The managers rush them along too fast these days and they don't know their busi- ness."

Dempsey also insisted that Joe Louis would return to action. "Why else would he be making these exhibition tours?" he asked. "If he finds that he can get it, shape you can bet he'll stage a comeback."

How does Dempsey think he would have done against Louis? "It would have been some fight, kid."

It would at that. Better ever than Dempsey's sports films, and his first sample was pretty good at that!

## STATES TO GET CASH

Washington, Oct. 21 (AP)—Inter- for Secretary J. A. Krug announced today that \$2913,397 will be dis- tributed to the states during fiscal 1950 for wildlife projects.

This is \$867,223 less than was parceled out last year, he said.

State contributions will raise this year's total to \$13,217,863. Apportionment of money dur- ing fiscal 1950 includes: Idaho, \$205,083; Oregon, \$250,846 and Washington, \$277,252.

## Drink It Straight, Customer Is Told

Omaha, Neb. (AP)—A customer ordered a "glass of half and half" in a downtown restaurant.

"Half what and half what else?" inquired a waitress.

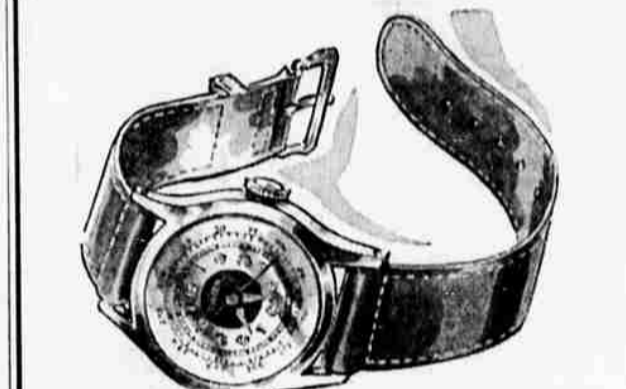

"Why, half milk and half cream," he said.

"I'm sorry, I don't think we can do that," she said. "We're not allowed to adulterate our milk."

Wood preservative treatment is a growing business in the United States; there are now approxi- mately 300 wood-treating plants.
