

### Redmond Board Re-elects All School Teachers

Redmond, March 16—The Redmond union high school board which met Monday evening at the high school voted to set spring vacation as March 31, April 3 and 4. On March 31 high school music groups will compete at the music contest to be held in Prineville.

The board discussed the teacher situation and salary adjustments and decided to offer contracts to all teachers. Miss Margaret Hook had previously indicated that she would not apply for a position for next year. Miss Hook, who will be married next summer, will make her home in Seattle.

The board held an informal discussion of the open house which was held Friday and each suggestion which was turned in was read. These suggestions have been listed and each one will be answered by the board and the administration in the near future.

The matter of failing students was discussed and it was noted that as a result of a detention program, the number of failing students has dropped in the last few weeks from 44 to 14.

It was noted, also, that the attendance in February, 1950, was 443 in comparison to 411 for the same month in 1949. Thirty-seven students are on the present honor roll.

An election for approving the proposed budget, will be held in the high school on March 23, from 2 to 8 p.m.

### Dog Trees Coon, Taken Captive

Northwest Redmond, March 16 (Special)—The Penhollow boys had a little excitement Tuesday morning. After hearing the boys' dog, "Butch," bark intermittently for a couple of hours, Penhollow looked outside and noticed that in one of the willow trees close to the house, the dog had treed a half-grown coon.

The boys and Uncle Dick were soon out to catch him and in a little while dropped him into a sack. The coon by common consent belongs to Billy, because Uncle Dick had promised since he came from Iowa to visit, that when he went home he would take Bill and get him a coon.

Uncle Dick has built a substantial pen and house for the pet and there is no chore in keeping him well fed. Mr. and Mrs. D. L. Penhollow are wondering where the coon came from and Uncle Dick (R. H. Penhollow) is fearful it may be someone's pet, and still cause him a trip to Iowa.

Readings were given by Mr. and Mrs. Hans Jensen and by Mrs. Olive Hogan, and piano selections were played by Kate Satterlee. After the program members participated in group singing, with Mrs. Anna Curtis at the piano.

### HERE ARE THE FACTS ABOUT WASHING WITHOUT RINSING

1. Will this method really get clothes clean? Yes, Tide keeps the dirt suspended in the sudsy water. When you wring out the clothes, the dirt runs out with the washwater—clothes come from the wringer CLEAN and as bacteria-free as rinsed clothes.
2. Will clothes come white? Yes, clothes come dazling white! Just see if you can possibly tell the difference between a rinsed, and an unrinsed Tide-washed shirt!
3. How about ironing unrinsed clothes? When you use Tide without rinsing, clothes dry soft and fluffy... iron easily.
4. Is this method safe for fabrics? Yes, it is safe... skipping the rinsing and extra wringings actually saves wear and tear on clothes.

**"SAVES SO MUCH TIME ON WASHDAY!"**

SAYS MRS. JOY MAYO OF PORTLAND, MAINE

"No more rinsing is wonderful news for every woman who washes clothes! It's such a timesaver to take the wash right from the Tide suds, put it through the wringer, and onto the line! And everything looks so bright and clean!"
