Hollywood Stars Provoked Over Weather; Lose Ground Without Playing Beavers

By Jim Cooper

(United Press Sports Writer)

San Francisco, April 13 (U.P.)—Hollywood pilot Fred Haney has reason for alarm. If the Stars don't play a baseball game soon they'll rust their joints, and further, they'll be asked to yield first place in the Pacific Coast league to San Diego.

The Stars, idle since Sunday because of rain at Portland, are a slight one-half game ahead of the Padres who blasted afternoon at Seals stadium.

The Suds and Oakland decided to make up for their rained out game in Seattle Tuesday and the Acorns found the soaked diamond to their liking. Charlie Dessen's boys eluded a total of 27 hits for 17 runs, winning the first game 6 to 0 and the second 11 to 6.

At Los Angeles things were stalemated for 11 innings after the second frame until Albie Glosup boosted a Texas league single to score the winning Angel run and edge much-defeated Sacramento 3 to 2.

Second Daylight Game

The afternoon game at San Francisco was the second Wednesday daylight game this season. It was attended by 3764 fans who saw San Diego's Bob Wilson lead off with a home run. Hurler Melton gave up a walk and two singles to fill the bases. Center fielder Orestes Minoza then stepped up to sail the ball out of the park and by so doing pushed the Seals from third place to fourth behind Portland in the league standings.

George Bamberger pitched a seven-inning shut-out for the Oaks in Seattle and in the second game, the Acorns scored two runs the first time they got to the plate. They kept going to total 11. Paul Richards, new Suds manager, was tossed out of the second game in the third inning as he sought to question the calling of a strike on batter Bill Ramsey.

Sacramento's shortstop Len Ratto muffed a hot one in the Los Angeles marathon's 13th inning, allowing Cece Garriott to tie the score. Gallop then cracked his winning leaguer.

School Softball League Resumed

The city grade school softball league resumed action this week after a spring vacation with the St. Francis Saints outlasting the eighth grade Bearcats, 18 to 17, and the Tigers of Allen school edging the Kenwood Yellowjackets, 5 to 4.

Most of the runs in the St. Francis game were scored early in the contest. The Allen-Kenwood game was a test of pitching skill with first one team ahead and then the other. Pitcher for Allen was Dachtler and Bonnell tossed them in for Kenwood.

The results of Tuesday's games left Allen firmly entrenched in first place in league play with a perfect total of three games won and no game lost. Each of the other three teams has a record of one game won and two games lost.

Warning Sounded By Nevada Coach

Reno, Nev., April 13 (U.P.)—Head football coach Joe Sheeketski of the University of Nevada warned today that if recommendations by a scholastic-minded faculty are adopted the entire athletic setup at Nevada sooner or later will be destroyed.

The faculty fact-finding committee's report, calling for a complete overhaul of the athletic program, will be presented to the school's board of regents this Saturday for a decision.

With open frankness, Sheeketski declared he is alarmed over the future prospect for Nevada football teams if the faculty action, which he said was "railroaded through and rubber-stamped," is upheld by the regents.

"I am not fighting for my job, but for the future of football at Nevada," he said.

Wrestling Title Chance to Hinge On Bout Tonight

A title shot at Bob Cummings' Pacific coast junior heavyweight wrestling championship will hang in the balance tonight when Karl Grey and "Gentleman Dale" Hadlock tangle in the main event on Tex Hager's weekly wrestling card at the Bend armory.

The winner has been promised a match with Cummings here next Thursday.

The pair will wrestle in a best two out of three falls event with a time limit of one hour being set. Grey hails from Milwaukee, Wis., while Hadlock lists his home town at Wayne, Mich.

Newcomer On Card In the semi-final bout on the card, a newcomer to Bend ring wars, Buck Davidson, Klamath Falls, will be matched against the former holder of the Pacific coast junior heavyweight title, Al Szasz.

The pair will wrestle for 45 minutes in a best two out of three falls match. Szasz is from St. Louis, Mo.

The opener will bring another new face to the armory, when John Pavich, a wild man from Hungary, meets fast, clever Eddie Williams, of Springfield, Mo. The pair will meet in a half hour, one fall event.

Referee for the night will be Eldred Breesse. The first bout is scheduled to begin at 8:30 p.m.

Bend Shooters Visit Chemult

Chemult, April 13 — Six members of the Bend Trap club visited the local traps Sunday, and three of the half dozen men broke 24 out of strings of 25 targets. Taking part in the local shoot were N. R. Gilbert, Everett Rambo, George Krueger, Elmer Whipple, Dr. W. G. Manning and Norman Gilbert, all Bend gunners.

SOPHOMORES DOMINANT Eugene, April 13 (U.P.)—Coach Jim Aiken said today that his 1950 Oregon varsity football team probably will be dominated by sophomores.

Aiken said only a dozen lettermen were out in the second week of spring grid practice and it appeared some of this handful would have a "rugged time turning back the bid of the newcomers."

Only quarterback Earl Steele of last year's regular backfield is on hand.

"The squad is extremely green," said Aiken, "but we hope to knock off the rough edges before spring practice ends."

Many grasses start growing in spring before the soil has warmed enough for the roots to become active in collecting food; growth comes from nutrients stored in the roots.

Bauer Sisters Join Pro Ranks

By John Griffin

(United Press Sports Writer)

New York, April 13 (U.P.)—Are professional lady golfers cuter than amateurs?

Up until today, most "critics" would have said "no" in loud chorus, but now things are different. The pros have just given themselves two doses of glamor with the addition of the beautiful Bauer sisters, 22-year-old Alice and 16-year-old Marlene.

There's no denying the sweet-swinging sweethearts from Midland, Tex., pack plenty of gallery appeal. And there's also no doubt that they figure to be big winners in the pro ranks.

Papa Dave Bauer, professional who taught his daughters the smooth golf game that catapulted them to national fame, announced their switch from the amateur ranks to the pro ranks reluctantly.

Reluctant Decision "Our decision to forsake the amateur ranks is made necessary by the heavy expenses incurred following the tournament circuit," he said, wearing an expression just like a dad forced to buy two prom dresses at once.

This definitely was good news to the girls left behind in the amateur ranks who won't have to face the belting beatings any more, and 2, the folks who like to watch pro tournaments.

For, let's face it, until now the pros have been somewhat lacking in eye appeal except for a couple of fetching exceptions. The girls who look cutest twirling a masher unfortunately almost always were not too precise about hitting the ball into the cup.

It was always the more proficient, more muscular lassies who scored well enough to stop "putting for peanuts" and start "driving for dollars."

Anyway, the pro ranks will wear a "new look" starting April

Nash Introduces New Small Car

Detroit, April 13 (U.P.)—Nash Motors put the first postwar small car on the market today, introducing a five-passenger, 100-inch wheel-base convertible priced at \$1,808.

Named the "Rambler," the first major entry into the field will sell for \$200 less than any similar equipped convertible. It goes on display in dealer showrooms tomorrow.

The \$1,808 price tag, which includes federal tax and dealer handling charges, compares with \$1,347 for the Chevrolet convertible \$1,948 for the Ford model and Plymouth's \$1,997.

But the luxuriously-fitted Ram-

bler carries as standard accessories about \$300 worth of such usually optional equipment as heater, radio, directional lights, deluxe upholstery and chrome decorations.

It features a "roll away" top that slides into position on rails.

Neatly designed, the new Nash line is powered by a 82-horsepower, six-cylinder engine with a 7.25 to 1 compression ratio. Fuel economy up to 30 miles per gallon of gas, and more with overdrive, is claimed.

Nash spent \$13,000,000 in a five-year development program to bring out the Rambler convertible, first in a series that will include a station wagon and two-door sedan before the year is over.

Kaiser-Frazer plans to bring out its small car early in July and Willys-Overland has announced it will have a 104-inch wheelbase auto in production late in 1953.

The Rambler is not to be con-

fused with Nash's NX-1, an experimental, two-passenger \$1,000 car the company recently showed.

The new model Nash will be on display Friday in Bend at the W. B. Anderson Motors company.
