## New Demonstration Staged at Koje Camp

### Enemy Seizes On PW Issue To Attack UN

PANMUNJOM, Korea, May 21 (AP)—The Red truce delegation seized upon the Pusan prisoner of war riot to attack Wednesday what it called the United Nations "great hoax" of voluntary repatriation.

North Korean Lt. Gen. Nam Il, senior Communist delegate, lodged a "serious protest" against the killing of a Red prisoner during the uprising in the Allied prison camp at Pusan Tuesday. Eighty-five other prisoners and one Allied guard were injured.

Nam said the United Nations was guilty of "bloody murder" among the "barehanded" prisoners. He demanded that the affair be dealt with "unequivocally and responsibly."

**Fact Overlooked**

His reference to "barehanded" prisoners overlooked the fact that the Reds were armed with steel-tipped pikes, spears and barbed wire falls. American troops armed only with night sticks were forced to retreat and obtain concussion grenades to regain control.

Vice Adm. C. Turner Joy, senior United Nations delegate, told Nam his charges were "crass hypocrisy" and "childish distortions."

"I would seriously warn your side," said Nam, "that your side must bear full and absolute responsibility for the consequences. I am authorized to lodge a serious protest."

**Tirade Launched**

From the Pusan incident, Nam moved into a tirade against U. N. methods of screening prisoners to find out which are willing to return to Communism. The U. N. contends that only 70,000 of the 169,000 prisoners are prepared to go back.

He accused the U. N. of violating international laws and the U. N. charter in its treatment of prisoners.

Joy, whose assignment here ends on Friday, told Nam he was making himself ridiculous.

### Truman Indorses 'Anti-Kefauver' Set of Candidates

WASHINGTON, May 21 (AP)—A California Democratic leader said at the White House that President Truman had indorsed in the California Democratic primary a slate of convention delegates opposed to Sen. Estes Kefauver's candidacy for the presidential nomination.

Edmund G. Brown, California attorney general who heads a "favorite son" 68-vote slate of delegates running against a Kefauver slate in the June 3 California primary, made the statement.

"I hope that your slate of delegates is elected," Brown quoted the President as saying.

Brown said Mr. Truman gave him specific permission to make this statement public.

Brown said the President's action and his slate of delegates did not constitute a "stop Kefauver movement."

**High on List**

"Actually, the President spoke in high terms of Kefauver and the senator is very high on our list of people who will be considered by our delegation," Brown said.

Brown noted, however, that the Tennessee Democrat had voted against cloture in the Senate, for segregation in the armed forces, against the tidelands bill and for the Central Arizona project, all of which, according to Brown, was "not popular in California."

### Seven Girls Vie For Selection as Queen of Pageant

Seven candidates have been named for the Fourth of July queen contest, and the race is closed to further entrants. It was announced today by Mrs. Robert J. Mannheim, queen contest chairman, following a meeting of her committee in the chamber of commerce office.

Six Bend girls and one from Sisters will take part in the contest, with the winner to reign as queen of the celebration festivities. The six runners-up will be princesses, and will appear at all events of the pageant and will be official attendants at all events of the holiday week end.

The committee in charge of the queen contest said the names of the seven candidates would be announced tomorrow.

### Latest Atom Device Tested In New York

UPTON, N. Y., May 21 (AP)—A new atom smasher, capable of firing "bullets" almost as fast as the speed of light, opened a new era in science Wednesday that may enable man to create matter from energy.

The doughnut-shaped machine, known as a cosmotron, produced atomic particles of 1,300,000,000 volts of energy Tuesday in an historic test at Brookhaven National Laboratory.

Atomic Energy Commission scientists achieved the greatest voltage ever produced by man by shooting the bullets, or hydrogen protons, through the cosmotron at 167,000 miles a second. The speed of light is 186,000 miles a second. The speed and voltage exceeded that loosened by detonation of our mightiest atomic bomb.

### Supreme Court Reverses Ruling In Hansen Case

SALEM, May 21 (AP)—The Oregon Supreme Court Wednesday reversed the first degree murder conviction of Mrs. Margrethe Hansen of Corvallis, under life sentence for the death of her husband, and sent the case back to Benton county for new trial.

It was a four to three ruling. The dissenting judges held that the case should be dismissed outright for lack of substantial evidence.

Mrs. Hansen was convicted of murdering her husband, Sigurd Hansen, Sept. 10, 1950, and was sentenced to life imprisonment in Oregon state penitentiary on recommendation of the jury.

**About Midnight**

Events leading up to the tragedy occurred in and around the Wilder apartments in Corvallis, and Hansen's death apparently took place about midnight in the garage in which they kept their car. The evidence was circumstantial. It was the theory of the state that Hansen was killed when the upper part of his body was crushed between the rear bumper of their car and the closed door of the garage.

The prevailing opinion by Justice Hall S. Lusk said:

"Under instruction to the jury it was permitted to find that defendant murdered her husband either by intentionally causing the automobile to crash him, or unintentionally while engaged in an attempt to kill him by other means." The "other means" advanced by the Benton county district attorney in his statement to the jury was that "defendant intended to bring about her husband's death by carbon monoxide poisoning from the exhaust" of the car.

There was no evidence to support this theory, and the high court held Circuit Judge Fred McHenry was wrong in letting it be considered by the jury. The prevailing opinion said:

"We repeat that in our discussion of the evidence in this case it has not been our purpose to express an opinion as to the guilt or innocence of the defendant, but merely to perform the judicial function of determining whether there was sufficient evidence of guilt to warrant submission of the question to the jury. For the errors pointed out, the judgment must be reversed and the case remanded for further proceedings in conformity to this opinion."

### Scornful Coeds Tire of Lingerie Looting, Chant 'Act Your Age' at Iowa State College

(By United Press)

Scornful coeds indicated Wednesday they were just about fed up with pants-raiding men students as a new wave of lingerie looting swept college campuses and a group of raiders held a "forgive us" meeting.

Overnight, the attitude of the coeds seemed to have changed from one of squealing encouragement to aroused resistance or cloistered indifference.

The rampaging males stormed women's quarters from Seattle, Wash., to Athens, Ga., Tuesday night.

At Iowa State College the girls chanted "act your age" as about 500 men students slashed screens and broke windows to gain entrance to dormitories and sorority houses. Other coeds simply locked themselves in their rooms.

At Kansas University in Lawrence, Kans., members of Delta Tau Delta fraternity stood guard both inside and out at North Col-

### John Garfield, Famous Actor, Dies in N. Y.

NEW YORK, May 21 (AP)—Screen actor John Garfield was found dead in a Manhattan apartment Wednesday.

The 39-year-old actor died of a "cardiac condition," according to Dr. Charles W. Nammock, who pronounced Garfield dead.

Garfield, a native New Yorker, was graduated from a school for problem children, was in New York preparing for summer stock roles.

An outstanding performer on the Broadway stage in addition to his movie roles, he was frequently cast in the role of a "tough guy."

Police said Garfield was stricken in the Gramercy Park apartment of an actress identified as Miss Iris Whitney.

**Under Fire**

Garfield was under fire about one year ago following his appearance before the House Un-American Activities Committee in Washington where he testified under oath that he had never been a Communist but pleaded for a law to outlaw the Communist Party to protect "liberals" like me.

Garfield has been separated from his wife for more than a year and the couple were in the process of obtaining a divorce. Mrs. Garfield lives in New York City.

Garfield closed a nine-week run of the Clifford Odets play "Golden Boy" on April 27, a revival production by the American National Theater and Academy.

**Son of Tailor**

Garfield was born Jules Garfinkel on March 4, 1913, the son of a tailor in New York's lower east side.

Garfield got a movie part in 1937, and soon he was a star, specializing in "tough guy" roles. Among his pictures were "Tortilla Flat," "The Fallen Sparrow," and "The Postman Always Rings Twice."

Garfield married Roberta Mann, a non-professional, in 1934. A daughter, Katharine, 5, died in 1945. A son, David, was born in 1943, and a second daughter, Julie Roberta, in 1946.

### Ike to Give Up Post on May 30

PARIS, May 21 (AP)—Gen. Dwight D. Eisenhower will turn over his command to Gen. Matthew B. Ridgway May 30 and take off for Washington May 31.

The Allied supreme commander, who retires June 1 to become an active candidate for the Republican presidential nomination, will relinquish his post to Ridgway at a special ceremony at headquarters.

Ridgway, now in Washington on his way from Tokyo, is to arrive here Tuesday.

He will have Wednesday and Thursday to go over the supreme Allied command with Eisenhower and then formally take over Friday, which is Memorial Day.

Eisenhower is due in Washington June 1 where he will report to President Truman and become a semi-private citizen. As a five-star general, however, he will remain technically on active duty.

### Three Bodies Still Missing In Sea Mishap

BELLINGHAM, Wash., May 21 (AP)—Coast Guard and civilian planes and boats searched the waters off Lummi island Wednesday for the bodies of three of seven persons aboard the sloop Prelude, missing in northern Puget Sound since Sunday.

Four bodies were recovered Tuesday. The boat was not found.

Missing were Mrs. Ed E. Jukes, Don Card and Paul Fordyce, owner of the 35-foot auxiliary sailing vessel.

Bodies recovered were those of Ed Jukes, Mrs. Card, Mrs. Fordyce and the Fordyce's 12-year-old son, Kenneth.

The Prelude disappeared on a 20-mile return leg of a cruise between Bellingham and Orcas Island in the San Juans. It was seen last by tourists on the north beach of Orcas Island Sunday evening.

### Senators Hear Korea Report From Ridgway

WASHINGTON, May 21 (AP)—Gen. Matthew B. Ridgway gave senators a report on the Korean truce talks which one of his hearers described Wednesday as "certainly not optimistic."

The former supreme commander in the Far East testified at a closed hearing of the Senate Armed Services Committee. He is on his way to Paris where he will succeed Gen. Dwight D. Eisenhower May 30 as supreme commander of Western European defense forces.

**Joint Meeting**

Thursday Ridgway will address a joint meeting of Congress.

Ridgway was called before the committee to report on Communist violence at the Koje Island war prisoner camp. But Senate Republican Leader Styles Bridges (N. H.), senior GOP member of the committee, said he also was questioned about the Korean war situation and truce talks.

Bridges said the general was not hopeful that the truce talks would lead to peace. Asked if that meant full scale fighting might break out, the senator replied:

"I don't know, but he certainly was not optimistic as to the results."

**All He Knows**

As Ridgway began his testimony, promising to tell the senators "all I know" about the disorders on Koje Island, Committee Chairman Richard B. Russell (D-Ga.) issued a statement calling for firm control of Communist war prisoners.

Russell called the kidnaping of an American general by the Reds and his subsequent "ransoming" a national "humiliation."

Bridges said Ridgway confirmed reports that "extreme fanatical Communists" in the Koje Island camp had committed "atrocities" against other prisoners. He also confirmed that Communist flags were flown in the prison compounds, Bridges said.

### End-of-the-Year Activity Brisk At High School

Students and teachers in the Bend area are busy with end-of-the-year activities, and it will all be over by the shouting, when report cards are distributed next Thursday.

For high school seniors, four big events remain on the calendar. The class picnic will be held tomorrow, baccalaureate services will be held Sunday evening, and commencement exercises will be next Thursday, May 28. Both baccalaureate and commencement will be in the High School Gymnasium, starting at 8 o'clock. The major award assembly will be Friday of this week.

Final examinations will start Friday afternoon and will continue next Monday and Tuesday. There will be no classes in either high school or grade school next Tuesday afternoon and all day Wednesday.

**Cards Due May 29**

Thursday, May 29, students will report to their classrooms at 10 o'clock, to receive their report cards after emptying their lockers. Buses will run one hour late on Thursday morning, and will return passengers after the short sessions at the schools. There will be no regular classes.

The high school major awards assembly, this Friday, will start at 10:30 a.m., following regular morning classes with shortened periods. The program will feature presentation of scholarships, trophies and other awards to outstanding members of the graduating class.

Friday afternoon, senior girls will be guests at the annual tea given by the Bend branch of American Association of University Women. The affair will be held this year at the home of Mrs. E. M. Bucknum, 45 Newport, from 3 to 5 p.m.

Members of the senior class will be the commencement speakers this year, and Rev. Allan Philip of First Presbyterian Church will deliver the baccalaureate sermon. Grade school award assemblies are being held this week.

Rural schools are finishing their work for the year on a staggered basis, depending upon the length of short vacations throughout the year. Several schools will finish the semester this week, and others will have the last class sessions next Wednesday or Thursday. The LaPine schools were dismissed for the summer last week.

### Speaker to Tell Of Far East Trip

Sam Johnson of Redmond, who recently made a trip to Japanese and Korean waters aboard a navy ship as a member of a party of observers, is to be speaker at a joint meeting of the American Legion and Legion Auxiliary tonight, in the Legion hall on Bond street.

Proceeding the joint meeting, members of the post and auxiliary are to hold their separate meetings. The joint meeting, to which all interested are invited, will start about 9 p.m.

The Legion will open its nomination of officers for the coming year at the meeting tonight, with a nominating committee to submit a report. Members nominated by the committee have been notified, and are being asked to be present.

### Three Bodies Still Missing In Sea Mishap

BELLINGHAM, Wash., May 21 (AP)—Coast Guard and civilian planes and boats searched the waters off Lummi island Wednesday for the bodies of three of seven persons aboard the sloop Prelude, missing in northern Puget Sound since Sunday.

Four bodies were recovered Tuesday. The boat was not found.

Missing were Mrs. Ed E. Jukes, Don Card and Paul Fordyce, owner of the 35-foot auxiliary sailing vessel.

Bodies recovered were those of Ed Jukes, Mrs. Card, Mrs. Fordyce and the Fordyce's 12-year-old son, Kenneth.

The Prelude disappeared on a 20-mile return leg of a cruise between Bellingham and Orcas Island in the San Juans. It was seen last by tourists on the north beach of Orcas Island Sunday evening.

### Senators Hear Korea Report From Ridgway

WASHINGTON, May 21 (AP)—Gen. Matthew B. Ridgway gave senators a report on the Korean truce talks which one of his hearers described Wednesday as "certainly not optimistic."

The former supreme commander in the Far East testified at a closed hearing of the Senate Armed Services Committee. He is on his way to Paris where he will succeed Gen. Dwight D. Eisenhower May 30 as supreme commander of Western European defense forces.

### \$20,000 Collected In Cancer Drive

Deschutes county residents contributed \$20,000 to the American Cancer Society in the fund drive just completed, it was announced today by Mrs. Don S. Denning, county vice-commander. This amount exceeds the quota by \$400, she pointed out, adding that leaders in the drive are gratified with the results.

"Response to the coffee hours was especially gratifying and many hostesses expressed eagerness to make them an annual event for the cancer fund," she said.

The money raised in the county represents proceeds from the Camp Fire tag sale, dances, a cake sale sponsored by the recreation department cake decorating class and direct gifts, as well as contributions from women who attended the cancer benefit "chain" coffee hours.

Among hostesses whose original guests went on into their third chain to turn in over \$40 were Mrs. Ralph Adams and Mrs. W. O. Cuthbertson, the committee reported.

Mrs. Kenneth Munkres of Redmond is county commander, and Bill Barton is chairman of the fund raising committee. Mrs. W. C. Coyner is district commander, and Mrs. Phil F. Brogan is captain.

Persons who have money to turn in are asked to do so immediately, to facilitate closing of the books. Contributions have been received from Bend, Redmond, LaPine, Sisters, Terrebonne and Tumalo.

### Chamber Forum Set for Friday

John Clearwater, manager of the Midstate Electric Cooperative of LaPine, will be the chief speaker at the Chamber of Commerce forum luncheon at the Pilot Butte Inn Friday noon. It was announced today by Marion E. Cady, chamber manager.

Clearwater will discuss the background and future of electrical development in the LaPine and adjacent areas. Others who will accompany the speaker to the Bend meeting include Mrs. Helen McCabe, secretary of the cooperative, and Roy Morehouse of Fort Rock, a Lake county commissioner.

### Trio of Boys Finds \$2180 In 'Treasure'

PORTLAND, May 21 (AP)—Three Portland boys Wednesday had to give up a treasure of more than \$2,000 in cash they found floating in a stagnant pool yesterday afternoon.

Lynn Edwin Hill, 7; Myron Ward Whitcomb, 9, and Melvin Weaver, 11, fished an odd-looking packet containing \$2180 in currency from a pond. They split their find three ways but one of the boys' mothers spotted some of the cash. It was turned over to the sheriff's office.

Authorities believed the money was part of a hoard saved up for a trip to Russia by an aged hermit, 71-year-old James Stevens, who died in his shack near the pond last February. The money, in \$5, \$10 and \$20 bills, will be turned over to the Stevens estate.

### Bend Rotarians Winding Up Work On Annual Show

With their new permanent stock shed finished and in readiness, members of the Bend Rotary club are completing plans for their second annual 4-H tri-county fat stock show and sale to be held at Bruin field on June 6 and 7.

Under the direction of Howard Maple, general chairman, various committees have been at work for the past several weeks attending to the many details to insure another successful show and sale for the boys and girls of the tri-county area. Fred Meyers is co-chairman.

All livestock to be exhibited and sold must arrive at the Bruin field show grounds not later than 5 p. m. of Thursday, June 5, the day prior to the opening of the show. The show grounds will be open to receive stock on June 4.

**Judges Picked**

H. A. Lindgren of Oregon State College has been chosen judge for showmanship, and Douglas G. Chambers of Salem will be judge for the commercial sale. The auctioneer will be Frank E. Wink of Redmond.

Rotary club committees who are handling details for this year's show are:

Public relations, Elmer Hudson, chairman; Douglas Dick, co-chairman; Publicity, Cliff Bassett, chairman; Bob Wetle, co-chairman; Pete Jones and Bill Pierce, Sales and bids, Ted Shoop, chairman; Elmer Ward, co-chairman; Fred Meyers, Building stock shed, Elmer Ward, chairman; Edgar Smith, co-chairman; Ted Sexton, John Cuffin, Ray Forrest, Dayton Sharpe, Cliff Evans, Ted Shoop, Howard Nicholson, Howard Maple, W. O. Cuthbertson and Dave Wilson, Barbecue tickets, M. J. Mahoney, chairman; Wayne Faddis, co-chairman.

Receiving livestock, Hap Taylor, chairman; George Gohrke, co-chairman; Cliff Evans and Joe Mack, Advertising, A. C. Stipe, Jr., chairman; C. C. Coyner, co-chairman; Phil Gould and Wayne Faddis, Barbecue, Clark Price, chairman; Charles Davis, co-chairman; Oscar Hanson, W. E. Shier, Walter Combs, Cliff Evans, Jack Dudley, Henry Byzdrowski and George Gohrke, Cashier of sales, Carl Hoogner, chairman; Neilson Leland, co-chairman; Harry Waldron and Harry Athon.

**Other Chairmen**

Housing 4-H members, Ford Hunnell, chairman; George J. Turner, co-chairman; Stanley Gunster, Fred Wissenbach, William Jappert, Ralph Bailey and Dave Wilson, Clean-up committee, Hap Taylor, chairman; Elmer Ward, co-chairman.

Secretary, Harry Waldron; Plumbing, W. O. Cuthbertson; Electricity, Ray Forrest; Loudspeaker, Joe Haugen and G. M. de Broekert; Master of ceremonies, Ted Shoop; presentation of awards, Howard Nicholson.

### UN Authorities Reveal That Another Red Captive Killed By Prison Guard on Saturday

KOJE ISLAND, Korea, May 21 (AP)—Communist prisoners defiantly staged a new demonstration against the United Nations at notorious Compound 76 Wednesday.

Authorities disclosed belatedly that a guard killed a Red captive last Saturday.

These developments followed by less than 24 hours the death of another prisoner and the injuring of 85 more in rioting at a mainland prison camp near Pusan Tuesday. Steel-helmeted U. S. troops removed Communist agitators from the Pusan camp Wednesday and enforced an armed peace there.

The slaying of a Chinese war prisoner at a Koje Island compound was disclosed by Brig. Gen. Hayden L. Boatner, new commandant of the Koje camp.

**Threatening Gesture**

Boatner said the prisoner was killed when he made what appeared to be a threatening gesture toward a U. N. guard at the gate of Compound 602, which holds approximately 5,000 prisoners.

Boatner met with a prisoner representative of the compound, Maj. Wei Lin, and discussed the incident. He also permitted 12 Chinese prisoners to put flowers on the dead man's grave.

The compound was in the next valley to Compound 76, where a new anti-U. N. demonstration erupted Wednesday. About 60 prisoners took part in the demonstration at Compound 76 gate—only a few feet from the spot where Red captives kidnaped Brig. Gen. Francis T. Dodd, then camp commandant, May 7 and held him hostage for four days.

**Gather at Gate**

Two representatives from each compound on Koje Island gathered at the gate under Allied guard with Boatner's permission to talk with prisoners inside.

Boatner wanted the prisoner delegates to see for themselves that their leaders, who went into Compound 76 during negotiations for Dodd's release, were unharmed.

When the prisoners inside saw newsmen arrive in a weapons carrier, they set up a clamor to be allowed to talk to them. One in Army fatigue trousers, a spotted white polo shirt and a red-starred military hat shouted in English:

"Let us talk to these war correspondents!"

Authorities refused.

The polo-shirted soldier then tried to shove a folded pack of notes through the barred wire to newsmen. An American sergeant carrying a rifle snatched it from his hands.

**Letter Confiscated**

A few minutes later a narrow manila envelope was passed from one of the prisoners to a prisoner delegate outside. The delegate tried to stuff the envelope inside his shirt, but it was confiscated by an alert guard.

As the 60 Communists inside began to yell and crowd against the wire, an American sergeant shouted at them until he was red in the face:

"Shut up! Shut up!"

They paid no attention. Then the sergeant started singing "Sweet Adeline" at the top of his voice.

### May Could Prove Chillest Month In Two Decades

Cool weather that characterized April has continued far into May and there is a possibility that the present month will prove to be the chillest May in two decades, members of the weather station staff reported today.

The mercury has already dropped to 32 degrees or below on ten different nights this month, with a minimum of 20 for the period recorded. Last night, the thermometer forecast to 28 degrees. The area forecast from the Portland weather station had predicted a minimum of 35 degrees.

Highest temperature recorded so far this month was 77 degrees, a maximum that was below the April high.

Crops are being retarded as a result of the prolonged chill, and some damage has been reported.

### Chairman Warns Against Further Foreign Aid Cuts

WASHINGTON, May 21 (AP)—Chairman James P. Richards of the House Foreign Affairs Committee told House members they may be "throwing away the one best chance of avoiding World War III" if they vote further cuts in the \$6,900,000 foreign aid bill.

The South Carolina Democrat opened the administration's floor fight Wednesday against Republican-sponsored cuts of up to \$1,000,000,000 in the measure which President Truman has labeled "essential" to U. S. Security.

Richards' committee already has pared President Truman's \$7,600,000,000 foreign aid request by nearly \$1,000,000,000, with the entire reduction made in funds for Europe.

"I say to you flatly," Richards told the House, "that the man in the House who votes to cut deeply the amount brought before you by the Foreign Affairs Committee, whatever may be his reasons or motives, is voting to leave a gap in our security defense line."

### City Trying Out Pipe-Line Digger

A pipe-line digger brought here by representatives of a Portland firm is being used this week in excavating a deep trench on Jacksonville, between 13th and 14th streets, that will hold a section of the city's new 18-inch main from the Tumalo pipe line. The main will take Tumalo water to the new reservoir now under construction high on the eastern face of Awbrey butte.

The digger, which city officials are inspecting to determine whether it could be used in local construction, is receiving its trial test in the welded tuff that underlies the southwestern part of the city. Yesterday, the machine suffered a breakdown in cutting through the tuff and is undergoing repairs.

Imbedded in the aged tuff are some lava-rock inclusions which are causing considerable trouble, the crew operating the digger reported. The digger saws its way through the tuff without great difficulty, but makes little headway when the occasional chunks of basalt are encountered.

City officials are inspecting the work of the digger to determine whether the unit should be purchased. The digger is a second-hand unit.

### Large Increase Shown in Report

Inventories submitted to County Assessor Leslie M. Ross for taxation purposes this year will exceed the inventories of last year by more than a million dollars. This was revealed today by Ross who has made a preliminary check of all submitted inventories.

So far Ross said the inventories amount to \$1,003,590 more than those submitted a year ago. He said this would be subject to some slight change as at least one case probably will be taken before the county board of equalization.

Last year the inventories represented a total value of \$4,105,357.50 and the assessment for taxation purposes was based on 40 per cent of their true value. This year the inventories will amount to more than \$5,000,000, he said, but will be assessed at 25 per cent of their true value, under the tax equalization plan authorized and demanded by the state tax commission.

### Articles Filed

SALEM, May 21 (AP)—Articles of incorporation were filed here Wednesday for the "Save the Deschutes Committee of Portland."

Objective of the group was listed as to "conserve, maintain and restore all soil, waters and wild life, be it animal or vegetable, of the Deschutes river basin, Oregon."

Signing the articles were Rollin E. Bowles, Joseph W. Smith and George Brown.
