Stevenson Now Willing To Make Run

By RAYMOND LAHR
(United Press Staff Correspondent)
WASHINGTON, June 21 (AP)—Gov. Aldai E. Stevenson of Illinois has decided to make himself available for the Democratic presidential nomination, party sources said Saturday.

These sources—a high administration official and a senator in close touch with behind-the-scenes maneuvering in the Democratic camp—said they had "heard" from White House quarters that Stevenson had solved "personal problems" that have kept him from announcing his availability.

The administration official said he understood Stevenson would announce his decision Monday.

Stevenson has insisted that he is running only for reelection as governor, although he is reported to rate high with President Truman and is favored by many Northern Democratic leaders. The governor has said repeatedly that he could not accept the presidential nomination.

The Senate source said he had conferred with Democratic leaders who met recently with Stevenson. He named New York State Democratic Chairman Paul E. Fitzpatrick as one of this group. The Senator said he thought Stevenson would announce his availability soon, but did not know if the announcement would come Monday.

Reasons Personal
The administration source said it was reported that Stevenson's reluctance to run for President was based on purely personal reasons which now have been cleared.

The official said that according to his information, Stevenson's decision to make himself available for the nomination had no connection with the eventual Republican presidential nominee. It has been reported that Stevenson might run if Sen. Robert A. Taft of Ohio is nominated on the GOP ticket.

Meantime, Gen. Dwight D. Eisenhower's supporters braced for another defeat in their battle with the Taft camp for Republican National Convention delegates.

The Louisiana State GOP Committee was scheduled to meet at Shreveport to decide seven contests over district delegates. The committee is dominated by Taft followers.

Little Hope Held
The Eisenhower forces held little hope that the committee would rule in their favor. They lost two other contests Thursday when the Virginia State Committee approved two Taft delegates from a contested district.

The Louisiana district delegate disputes were among 23 contests referred by the Republican National Committee this week to state committees. The national committee took jurisdiction over 72 other contests involving delegates elected at large from the states.

Eisenhower headed from Denver to Denison, Tex., his birthplace, where he was to address a group of Gold Star Mothers. From there he will go to Dallas to deliver a major campaign speech Saturday night.

The general told newsmen that (Continued from Page 5)

Lattimore Cannot Leave U. S. Under State Department Ban; Trip to Russia Rumored Plan

By MICHAEL J. O'NEILL
WASHINGTON, June 21 (AP)—The State Department has barred Owen Lattimore from leaving the country until it nails down a report that he had planned a trip to Russia.

The department said late Friday it took the "unusual" step as a "precaution" against the possibility of Lattimore deliberately violating the strict ban against travel behind the Iron Curtain.

It said the action was based on an "official allegation" that the controversial Far Eastern expert was making arrangements to visit Russia even though he did not have a passport.

Lattimore Comments
Lattimore said Friday night at his home in Baltimore: "I suggest they (the State Department) should investigate the evidence, whereupon they will find out there isn't any evidence since I have no plans to go to Russia or any other country now or in the foreseeable future. I haven't booked passage anywhere."

Lattimore, a Johns Hopkins University professor, has been under heavy congressional fire for his connections with the much-criticized Institute of Pacific Relations. Sen. Joseph R. McCarthy (R-Wis.) has charged him with being Russia's "top agent" in the United States. Lattimore repeatedly has denied being a party member or Red sympathizer.

Investigation Started
"An allegation was recently made to the department that Mr. Owen Lattimore was making arrangements for a possible visit to the USSR and its satellites," the State Department said.

The department immediately began an investigation of this allegation. Pending the results of this investigation, the Customs Bureau was notified that Mr. Lattimore... should not be permitted to leave the United States.

The order was sent to the Customs Bureau June 3. The bureau relayed it to its Baltimore and New York district offices the following week.

The State Department refused to say whether the "allegation" was based on evidence that Lattimore had actually booked passage for the Iron Curtain.

More than 400 Chinese were killed or wounded in the fierce six-hour battle. The 17th Regiment of the U. S. 45th Division and men of the Philippine 19th Battalion combat team absorbed the initial shock of the 3,500-man Red attack.

In the air, American Sabre jets shot down one Communist MiG-15 jet fighter over the North Korean capital of Pyongyang in a dog fight with five of the Russian-built planes.

Bayonets Used
Lt. Gen. John W. Iron Mike O'Daniel, commander of the U. S. 1st Army Corps, said the comparatively green newcomers on the western front met the mass Chinese attacks with the "cold steel" of bayonets.

He said they were capable of repelling "any Chinese offensive." The American and Filipino foot soldiers repulsed the hordes of Chinese in the bloody battle which marked the Reds' 21st futile attempt to recapture the strategic heights wrested from them by the 45th Division 10 days ago.

Artillery Used
The Reds moved in behind a heavy artillery barrage which poured 60 shells a minute on defending United Nations forces. Scrapy U. S. soldiers climbed out of their foxholes and took on the raiding Reds in hand-to-hand combat with grenades and bayonets. B-26 bombers came in low over the battle area to bomb Communist concentrations.

Damage Actions Filed in Salem

Damages totaling \$37,750, are sought from the estates of Roland P. Mark and Mary Culp Mark, in suits filed in the Marion county circuit court at Salem yesterday by Herbert Welch and Bernice Lowe.

The two suits are the outcome of the fatal automobile accident which occurred about 15 miles east of Burns on Nov. 25, 1951, when the two Bend residents, together with Miss Kaaren Kannegard, a Kenwood school teacher, were among the four persons killed. J. C. Lowe, driver of one of the cars, also was killed, and his widow, Bernice, seeks \$15,000 damages from the estates.

Welch, a passenger with Lowe at the time of the accident, claims to have suffered a broken nose and other injuries. He seeks \$22,750 in damages.

There had been a resident of Bend for several years prior to the death crash. He was operating a printing concern. Mrs. Mark was a teacher in the Kingston school.

30 INJURED IN WRECK
CHICAGO, June 21 (AP)—Charles Cot, Astoria, Ore., and Dorothy Van Dendale, Portland, were among 30 persons who suffered minor injuries Friday night when two coaches of a streamliner train were derailed here during a switching operation.

Both were treated in the railroad dispensary. The streamliner "City of Portland," belongs to the Chicago & North Western railroad.

Wilson Brothers Near Last Mile; Judge Denies Petition

OLYMPIA, June 21 (AP)—Gov. Arthur B. Langlie said Saturday noon he cannot justifiably save Turman and Utah Wilson from the gallows at 12:05 p. m. Monday.

The governor said there is not the "slightest shred of evidence that innocent men are suffering or that their trial was anything but fair."

Reopening of Lumber Plant Assured, as Result of Purchase

Delegates and visitors attending the 1952 convention of the Oregon State Life Underwriters Association in Bend held their final conference just prior to the noon hour today, following election of officers for the coming year and the tentative selection of Eugene as their 1953 convention city.

The Bend convention opened yesterday morning, and was highlighted by a banquet last night at the Pilot Butte Inn, with Don R. Thompson presiding as toastmaster and with Don Blanding, nationally known poet and lecturer, as speaker.

M. L. (Bill) Williams, Portland, was named president of the OSLSUA for 1952-53. Charles O. McGee, Eugene, is to serve as secretary-treasurer. LeRoy J. Marker, Salem, was named national committeeman.

Plans Outlined
Election of leaders for the new year followed a general session that opened with Gordon E. Wilson, Portland, president this past year, in charge. Plans for the year were outlined by the new officers at the final meeting.

Wilson presided at the banquet opened last night, then introduced Thompson as toastmaster. Thompson in turn introduced Miss Maxine Brown, Lion-Kiwanian candidate for queen of Bend's 1952 Mirror Pond pageant.

Blanding read a number of his poems, first telling the story behind the poems. He answered repeated encores.

Bend's "Tune by Four," Lloyd Robideaux, Vern Larson, Bob Dudley and Gail Sigmund, were presented in a group of songs.

The banquet was preceded Friday afternoon by business discussions and training sessions. All conferences were held in the former KBNB radio room, in the Pilot Butte Inn.

Classes will be held on Tuesday, Wednesday, Thursday, and Friday. The first series of lessons will be from July 8 through July 25, and the second series from July 29 through August 15.

Registration may be made only at the Red Cross office in the Penney building, (telephone 467) between the hours of 2 and 4 in the afternoon, starting Monday, June 23. No registrations will be accepted at the city pool. Children must be 8 years old to register, and are entitled to only one series of lessons during the summer.

Swimming classes will be offered for beginners, intermediates, swimmers, and Junior life savers in the morning from 10 to 12. Time schedules will be announced later. Junior life saving will cover the entire six-week period, as a minimum of 15 hours is required. This class is open to boys and girls from 12 to 15 years of age who pass the required entry tests.

Two night classes will be offered from 6 to 7 p. m. One will be a class for adult beginners, and the other will be a six-week course in senior life saving, which will be open to those over 16 who pass the required entry tests. Registration for these classes must also be made at the Red Cross office.

The Red Cross office has requested that any qualified water safety instructors in this vicinity contact them whether or not they will be available for volunteer teaching, as the chapter wishes to complete an instructors' survey.

The Bend swimming program is sponsored every summer by the Red Cross and the City Recreation Department. Residents of Turnalo, Sisters and other neighboring communities will be welcome to participate, and they, too, must register at the Red Cross office. It was announced.

About 30 Men Will Obtain Employment

Purchase of the Bend Lumber company remanufacturing plant in the city industrial area by New York lumber interests was announced here today by the Hudspeith company of Prineville, former owners of the Bend plant.

According to information received here the plant was acquired by Consolidated Pine, Inc., of New York. The plant, which has been closed down for nearly a year, will be in full operation again early in July. Approximately 30 men are employed in the plant when it is operating at full capacity.

Sidney Kulick of New York City is president of the new corporation which is taking over the property, and Howard Shirvan is secretary. These men, who have visited in the Central Oregon area frequently in the past several years, have been operating the Consolidated Lumber Corporation of New York, a lumber sales and distribution concern.

Simultaneously with the announcement of the purchase of the Bend holdings of the Hudspeith interests, it also was reported that Central Oregon Pine, Inc., from the Hudspeiths in Prineville, and also will operate that plant.

Kulick, president of the concern, is expected to arrive in Bend within the next few days to complete plans for the re-opening of the plant here.

The new owners have announced that James E. Garrett, who has been superintendent of the Prineville plant, will be in charge of operations for the company.

The plant in the past has confined itself to the manufacturing of molding, and it is understood the new owners will continue the same operations.

Lenience Fails, Prison Imposed
Lenience extended to Clifford Wheeland on Jan. 29, 1951 failed to produce promised results, and as a result he was sent to the state penitentiary today to serve a two-year term for obtaining money and goods under false pretenses. He appeared yesterday afternoon before Circuit Judge R. S. Hamilton and pleaded guilty to the charge.

He admitted having given the Congress Market a bad check for \$20. He pleaded guilty nearly two years ago on another bad check charge and was given probation on his promise to make good several other checks he had passed on Bend merchants. But court records show he failed to keep his promise.

Wheeland left Bend shortly after his prior release and was picked up last week by the sheriff in Douglas county. He was taken to the state prison this morning by Deputy Sheriff Forrest Sholes.

Pastor Admits Fatal Shooting
PORTLAND, June 21 (AP)—A 72-year-old pastor told police Saturday he shot and killed a handyman, with a pistol, after the man came at him with a hammer and ax.

Rev. James LaFayette Yokum, who operates a mission where the victim was employed, said he kept the .25 caliber automatic for protection.

He said he entered a rooming house to see one of his parishioners when the victim, Frank Wilson, rushed at him with a hammer and an ax. He said he took the gun from his pocket and fired twice. One bullet struck Wilson in the side and the second in the small of the back, police said.

Delegates Hold Final Conference

Delegates and visitors attending the 1952 convention of the Oregon State Life Underwriters Association in Bend held their final conference just prior to the noon hour today, following election of officers for the coming year and the tentative selection of Eugene as their 1953 convention city.

The Bend convention opened yesterday morning, and was highlighted by a banquet last night at the Pilot Butte Inn, with Don R. Thompson presiding as toastmaster and with Don Blanding, nationally known poet and lecturer, as speaker.

M. L. (Bill) Williams, Portland, was named president of the OSLSUA for 1952-53. Charles O. McGee, Eugene, is to serve as secretary-treasurer. LeRoy J. Marker, Salem, was named national committeeman.

Plans Outlined
Election of leaders for the new year followed a general session that opened with Gordon E. Wilson, Portland, president this past year, in charge. Plans for the year were outlined by the new officers at the final meeting.

Wilson presided at the banquet opened last night, then introduced Thompson as toastmaster. Thompson in turn introduced Miss Maxine Brown, Lion-Kiwanian candidate for queen of Bend's 1952 Mirror Pond pageant.

Blanding read a number of his poems, first telling the story behind the poems. He answered repeated encores.

Bend's "Tune by Four," Lloyd Robideaux, Vern Larson, Bob Dudley and Gail Sigmund, were presented in a group of songs.

The banquet was preceded Friday afternoon by business discussions and training sessions. All conferences were held in the former KBNB radio room, in the Pilot Butte Inn.

Classes will be held on Tuesday, Wednesday, Thursday, and Friday. The first series of lessons will be from July 8 through July 25, and the second series from July 29 through August 15.

Registration for these classes must also be made at the Red Cross office.

The Red Cross office has requested that any qualified water safety instructors in this vicinity contact them whether or not they will be available for volunteer teaching, as the chapter wishes to complete an instructors' survey.

Preside at Convention in Bend

These men, one of them a former resident of Bend, had an active part in the two-day convention of the Oregon State Life Underwriters' Association which ended here this morning. From the left they are John J. Howe, The Dalles, national committeeman for the state group; Verne Gilbert, Portland, NALU trustee; Gordon E. Wilson, ex-Bend resident and president this past year of the Oregon State Life Underwriters' Association, and Malcolm L. Williams, Portland, OSLSUA secretary-treasurer in 1951-52.

Allies Repulse Strong Assault By Chinese Reds

By ROBERT UDICK
SEOUL, Korea, June 21 (AP)—Fresh American and Filipino infantry replacements beat back the biggest Communist attack of the year west of Chorwon Saturday in a desperate battle for control of three strategic hills.

More than 400 Chinese were killed or wounded in the fierce six-hour battle. The 17th Regiment of the U. S. 45th Division and men of the Philippine 19th Battalion combat team absorbed the initial shock of the 3,500-man Red attack.

In the air, American Sabre jets shot down one Communist MiG-15 jet fighter over the North Korean capital of Pyongyang in a dog fight with five of the Russian-built planes.

Bayonets Used
Lt. Gen. John W. Iron Mike O'Daniel, commander of the U. S. 1st Army Corps, said the comparatively green newcomers on the western front met the mass Chinese attacks with the "cold steel" of bayonets.

He said they were capable of repelling "any Chinese offensive." The American and Filipino foot soldiers repulsed the hordes of Chinese in the bloody battle which marked the Reds' 21st futile attempt to recapture the strategic heights wrested from them by the 45th Division 10 days ago.

Artillery Used
The Reds moved in behind a heavy artillery barrage which poured 60 shells a minute on defending United Nations forces. Scrapy U. S. soldiers climbed out of their foxholes and took on the raiding Reds in hand-to-hand combat with grenades and bayonets. B-26 bombers came in low over the battle area to bomb Communist concentrations.

This main enemy attack, a pin-cer movement designed to cut off the hill positions, lasted four hours, but the Reds jabbed back in lighter probes for two more hours.

India Would Aid In Truce Parley
NEW DELHI, India, June 21 (AP)—India offered Saturday to try to help break the Korean armistice deadlock over repatriation of war prisoners.

India's services were offered by Premier Jawaharlal Nehru in a statement to the press. He said India was ideally suited to mediate because she is friendly with all countries involved on both the United Nations and Communist sides.

Summer Makes Official Bow; Reception Cool

Summer arrived at 3:13 a. m., Pacific standard time, today, but winter was not far behind.

The mercury in Bend dropped to 36 degrees last night, and a trace of snow was reported from the Cascade highlands following yesterday's storm that released 29 of an inch of moisture in the Bend area. At sunrise this morning, the mercury was still in the thirties.

The spring season that ended in the pre-dawn hours today was one of the chilliest in many years. It was announced from the weather station, Bend's highest temperature of the year up until today was 88 degrees.

Yesterday's rain dampened much of Central Oregon and alleviated the fire danger in the Deschutes woods.

Warmer weather is in prospect for the week end.

British Secrets Held Betrayed
LONDON, June 21 (AP)—The state charged Saturday that a British Foreign Office radio operator betrayed government secrets to the Russians over a period of three months and had been found with a "highly dangerous secret" document.

Four new charges of obtaining secret information and giving it to the Russians were lodged against William M. Marshall, the 24-year-old defendant, at his second hearing in the Southwest London magistrate's court.

No Bail Permitted
The court denied Marshall's appeal for bail and ordered him held for trial next Thursday under Britain's anti-espionage law, the Official Secrets Act. No indication was given of the type of information involved, other than that it might be useful to an enemy.

Marshall, whose job was to transmit both coded and open messages to British missions abroad, was arrested in London's King George's park a week ago as he kept an appointment with Pavel Kutznetsov, second secretary in the Soviet embassy in London.

Kutznetsov also was named in the additional charges filed Saturday. However, as a diplomat he is immune to prosecution.

Class of 32 Plans Pageant Reunion
Between 60 and 70 members of the Bend high school graduating class of 1932 are planning a two-day reunion to be held here during the water pageant celebration.

A picnic will be held at Pioneer Park on the afternoon of July 4th, and a no-host dinner and party will be held on the evening of July 5th.

All local members of the class of '32 will hold an important meeting at the Chamber of Commerce offices next Tuesday evening to complete plans for the reunion.

Milwaukie Flier Hurt in Crash

PORTLAND, June 21 (AP)—A Milwaukie, Ore., flier suffered a broken leg and other injuries Saturday when his small mosquito-spraying airplane crashed into a swamp about a mile east of the Sauvies island bridge north of here.

Roy L. Darby, 38, saved his life by climbing onto the fuselage of the Steerman PT-17 plane after it turned upside down in three feet of water. He was lying on the fuselage when found by David McCormick, 18, and his sister, who live near the scene of the crash. They borrowed a boat to row out and take Darby to shore.

Darby also suffered face cuts and lacerations. The plane, owned by Aero Flight company, Troutdale, was demolished.

India Would Aid In Truce Parley

NEW DELHI, India, June 21 (AP)—India offered Saturday to try to help break the Korean armistice deadlock over repatriation of war prisoners.

India's services were offered by Premier Jawaharlal Nehru in a statement to the press. He said India was ideally suited to mediate because she is friendly with all countries involved on both the United Nations and Communist sides.

"When I say India would go all out to find some solution," he said, "that is as much as anybody can say."

The repatriation issue is the sole question blocking an armistice in Korea. The Communists are demanding the return of all war prisoners; the United Nations refuses to return any prisoners against their will.

SEASIDE, Ore., June 21 (AP)—The Oregon Federation of Labor, in the final session of its 15th annual convention here, Friday picked Pendleton as convention city for 1953 and acted on the last of the 90 resolutions submitted by delegates.

Federation Ends Seaside Session

One of the record-breaking number of resolutions called for an indemnification of two power dams constructed by private power interests. Both the Pelton dam, proposed by the Portland General Electric Co., and the California-Oregon Power company's Klamath river dam received the approval of the 311 delegates.

Leo Kotin, regional wage stabilization board chairman, speaking before the last session, defended the action of the WSB in the steel case and predicted Congress would extend the life of the agency. His statement was made as the house of representatives voted tentatively to strip the WSB of most of its authority.

Water Pageant May Be Televised

There may be a televised newsreel of Bend's colorful water pageant this year, it was reported today by Marion E. Cady, Chamber of Commerce manager.

The chamber has received a letter from Art Monero, a Portland newsreel photographer asking for a complete description of the pageant. He advised the local organization he is expecting to be assigned to Bend to obtain television newsreels of the fete.

Two Motorists Injured in Crash

Two motorists, one of them a Bend resident, were brought to St. Charles Memorial Hospital here last night following a collision between two cars on U. S. Highway 97 some 16 miles south of Bend.

In the hospital are Jack Dallas, 37, Bend, who suffered possible fractures, and William E. McDonald, of Lawndale, Calif. Dallas was said to be the most seriously injured.

McDonald, alone in his car, told investigating officers that he was driving north, en route to Portland, when he noticed a car approaching and moving in an apparent erratic manner. McDonald said he pulled over on his side of the road until he was some five feet away from the yellow line, and brought his car to a stop.

The southbound car, moving at a speed of about 25 or 30 miles an hour, moved over the center strip and hit the McDonald car, officers were told.

Elmer C. Markham, Bend, said he was operating the southbound car, which was carrying three men, the third not yet identified, to Paulina lake on a fishing trip. Markham was not injured.

Because the southbound car, owned by Dallas, was not moving fast, and the other was stopped, the machines escaped major damage. The accident occurred around midnight, and the injured men were brought to the local hospital about 1 a. m.

Taft Now Claims Almost Enough Ballots to Win

WASHINGTON, June 21 (AP)—Sen. Robert A. Taft said Saturday he is figuring his convention delegate count at enough to win the Republican presidential nomination but that it would be question of "strategy" whether all would be mustered on the first ballot.

The Ohioan told a news conference that he has counted his national convention delegates at "just about 603 or 604."

It takes 604 votes to win the nomination.

The United Press tabulation based on pledges and known first ballot preferences gives Taft 471 votes and Gen. Dwight D. Eisenhower 405 votes.

Strategy Involved
"It's a question of strategy whether to try to win on the first ballot," he said.

Taft also said: 1. Gen. Dwight D. Eisenhower, his chief rival for the nomination, is "apparently unwilling to go after the administration for lack of judgment and mistakes" in foreign policy.

2. He believes, however, that differences with Eisenhower over foreign policy are not "tremendous differences of principle but in emphasis."

3. He would frame a balanced \$70,000,000 federal budget for the fiscal year ending June 30, 1953, cut it to \$60,000,000 next year, permitting a 15 per cent tax reduction.

4. He would frame a balanced \$70,000,000 federal budget for the fiscal year ending June 30, 1953, cut it to \$60,000,000 next year, permitting a 15 per cent tax reduction.
