Wool Payment Rules Reported

Special to The Bulletin

MADRAS—To be eligible for new wool incentive payments, the wool must have been sheared after Jan. 1, 1955 and marketed beginning April 1, Andrew Morrow, chairman of the Jefferson county Agricultural Stabilization and Conservation office, has announced.

Producers who want the wool to be eligible for payments provided under the National Wool act of 1954 must retain ownership until April 1. Wool sheared during the January - March period may be stored or consigned for future sale, but the owner must retain title during the period.

Under the act, the secretary of agriculture has announced an incentive price of 62 cents per pound for shorn wool, grease basis, for 1955. If the national average price falls below the incentive price payments will be made.

Producer's payments will be based on the percentage needed to bring the national average price up to the incentive level, and that percentage will be used to calculate each grower's payments, Morrow explained.

Indians Cease Head-Hunting Shellfish Pirates

NEW DELHI — (UL) — India's Northeast Frontier Agency (NEFA) has succeeded in stopping head-hunting in the tribal areas that form the northeast border between India and China.

NEFA, which has been operating for three years, did the job without firing a shot. The task was completed by gaining the friendship of the tribes and persuading them to change their customs.

The job was not easy, for the culture and art of the tribes was based on the possession of human heads. The warrior who had taken the largest number of heads was entitled to the largest tomb after death and for him were built great bamboo horne, 400 seet long. And for centuries the elders of the villages have pointed with pride to the rows of human heads which they secured as trophies in wars against their neighbors.

They're Not All GOPers in N.H.

ROCHESTER, N. H. — (UP) — All are not Republicans in New Hampshire.

Gov. Hugh Gregg was presiding at a public hearing in the city hall here when a woman holding a baby asked if she might speak from her seat rather than come down front to the microphone.

Before Gregg could assent, a man offered to hold the child. As Mrs. Noreen Winkley walked to the microphone, the governor quipped:

"HE (the baby) probably will grow up to be a good Republican."

"SHE will grow up to be a good Democrat," the mother reported. "I am a Democrat."
