

**SPEEDY BRUIN BACK** — Norm Pease, sprinter-halfback, is Bend's chief breakaway threat and will be in action against Albany Friday night at Bruin Field. Pease broke loose for two touchdowns against Sweet Home on 71 and 52-yard gallops. Pease went 213 yards in nine carries for a neat 23.66 yard average. (Bend Bulletin Photo).

### Winbigler's Bears on Short End Against Albany Eleven

day at 8 p.m. For the first time this season the Bruins will be underdogs.

The Albany vs. Bend fracas is the top district 8-A-1 attraction this week. The strong Bulldogs, who rolled over Prineville, 32 to 19, in their opener and played South Salem to a standstill for three quarters before finally bowing, 19 to 6, seen this win to stay in the till race.

### Teams to Face Tougher Foes

Culver and Sisters, easy victors in their opening Cascade league tests last week, face tougher opposition this Friday, but both are expected to come through with triumphs and set the stage for their crucial clash at Sisters, Sept. 30.

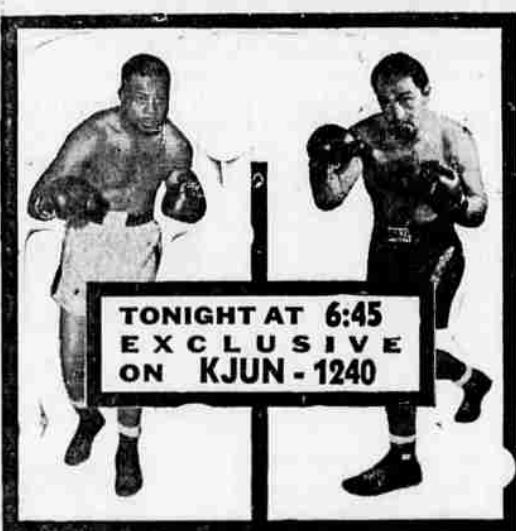

Culver will meet Dufur at Kelly Field in Madras at 8 p.m. Powerful Sisters Outlaws, still unscathed upon this year, host McKenzie. The Outlaws have never beaten McKenzie but should turn the trick this year.

**KNEE INJURED**  
PORTLAND (UP)—Harry McAtams, 205-pound all-conference tackle from Newberg, will be missing from the Lewis and Clark lineup Saturday against College of Idaho because of a wrenched knee suffered in last week's Montana State Game. Coach Joe Huston said today.

**Bruins Point For Upset**  
Winbigler, along with assistant Floyd Holt and Don McCauley is drilling the Bruins long and hard in preparation for this crucial test. With a few breaks, Bend could spring an upset.

Considerable time was spent on tackling and downfield blocking yesterday. Ron Anderson, veteran end, was the only regular not in pads. Anderson has been bothered by a knee injury, but should be at his wing post Friday night.

Albany fought South Salem, last year's state co-champions to a 0 to 0 halftime tie, and was only trailing 7-6 in the fourth quarter when the Saxons finally pushed over two more TDs.

### Cowboys to Play Bonus Deer Hunts Short Of Hunters

Hunters can still apply for the bonus deer seasons in the Newbridge, northside John Day, and Lookout Mountain areas, the Oregon Game commission said today. These special hunts have fallen far short of the desired number of participants by the Sept. 15 deadline for submitting applications.

Applications will be accepted by person applying. Hunters who the commission on a first come, first serve basis until the desired number of tags have been issued. Application blanks may be obtained at the game commission's Portland office, regional headquarters, and at all license agencies.

Only 170 applicants have applied for the 300 tags in the Newbridge controlled hunt, 579 applicants for the 1,500 tags in the northside John Day, and 74 for the 400 tags in the Lookout Mountain area.

**MINOR DAMAGE**  
Fire that broke out in the back porch wall caused minor damage Tuesday afternoon to the residence of Mrs. Pearl Hilliard, 2101 Averbroad. Firemen answered an alarm at 3:11 p.m.

### Hunting & Fishing

**By VIRGIL RUPP**  
Interest in fishing falls off much each day as deer season approaches. In an announcement from Salem yesterday Gov. Patterson said it looks as if the deer season will open on schedule, October 1. He made the announcement after conferring with private and public agencies.

The recent rains have decreased the danger of fire in the woods and Gov. Patterson said he was making the statement at this time in accordance with his policy of "waiting as soon as possible to hunters that the hunting season will start on schedule."

The Central Oregon country is still dry however and fire danger will be high. Even though the nights are cool and damp, says the game commission, the ground duff and litter are quickly dried by the high daytime temperatures making them extremely vulnerable to fire.

Sportsmen can help insure access to privately owned and public land, by helping prevent range and forest fires and generally conducting themselves in a manner befitting a good sportsman.

Dick White, who works for Evans Fly company, made a couple of pre-season exploratory trips for deer last week. He started in the China Hat country, worked south

small white bucktail reported the best.

Wascans were still biting in Crane Prairie the last I heard.

Lake of the Woods, west of Klamath Falls is due for chemical treatment today. Preliminary preparations by a skeleton crew have been under way for several days. The stunted fish life to be eradicated by use of rotenone includes perch, bluegill, sunfish, bullhead, catfish, bass, carp, suckers, moach, and some trout.

Anyone interested can watch the work and upon completion can pick up a limit of 30 fish. The fish are killed by suffocation so it does not affect their eating qualities.

**FEED NOW with TURF BUILDER\***
