

THE BEND BULLETIN

The Bend Bulletin, Wednesday, December 21, 1955

BIG LIFTER—The HX-17, largest helicopter ever built, lifts an Air Force trailer van weighing 7800 pounds. It is believed to be the heaviest load ever lifted by a helicopter. The big lift was made during tests of the craft at Culver City, Calif. Capable of carrying loads of at least 10 tons, the HX-17 was made for the Air Force by the aircraft division of Hughes Tool Co. in Culver City. It is a pressure-jet, single-rotor helicopter.

HONORS ARTIST—This new Italian stamp marks 500 years since the death of Renaissance painter Fra Giovanni da Fiesole. Reproduced on the stamp is a fresco done by the painter, known popularly as "Beato Angelico." The fresco, in the Nicolina Chapel of the Vatican, shows St. Lawrence distributing his riches to the poor.

DIED IN OFFICE
Seven men died while serving as vice-president of the United States: George Clinton, Elbridge Gerry, William King, Henry Wilson, Thomas Hendricks, Garret Hobart and James Sierman.

The weight measure for pearls is the "pearl grain" with four such grains equivalent to one carat.

Prediction Made On Future Store

CHICAGO (UP)—The retail store 45 years from now will have many of the aspects of science fiction. But it will all be real to the customer.

The main floor sales space will be covered entirely by displays in the store of 2,000 A.D. and the merchandise, what little there is of it, will be contained in automatic vending machines.

This is the prediction of Raymond L. Lutgert, 36, developer of a new suburban shopping center on Chicago's South Side. Lutgert also forecast that shopping areas at the beginning of the next century will be inclosed entirely in glass and heated for the comfort of the shoppers.

Other features of the store-to-come, Lutgert said, will be moving sidewalks, selling by automatic clerks and machines to handle deliveries, inventories and similar chores.

An estimated 4,100,000 motor vehicles were scrapped in 1954.

SAVE OVER \$70000

On a 1955 Chevrolet Station Wagon.

A beautiful Cashmere blue with ivory top and whitewall tires. This is an Executive car that has been driven only 5,300 miles. It is a V-8 with Powerglide, power steering, radio, heater, E-Z glass, washers and back-up lights. Carries new car terms and warranty. FULL PRICE ONLY \$2695.

Paper Taken Back By Gainza Paz

BUENOS AIRES (UP)—Dr. Alberto Gainza Paz takes formal notice today to the principal properties of the newspaper La Prensa, confiscated from him more than four years ago by deposed dictator Juan D. Peron.

The La Prensa building and the printing plant, six blocks away, were handed over Monday to Manuel Ordonez, chief counsel of the Paz family, but today's ceremony formally marks restitution of the properties.

Peron converted La Prensa into a propaganda organ for his CGT labor federation, which continued to run the paper until the present revolutionary government decided to return it to Gainza Paz. The newspaper is scheduled to reappear under his direction as soon as an inventory is completed.
