 Used Cars  
 If you are interested in a good used car, be sure to get our difference figure on a trade. It doesn't make any differences what you are allowed for your car. It does make a difference on the balance that you pay on. What good is a high trade in if you buy an overpriced car? All of our cars have a posted selling price. Buy where you know what the price is and not a different price for every customer.
