Mrs. Rosella Finlayson, from Washington, has been engaged as teacher. Possibly another teacher will be hired, if it is necessary to do so in order to facilitate division of the classes. Mrs. Finlayson's husband is in the service. She has a background of Seventh-Day Adventist teacher training.

Last year, 23 pupils were enrolled in the school at the beginning of the fall term. It is believed that there will be considerably fewer when classes get under way this September.

### School System Staff Preparing For New Year

Children are America's most important commodity. Their education is one of the nation's most important businesses. It is not facetious, and it is no slur on educators, to say that education is big business. It's big and it's important.

In the Bend Public Schools, including Central Oregon College, the payroll is 133 persons. This includes eight administrators and principals, a non-professional staff of 11, and 134 instructors.

R. E. Jewell, city school superintendent, heads the administrative staff. A. W. Nelson is elementary director, and Mrs. Irene Cottrill is school clerk. Don P. Pence is director of Central Oregon College. J. Russell Acheson is Bend Senior High principal, and Ralph B. May heads the staff at Bend Junior High. Grade school principals are Ford Hummel, Allen, and Henry Hall, Kenwood.

Assisting with the administrative duties are "head teachers" at Reid, Thompson, Kingston, Marshall and Yew Lane schools.

The special education department now has a staff of five, including Mrs. Almeda Holst, director. Others in the department are Mrs. Evelyn Glass, home teacher; Mrs. Florence Jeffers, speech correctionist; Carrie Mae Scott and Mrs. Agnes Vierzug.

Also on the professional staff of the school system are Mrs. Bonnie Graves and Mrs. Evangeline Nelson, music, and John E. Penhler, director of audio-visual education.

The non-professional staff includes Albert Jorgensen, maintenance superintendent; Louis Mitchell, bus superintendent, and a staff of eight secretaries.

Mrs. Helen Bowles is assistant to the school clerk, in the superintendent's office. Mrs. Dorothy Kellogg is secretary at Central Oregon College. Mrs. Carol Acheson is secretary in the office of the elementary director, and Mrs. Terresa Thompson is primary secretary. Mrs. Helene Roaring is secretary to Superintendent R. E. Jewell.

New to the secretarial staff this year is Mrs. Alma Waige, who will succeed Mrs. Alta Carsey at Junior High. Other secretaries are Mrs. Lois Gumpert, Kenwood; Mrs. Barbara Lutz, Allen; and Mrs. Pauline Waddell, Bend Senior High.

### Room, Rafter Men on Strike

TACOMA (UP) — Boom and rafter men went on strike here Monday and formed picket lines around three log dumps and two lumber companies.

Negotiations between Local 1129 and employers broke down during the weekend and both sides are waiting for federal mediators to enter the dispute. The union has asked for a 7-1/2 cent an hour wage increase.

Only 80 men comprise the local but a prolonged strike could halt logging operations in the Morton Mineral area and eventually cripple all lumber and plywood firms in the Tacoma area.

### Flynn Prepared To Champion Fellow Thespians

NEW YORK (UP) — Actor Erroll Flynn arrived in town from Paris today and immediately offered himself as champion for the cause of his Hollywood associates in their troubles with Confidential magazine.

"I think it is about time someone stepped forward to unsully the fair name of we thespians," the swashbuckling screen lover said after he stepped off a plane at Idlewild Airport.

Flynn, who got the Confidential treatment himself about two years ago in a story concerning his alleged antics on his wedding night, declared "If someone wants to hear from me, I'll be more than anxious to open my trap." So far, the dashing actor, whose off-screen romances have had their share of the limelight over the years, hasn't been called to testify in the criminal libel suit that is rocking the Hollywood film colony.

Flynn said "It seems to me that all of us have done certain things at some time that we are not happy about."

"But the fact that this magazine is getting away with a pack of lies is an outrage against civil liberties and leaves a bad odor where it is not deserved."

Flynn said his New York lawyers had tried unsuccessfully for two years to bring civil and criminal libel suits against Confidential magazine into court.

Flynn said he expects to fly to Hollywood next week and would be available at any time for testimony.

### Navy to Drop 18,000 Civilians

WASHINGTON (UP) — The Navy announced today that it will drop 18,000 civilian employees in the current fiscal year, the majority of them by Oct. 31.

The economy order was the latest in a series of drastic measures to fit the armed forces into a \$8 billion dollar spending budget for the year which began July 1.

The Air Force has announced plans to drop 20,000 civilian employees by the end of October at a savings of seven or eight million dollars a month. Army plans are yet to be announced.

The Navy was unable to say immediately what its monthly savings would be after the civilian cutback, but it apparently will be not much less than the Air Force's.

Reductions will run throughout the Navy's shore establishment, the announcement said. Naval shipyards, ordnance plants, overhaul and repair shops, and supply depots will be chiefly affected.

**DAM FAVORED**  
VANCOUVER, Wash. (UP) — The Clark county Public Utility District Monday went on record as favoring construction by the Washington Public Power system of Ben Franklin dam north of Richland.

There are 17 PUDs making up the system and presumably each would have to give approval.

The proposed dam would produce 400,000 kilowatts.

### Key Democrats See Opposition To Bill Melting

WASHINGTON (UP) — A key House Democrat said today he saw signs of a crack in the solid wall of Republican opposition to the Senate's "moderate" civil rights bill.

This congressman, a leader in the fight for civil rights legislation, based his statement on two developments Tuesday:

1. House Republican Leader Joseph W. Martin Jr. (Mass.) said he does not think the Senate bill "necessarily" must go to a Senate-House conference although he prefers that method of handling.

2. Martin released copies of a telegram from Clarence Mitchell, director of the Washington bureau of the National Association of Colored People (NAACP), saying the Senate bill is not strong enough but "we definitely want to get a bill this session."

House Republican leaders including Martin have heretofore insisted adamantly that the Senate bill, now before the House, be sent to a Senate-House conference committee for "toughening." They have maintained it would be better to pass no bill than what they call the "weak" Senate measure.

The Democratic member, who declined use of his name, said Martin's actions made it "pretty clear" the Republicans are feeling the strong pressure from civil rights groups for passage of a bill this year—even if no tougher than the Senate measure.

**SCHWEITZER TAKES REST**  
CONAKRY, French West Africa (UP) — Dr. Albert Schweitzer, Nobel Prize-winning humanitarian, was steaming up the African coast today on his way to a brief vacation in Europe.

Schweitzer left his hospital at Lambarene, French Equatorial Africa, on July 31 and boarded the steamer Brazza at Port Genl.
