SALEM (UPI) — Ninety-six National Defense Education Act projects to provide laboratory and other special equipment and materials in science, mathematics and foreign languages at a total cost of more than \$296,000 are already under way in some 120 Oregon school districts. Dr. Joseph L. Hall, director of instructional services for the State Education Department reported today.

He said another 226 similar projects totalling \$851,000 more for the 1959-60 school year are being processed for activation soon.

School districts of every size and type from all sections of the state are represented in both the projects under way and those requested for the coming school year.

Oregon is one of the first 10 or 12 states to get projects into operation on the local level, Washington sources told Dr. Hall.

Former Pageant queen married

Miss Marcia Maple, queen of Bend's Fourth of July Water Pageant in 1952, was married June 13 in Los Angeles to Lt. (jg) Robert Evans Bowles. Both are graduates of Oregon State College, where Marcia was a Pi Beta Phi and Lt. Bowles a Beta Theta Pi. The wedding climaxes a college romance.

The bride is the daughter of Mr. and Mrs. Howard Maple, now of Salem. Maple, director of the Oregon State Fair, was in the automobile business in Bend, and later was Chamber of Commerce manager in Burns.

Lt. Bowles is the son of Mr. and Mrs. Robert Bowles of Seattle. Now stationed on a ship docked in Long Beach, he has applied for overseas duty in Europe and his bride will join him as soon as he receives assignment to a permanent base.

The former Miss Maple, a stewardess for Pan-American Airlines, returned from Tokyo just a few days before her wedding, and left on a flight to Hong Kong the week after the ceremony.

Mr. and Mrs. Maple flew South for the wedding. They are planning a reception early next month at the Multnomah Club in Portland.

Five state forestry officials from Salem as well as the assistant district wardens from the five units acted as instructors.

Appreciation was also expressed for the wonderful meals, which were served during the three day school by members of the Sisters VFW Auxiliary.

Treason case jury dismissed

SAN FRANCISCO (UPI) — A special holdover grand jury slated to consider the Powell-Schuman treason case was dismissed by U.S. District Judge Louis E. Goodman Thursday.

In explaining the move, Goodman said the group had not met since its term was extended April 1, and that it was the policy of the court not to have two grand juries at the same time.

The defendants are John W. Powell, 39, and his wife, Sylvia, 38, of San Francisco, and Julian Schuman, 39, of New York.

They are accused of treason in connection with publication of a magazine, the China Monthly Review, which followed the Communist line during the Korean War. The magazine was published in Shanghai.

U.S. Attorney Lynn Gillard told newsmen Thursday that the government was having difficulty in obtaining evidence to submit to the grand jury in support of the treason charges, the only ones to grow out of the Korean conflict.

EMBARRASSED OFFICER

CLEARWATER, Fla. (UPI) — The defendant was embarrassed, but his blush couldn't hold a candle to that of the arresting officer. Terry Clark, 17, allegedly ran his car into a lamp pole because he took his eyes off the road to watch a pretty girl walk by. Officer Bernard Menghelli, who arrested him for damaging city property, acknowledged he hadn't actually seen the accident—he was watching the pretty girl, too.

Letters urged on ending of lamb grading

WASHINGTON (UPI) — A Missouri congressman today urged America's housewives to sit down and write a letter to the Agriculture Department telling the government how they feel about a proposal to end the federal grading of lamb.

The department is seriously considering dropping the service on Aug. 1. The views of interested parties on the issue must be submitted by July 6.

Rep. Charles H. Brown (D-Mo.) suggested the letter-writing action following congressional hearings Thursday.

It came after Agriculture Department officials admitted to a House subcommittee they had not sought the views of consumers or general farm organizations on the issue at hearings last spring. Only groups representing producers, packers, wholesalers and retailers were invited.

Rep. James Roosevelt (D-Calif.) chairman of the House unit, said he found the omission hard to understand even though the department had done no wrong legally.

Under the proposed order, the housewife would no longer have a federal stamp on the meat to show her whether it was prime, choice or good in quality. The National Wool Growers Association and some other groups claim the grading forces producers to raise lambs with excess fat.
