### Couple at home in Idaho following Valentine wedding

Special to The Bulletin

REDMOND — After a Valentine's Day wedding in the Church of God, Mr. and Mrs. Marvin Huling (the former Miss Nettie Potts) are at home at 916 Fourth St. S., Nampa, Idaho.

The bride, a registered nurse, had made her home with Mr. and Mrs. Frank Canady of Redmond for the past two years. She was employed for a time at Central Oregon District Hospital and held a position at Pioneer Memorial Hospital in Prineville prior to her marriage.

She is the daughter of Mr. and Mrs. O. J. Potts, Parma, Idaho. The bridegroom is employed at the First National Bank in Nampa.

The Rev. Don Neilson performed the evening double-ring ceremony by candlelight. Mrs. Marianna Loughlin, Seattle, played "Indian Love Call" on the violin. Mrs. Herman Mulder, Boise, sang "Always" and "Saviour, Like a Shepherd Lead Us." Mrs. James Lais, Culver, was pianist.

**Gown Described**  
Given in marriage by her father, the bride wore a street-length gown of white velvet, with three-quarter sleeves and lace inserts. Her embroidered lace veil was held with a caplet of seed pearls. She carried red roses and lilies-of-the-valley.

Matron of honor, Mrs. Frank Canady, wore red velvet designed like the bride's gown. Candlelighters, Jillana Shaw and Becky Canady, wore red nylon organza dresses with white boleros, as did the flower girl, Rhonda Canady. Ring-bearer, Randy Canady, wore a dark suit with white shirt and

red bow tie.

Best man for the bridegroom was his brother, Chester Huling of Nampa. Ushers were Frank Canady and Ted Shaw, Boise.

#### Reception Given

After the ceremony, a reception was held in the First Baptist Church, with Mrs. Earl Arensmeier in charge. Mrs. Chester Huling cut the wedding cake. Mrs. Ruth Flint and Mrs. Mulder poured. Mrs. Glenn Abel was in charge of the guest book. Mrs. Albert Nance and Mrs. Chester Lantz presided at the gift table. Other assistants were Misses Earlene and Linda Arensmeier and Nancy Abel.

The newlyweds left for a honeymoon trip to Seaside. For going away, the bride wore a suit of gray faille with turquoise accessories.

#### PRESIDENT GOLFS

WASHINGTON (UPI)—President Kennedy braved raw, damp weather Wednesday to play golf at the Chevy Chase Country Club in near-by Maryland. The Chief Executive played with Sen. George Smathers, D-Fla.

### Utilities almost unanimous in opposition to measure

By A. H. Pearson  
UPI Staff Writer

SALEM (UPI) — Public utilities, hoping to grow in Oregon, urged a Senate committee Wednesday night to kill a bill they said would do away with competition among utilities, and warned that monopoly service areas would eventually let rates creep up.

The choice should be up to the customer, said Jack Frisby, manager of Salem's cooperative electric distribution system, citing rates "30 per cent cheaper on the average" than private competitors.

"We do not fear competition," said Larry Bauer of Central Lincoln Peoples Utility District. He said the bill would give dictatorial powers to the public utility commissioner.

Representatives of private utilities, serving some 80 per cent of Oregon's customers, spoke nearly unanimously in favor of the bill.

"We need a referee with a rule book to settle boundaries between exchange areas," said Leslie Scott, representing the Independent Telephone Association. He said some 35 independent telephone companies serve the Willamette Valley alone.

#### Duplication "Wasteful"

Duplication is wasteful and costly," said John Lansing of Pa-

cific Power and Light Co. He said duplications in plant, personnel, distribution systems and offices result in higher costs and poorer service.

The testimony before the Senate Commerce and Utilities Committee came on Senate Bill 42, which would require certificates of convenience and necessity from the public utility commissioner for further utility expansion.

An effort would be made to clear up present overlaps in many areas.

Sen. Andrew Naterlin, D-Newport, quizzed Lansing about rates in competitive and non-competitive areas, and got the response that the companies' rates in Oregon vary from \$9 to \$14 per thousand kilowatts.

Lansing also admitted the company had a high earnings statement last year, but, he told Naterlin, "this was not because of earnings in Oregon."

Eugene Marsh, city attorney at McMinnville, said if backers of the bill "get along so lovey-dovey why don't they get together and define their own areas." He said the decisions should be voluntary.

#### Other Highlights

**Boardman**—Rep. George Van Hoomissen, D-Portland, criticized Gov. Mark Hatfield for failure to seek immediate outright purchase of Boardman industrial park, and urged legislative efforts to take the site instead of trading.

**Reapportionment**—Lane county Democrats Richard Eymann and Edward Fadeley labelled a GOP reapportionment plan a "gerrymander attempt."

**Compact**—House Speaker Robert Duncan, D-Medford, called a proposed Columbia Compact Commission "another do-nothing group" and doubted the legislature would approve Oregon's par-

ticipation in it.

**Tax Exemption**: Action on a House bill dealing with property tax exemption for benevolent groups was deferred by the House Tax Committee until it gets a look at a similar measure passed by the Senate. The committee also heard testimony supporting a bill to exempt commercial fishing boats from property taxes.

**Compensation**: Spokesman for Associated Oregon Industries praised 3-way workmen's compensation at a second hearing. At another hearing the Oregon AFL-CIO urged the legislature to liberalize requirements by which a worker can qualify for unemployment compensation.

**Fall! from tree fatal for boy**

PORTLAND (UPI) — A 9-year-old Portland boy was killed in a fall from a tree late Wednesday.

The boy, Daniel Johnson, the son of Mr. and Mrs. Emery Johnson, fell from a tree near his home in southeast Portland.

Young Johnson, a fourth grade student at Meriwether Lewis School, was dead on arrival at Providence Hospital. There were no witnesses to the accident.

The Multnomah County Sheriff's office said the boy apparently climbed into the tree on a stop-ladder. The nearest branch on the tree, a Douglas Fir, was 17 feet but it was not known how far he fell.

**NOT MUCH PRIVACY**

LONDON (UPI)—An advertisement in a London newspaper today said: "Wonderful honeymoons afloat — excellent craft sleeping two to six."

Wage increase turned down by plasterers

LOS ANGELES (UPI)—A local plasterers union kicked off what it hopes will turn into a nationwide anti-inflation move by turning down a wage increase.

Local 2 of the AFL-CIO union, by a majority vote of its 1,376 members, passed up a 12.5-cent hourly wage increase to support President Kennedy's campaign to stop inflation—and to set an example for other unions and businesses across the country.

"I hope some others will follow through," President Burt Chapman said today.

Under terms of a two-year contract with Southern California contractors, the pay increase was due to go into effect May 1. Chapman said the members generally felt their present wage of \$4.25 an hour was sufficient.

**HE'S FOR EQUALITY**

RALEIGH, N.C. (UPI)—A new champion of equal rights for women rose on the floor of the North Carolina Legislature Tuesday.

Sen. W. Lunsford asked for repeal of a law which prohibits their arrest.

### Gordon to offer bridge course here on March 6

Sam Gordon, a nationally recognized bridge columnist and expert, will be in Bend on Monday, March 6, 8 to 10 p.m., for a one-night bridge lesson course sponsored by the Bend branch American Association of University Women. The lesson will be held in the Bend Elks basement.

Both men and women are invited to participate in the lesson which is designed to interest beginners, advancing players, and experts. There is no need to form tables beforehand, but entire bridge groups are cordially welcomed. Tickets are on sale from AAUW members or at the door the night of the course. Ticket reservations can be made by calling Mrs. Eugene White, EV 2-5692, or Mrs. Sam Langmas, EV 2-3826.

This is Gordon's 30th year of sponsored travel dates. He has the reputation of teaching more groups than anyone else in his field. His book, *Horse Sense Bridge*, just ended its 20th reprint without a change. His column, which appears in many newspapers across the United States, is in its 28th year. He was the first to give a sponsored live television show on bridge.
