TRIES VACCINE — Eight-year-old Connie Poole drinks oral polio vaccine at the Jaycee-sponsored clinic Monday evening. The next clinic will be held in eight weeks.

### Chapter sets spring plans

PRINEVILLE — A number of spring events are on the calendar for the Beta Lambda chapter, ESA sorority, according to a program outlined at the chapter's latest meeting at the home of Mrs. Arthur Dramen. Mrs. Merle Eakin was co-hostess.

In the immediate future, the sorority will hold a spring rummage sale March 30-31 in the former Bob's Flower Shop building. Mrs. Jack Rhoden is chairman, assisted by Mrs. Bill Clements.

A spring dance will be held by both the Beta Lambda and Beta Tau chapters April 14 at the Prineville Golf and Country Club. Mrs. Jack Briggs and Mrs. Don Thomas are co-chairmen.

The next meeting, on April 3, will be held at the home of Mrs. Don Brown. Guests will be members of the Sugar 'n Spice Blue Birds, sponsored by the group. Members of the sorority recently attended a coffee hour at the home of Mrs. Barr Groff, honoring Mrs. Howard Stevenson who is moving to Seattle, and Mrs. Albert Applegate who is moving to Paisley.

### Talk planned on Seattle fair

REDMOND—Chambers of Commerce from all Central Oregon towns are invited to hear a talk on the Seattle World's Fair April 11 at 8 p.m. in Milton's Banquet Room.

Speaker will be W. W. March of Portland, Oregon public relations representative for the Seattle World's Fair. No dinner will be served, announces Mrs. L. M. McCormick, secretary of the Redmond Chamber of Commerce, and there will be no charge.

### Foreign student heard by group

Special to The Bulletin  
REDMOND — Ella Pineda, Redmond Union High School student from Honduras, was guest speaker at a meeting of District 14, Oregon Nurses Association, recently in Redmond. Dinner at the Corral Club was followed by a program at the St. Thomas parish hall.

Miss Pineda showed color slides and told about her country. The slides were taken two summers ago when Alice Hirn and Elizabeth Edmonds visited Miss Pineda's home as her guests. Miss Pineda is now making her home with the Edmonds family. Mrs. Edmonds was also a guest at the meeting.

Miss Pineda came to Central Oregon to start school as a freshman at Redmond Union High School. She is a junior this year, and after graduation next year she plans to enter a three-year school of nursing in Oregon. She wants to return to her native country after becoming a professional nurse.

She told the nurses that she is very anxious to become a nurse as there is a very great need for nurses in Honduras, as well as for doctors and other health personnel. District 14, ONA, is trying to aid Miss Pineda in her plans for a nursing career, and members were much interested in her talk about the needs of her country.

Twenty-eight registered nurses from Bend, Redmond and Prineville were present.

The April meeting will be held at Warm Springs sometime during the week of April 15. Time and place for the meeting will be announced later.

### Plans underway for Key Club meet at Redmond

REDMOND — Arrangements are well underway in Redmond for the Pacific Northwest District Key Club convention, to be held here April 7 and 8.

Dennis Hanson, son of Mr. and Mrs. John Hanson, 658 N. 10th Street, is district governor of Key Clubs and chairman of the convention. He reports that some 300 delegates will attend the sessions from the northwestern states, including Alaska, and western Canada.

Among speakers will be Senator Wayne Morse, Dr. Orlo Brees, Lewis Madden, international vice-president of Key Clubs, and G. B. Frost, Pacific Northwest District Key Club advisor. Bill Hudson, president of the Bend Kiwanis Club, and Dr. Charles Dudley, who heads the Redmond Kiwanians, also will address the group.

Theme of the convention will be "Freedom, Our Individual Responsibility." Contests will be conducted in oratory, talent, scrapbook and achievement categories. There will be educational group discussions and election of new district officers. The boy elected district governor and winner of the oratorical contest each will receive an expense-paid trip to the International Key Club convention, to be held in July at Long Beach, Calif.

Combos from various high schools in the district will provide music during the convention and will compete in a talent show Saturday. "The Downbeats," Redmond Union High School's dance band, will play for the "governor's hall" Saturday night in the high school gymnasium.

Delegates will be housed in local hotels and motels, with arrangements under direction of John Barry Norlin.

### LEGISLATION PASSED

WASHINGTON (UPI) — The House today passed legislation which appropriates about \$2 million to start construction of a regional water pollution control research laboratory at Corvallis, Ore.

Rep. Walter Norblad, R-Ore., said he anticipated "substantial additional funds" will be appropriated for completion of the project next year.

### Homemakers' festival set for May 10

ALFALFA — The annual Homemakers' Festival, for Deschutes county extension unit members, will be May 10 at the Redmond Grange Hall.

Announcement was made at a recent meeting of the Alfalfa unit, at the home of Mrs. Clyde Carlson.

Plans were also made for a luncheon meeting for the unit, April 17 at the Pine Tavern. The May 15 meeting will be at the home of Mrs. Lester Wick.

At the last meeting, Mrs. Carlson and Mrs. Raymond Garcia presented the project, "Exploring the Spice Shelf." The foods prepared featured a variety of seasoning, and special dip mixes were served as refreshments.

Mrs. Don Miltenberger gave a report on health and safety. Mrs. Marvin Chesebro won the door prize.

At the May 15 meeting, Mrs. Vic Schroeder, county extension agent, will give the program on "Care of Rugs and Upholstery."

### Chest X-ray machine bought

Special to The Bulletin

PRINEVILLE — A chest X-ray machine soon to be delivered to Pioneer Memorial Hospital, has been purchased with funds from Crook County's 1961 Christmas Seal sale, according to Mrs. Jean Wilkinson, county executive director, TB and Health Association.

A routine chest x-ray, to be given as part of the patient-admission schedule is being considered, as a primary use for the machine, it was stated.

### Prineville man due at sports show in L.A.

Special to The Bulletin

PRINEVILLE — This community is to be represented this year at the Los Angeles Sports Show, March 29 - April 7, according to Ivan Chappell, Prineville Chamber of Commerce manager.

Chappell states that Mike Miksche will represent the community at the show, which attracts an average of a million persons each year. The Chamber of Commerce has prepared brochures to be distributed selectively at the show from the Central Oregon booth.

In the booth display will be a special agate collection, loaned by Walt Lidstrom of Prineville. Special emphasis will be given to the rock-hunting, the deer hunting, fish and water sports of the area.

Miksche will also represent Recreation Unlimited, a part of Hudspeth Industries. Hudspeth contributed \$200 towards financing the trip and display.

The reindeer raised by John Zuretein, Redmond, will also be a feature attraction in the booth as a part of the Redmond Chamber of Commerce display.

### MENTAL CARE IMPROVES

NEW YORK (UPI) — Abraham Ribicoff, secretary of health, education and welfare reported Sunday that the number of outpatient clinics for treatment of the mentally ill has more than tripled in the last 15 years.

In a speech to the New York Clinic for Mental Health, Ribicoff said the trend had started "what has been characterized as the most exciting and promising development in the entire history of the care and treatment of the mentally ill."

By Gene Patterson

Every schoolboy who knows any history at all is familiar with the Roman biremes and triremes, those ancient ships which were propelled by two or three banks of oars. That these ships existed is without doubt; yet despite all the efforts of nautical experts and historians, it is still a mystery how these craft operated. One bank of oars could be operated easily enough; but with two or three banks, the oars would be so huge and unwieldy that not even several men could operate them. Full-scale replicas of these ships have been put together by experts with the hope that this problem could be solved. The findings were that biremes and triremes are unworkable. And yet, we know the Romans used them.
