ballot measure for repair. I do think the second ballot measure was 1) absolutely appropriate but 2) so unrestricted I couldn't in conscience vote for it. As it rides the utility bills, it disproportionately affected year round residents, which could be fair, but the unrestricted nature of the second measure I think just made folks mad. However, advising the council to just sulk and pay us back for mostly not having the bucks to finance the road repairs is not a public service, Chieftain editor. Now that we know your position — you think we should have voted for the roads — please use your position in the community to advocate for solutions. Do a series of articles. Interview a panel of community leaders about roads. Convene a grantmaking session — the community HAS the expertise. Do some community building stories. Sneering at us just keeps us stuck. Use your power for good.

Company disregards elderly

To the Editor:
Once again, the time has come to bring up the uncomfortable subject, that of the care

and concerns regarding the elderly folks of Wallowa County. Our nursing home was given to a company that has no regard for our local people. Some of the residents have already been shipped off to other areas to live out their days. Its very sad to see, as many of you reading this may be in the same boat with your loved ones, or even yourself!

We were told that these current residents of the old nursing home would be able to live at the new one. Well, the people running the place can't seem to keep employees, or to keep their stories straight. They have decided that it is too hard work and they should be picking and choosing the ones that have to move out, even though they have taken on additional residents, that are in the same shape. The county needs to see the whole picture. First all those who came originally from the old nursing home should be the first to stay as promised.

The directors and managers need to be replaced with people with more knowledge. Maybe the WCHCD needs to take it back. Its time these outside companies have an escort out of town. It was bad with Marathon, now worse with Artega. Lets wake up folks on who we give power and funds to.

Elks plan Flag Day celebration

Enterprise Elks Lodge #1829 will be celebrating Flag Day on Sunday, June 14, at the Wallowa County Courthouse Square at 1 p.m. Everyone is invited.

Inspired by over three decades of state and local celebrations, Flag Day — the anniversary of the Flag Resolution of 1777 — was officially established by the Proclamation of President Woodrow Wilson on May 30, 1916. While Flag Day was celebrated in various communities for years after Wilson's proclamation, it was not until Aug. 3, 1949, that President Tru-

man signed an Act of Congress designating June 14 of each year as National Flag Day.

Our flag's design was authorized by the Continental Congress on June 14, 1777. Flag Day is also a time to remember and honor military men and women who defend our flag and our country.

Also, if you have a flag to retire, bring it to the ceremony and it will be done in a proper, dignified manner at a later date by the Veterans of Foreign Wars.

For more information please contact Kent Lozier at 541-426-3181.

FORESTS: Supers update

Continued from Page A4

If you are interested in discussing or hosting an engagement event please contact Katy Gray, Wallowa-Whitman National Forest, Public Affairs Officer, kathrynlgay@fs.fed.us, 541-523-1246.

We look forward to seeing

and hearing from you in the coming months as we believe together we can plan for a bright future for our forests.

Steve Beverlin, Kevin Martin and Tom Montoya are forest supervisors for the Malheur NF, Umatilla NF and Wallowa-Whitman NF, respectively.

A Celebration of Life for Julie Van Belle

will be held Saturday, June 20th at 11:00 at the Clover Leaf Hall in Enterprise. Lunch to follow.

In lieu of flowers, please make a donation to the Wallowa County 4-H

Eagle Cap Excursion Train
