

Six years in reflection... A year goes by quickly indeed, let alone six! It's been quite a journey for our Olive Branch Family. For those of you who know us, you'll know that we've seen some changes... some of our staff retiring; additions to our staff that are now "part of the family"; and yes we've seen growth. We were so thrilled to add the satellite clinic in Wallowa and bring accessible care to the folks in the Wallowa community and surrounding area. Theresa and I have been honored to provide a voice at the legislative level, both testifying at our State Capital before the House and Senate regarding new Healthcare Bills. We are proud to be a part of some new laws that improve the care and access to care for our patients, as well as those across the State of Oregon and now those laws improve patient care across the United States at a Federal level. Our Clinic's history includes the *Business Leader Award* from the Wallowa County Chamber in 2012 and most recently Theresa Russell traveled to San Antonio, TX to receive the AANP Nurse Practitioner 2016 State Award for Excellence.

It was six years ago that we opened our doors to the public and started seeing patients. That was such an exciting time, what fun and what an undertaking! We could see there would be many changes in Healthcare. We continue to see an ever changing climate in the world of Healthcare. Despite this constant changing landscape, we welcome the opportunity to find new and different ways to accomplish providing the very best care for our patients.

Thank you to all the patients who chose Olive Branch Family Health as their choice for their healthcare needs. We are still proud to say that we utilize all the modern technology available in medicine while still administering care with warm caring hearts, and an old fashioned approach. This personal approach to patient care will always be our standard.

Looking ahead, we have many exciting plans and additions for our Clinic that will continue to benefit our patients as we keep your care first and foremost in our thoughts. Our Mission and Promise to You is to provide Healthcare with Compassion, Convenience and Confidentiality. It is our pleasure to serve your healthcare needs.

With Warm Regards,
Polly DeVore, Clinic Director
