*1.50% Introductory Annual Percentage Rate (APR) is available on Home Equity Lines of Credit with an 80% loan-to-value (LTV) or less. The Introductory Interest Rate will be fixed at 1.50% during the 6-month Introductory Period. A higher introductory rate will apply for an LTV above 80%. Offer is available for new applications submitted between September 11 - November 11, 2016. After the 6-month introductory period: the APR is variable and is based upon an index plus a margin. The APR will vary with Prime Rate (the index) as published in the Wall Street Journal. As of September 11, 2016, the variable rate for Home Equity Lines of Credit ranged from 2.62% APR to 7.20% APR. Higher rates may apply due to an increase in the Prime Rate, a credit limit below \$100,000, an LTV above 70%, and/or a credit score less than 730. A U.S. Bank Consumer Silver, Gold, or Platinum Checking Package account is required to receive the lowest rate, but is not required for loan approval.
