Dear Santa,

What I want for our world for Christmas would be a new play ground at the park. I'd want for our community to have more and more snow for all the kids to play in! (The snow!) What I would like for my Brother I'd like a toy castle, and my mom would like two weeks off on Christmas so she can spend time off with her family. My dad would like a gator which he will be excited about. What I

Dear Santa, I'm wishing for a couple of things for my community. First of all, I would like my town to not have as much trash. Also, I'm hoping for more white fresh snow. I wish for every one to have a happy Christmas. My last hope for my community is for all my wishes to come true. I have a couple ideas for my family. I want my younger sister to have a cool electronic device because she doesn't have one. My brother would like some new Legos. My older sister would like some new craft supplies. Last of all, my parents would like a new snowmobile. My wish is for all of those wishes to come true.

Sincerely, Tessa Duncan
