The Red Pyramid is a cool, action packed book by Rick Riordan. This book is about 2 kids, Sadie and her brother Carter. They are the blood of pharaohs which means they are royal. In this book gods and monsters exist. Carter is hosting the king of the gods and Sadie is hosting Isis the queen of the gods. Sadie's cat muffin turns out to be a cat goddess. I recommend this book for 4th graders and above.

For Christmas, you should get the Goosebumps books for your family because they are a fun series to read. When I got my first Goosebumps book I was happy. All of them are different and scary enough to be fun. If you get one I think you will be happy but if you get the whole set that would be cool. The Goosebumps series is by R.L. STINE.

Hey, are you looking for a great series for your grandchild or child? Well if you are then you should get the Inheritance series. This series is about Dragons, Doves, Elves, and magic. There are 4 books; the first book is Eragon, the second book is Eldest, the third book is Brisinger, and the last book is Inheritance. I would only recommend the Inheritance series if your child likes fantasy and if your child is in 4th grade and up.
