## Not Your Money But Your Good Will

We want the good will of every car owner in this town.

We want everyone to say what lots of folks say now--"Willard? That's where you get a square deal and value for every dollar."

We'd rather have your good will than an extra dollar or two on a repair job.

We'd rather sell you a battery that will give longer and better service than to make a living by repairing poor batteries.

Of course good repair work and good batteries cost more, but we believe they make friends and buy good will.

Let's get together.
