

4,000 SERVICE MEN OF OREGON SERVED IN N. Y.

More than 4000 Oregon service men registered at the headquarters of the Oregon Welcome commission in New York City from the opening of the club rooms in March, 1918, until their close in September, and many hundreds of others visited the rooms without registering, according to the final report of the commission just received by Governor Olcott from W. L. Whitteley, chairman.

"To copy the 'home address' column of our registers would be to copy the map of Oregon and to show thereon places of which our 'old timer' friends had never heard," the report states. "Every occupation and every rank of life from millionaire's son to homeless hobo was represented. It was a complete cross-section of young manhood such as any commonwealth must be proud to call her own. They associated in the club rooms as equals since titles of rank were not used there; generals and colonels shook hands with privates and both seemed glad to meet outside the army discipline.

"Our Oregon men brought their many friends with them, soldiers and sailors from Massachusetts to Arizona and from Louisiana to Alaska, with strays from Ireland, Canada, the Bermudas, and elsewhere who were given the same treatment as our own. Others were civilians, Oregonians living east and their friends, but at the low possible estimate between 3000 and 3500 Oregon soldiers, sailors and marines made full and repeated use of the headquarters. These men are from every organization and branch of our nation's armed forces and were of many races but all first class Americans and Oregonians."

Through the tact and zeal of Mrs. Thomas Carrick, a popular leader of the Oregon colony in New York, who was in charge of the hostess arrangements, the club rooms were given the services of many splendid Oregon women as hostesses and entertainers, the report states. Among those who are credited with adding to the comfort and entertainment of the returning Oregon men are mentioned the following:

Mrs. W. S. Driver and daughters, Mrs. Genevieve Maxwell, Mrs. Grace Blake, Mrs. R. H. Birdsall, Mrs. Burnside, Mrs. Herman Herst, Jr., Miss Elene Calbreath, Mrs. Katherine Ward Pope, Mrs. George A. White, Mrs. Barbara Wiegell, the Misses Stella Wilson, Frances Poterfield, Jocelyn Burke, Wilma Young, Gladys Martell, Eleanor McClain, The Misses Schultz of Salem, Naomi Williamson, Leah Cohen, Constance Piper, Anna Shannon Monroe, Ruby Lawrence and Bettie Phillips.

Among the men mentioned as supplementing the social activities of the ladies, the reports mentions, Messrs. T. Ordeman, Charles Danish, Allen H. Eaton, R. H. Birdsall, George I. Putnam, H. C. Wortman, W. R. May, F. Wachenheimer, David and Mosesson, A. D. Dinsmore and others. The professional services of Dr. Henderson Deady were freely offered and much appreciated, according to the report.

WATER PERMITS

With a view to supplying the city of Lakeview with hot water for heating purposes as well as for medicinal uses, E. C. Favell of Lakeview has filed with Percy A. Cupper, state engineer, an application for permission to appropriate 2.5 second feet of water from Hot Spring.

The Lexington Investment company of Roseburg has filed an application for permission to appropriate water from Dyer creek for domestic use.

An application has been filed with the state engineer's office by Robert M. Betts, Carl Zimmerman and J. E. McKinnon of Cornucopia who want to appropriate water from an unnamed tributary of Pine creek for the irrigation of 150 acres of land.

Vocational Education Fund Allotment To Be Made Soon

Allotment of the funds provided by the state and federal government for vocational education in Oregon will be made within the next few days, according to Newton Van Dalsem, state director for vocational education. A total of \$45,077.61 has been appropriated for the purpose, \$25,077.02 being appropriated by the federal government under the Smith-Hughes act.

The allotment is made on a "50-50" basis, half of the salary of teachers employed exclusively in teaching vocational subjects being paid from this fund. The applications of 12 schools for aid under the act have been approved by the state board.

THE ROMAN AQUEDUCTS

The Roman aqueducts were marvels of architecture. The Anio was 43 miles long; the Marcio, 41, of which 28 miles were on 7000 arcades 70 feet high; and the Claudia was 47 miles long, the arches being 100 feet high. The aqueducts brought 40,000,000 cubic feet of water daily into Rome, and the various sections of the metropolis were supplied with water by means of 13,504 pipes.

COCOA STAINS ON LINEN

Cocoa stains may be removed from linen by applying lemon juice to the spots. Place the article in the sun, and damp hourly with the juice, sprinkling a little salt on each time. Allow it remain in the sun for a whole day, and rinse in the ordinary way.

REJUVENATE THE OLD SUIT CASE

To clean a suit case, mix equal parts of vinegar and linseed oil together, rub together with a piece of flannel and polish with a duster.

Traveled All Over The World

But Tanlac Helped Him More Than
Treatments Here, in Europe,
and in South America

The following statement, which was made a few days ago by H. L. Finniger, watch maker for the Nathan Dohrmann & company, living at 36 Plato St., San Francisco, Cal., is both interesting and remarkable. Mr. Finniger said:

"I have been treated for indigestion in France, Italy and Switzerland and North and South America, in fact, all over the world, but Tanlac is the only thing I have ever found to do me much good. Always after eating I would have such awful cramping pains in my stomach that I could hardly stand it. I had fallen off in weight until I was scarcely more than a frame of skin and bones, and my nerves were so shattered that the least little thing would irritate and upset me. I could not sleep to do any good and would get up mornings more tired than on going to bed. My strength and energy had about all left me and many a time I felt like I would be compelled to give up entirely."

"Besides taking everything in the way of treatments and medicines, I have tried all the different kinds of diet, also the rest cure, but never got more than a little passing relief. But the way a few bottles of Tanlac has brought me out is more than I can understand. At the time I began taking this medicine I only weighed ninety eight pounds, but I now balance the scales at one hundred and eighteen, making a gain of twenty pounds on five bottles of Tanlac. After finishing my first bottle and about half of the second I could see I was getting better and from that time on my improvement was very fast. I can eat just anything now and never suffer a particle of distress afterwards. My nerves are in excellent condition so that I now get eight hours good sound sleep every night. I get up mornings now ready for a good break fast and a full day's work. I usually put in an hour or two in the mornings working in my garden before going to the store, which would have been impossible for me before taking Tanlac. My appetite is fine now, I relish everything I eat and am enjoying better health than I have in years. Tanlac has certainly been a life savor to me and it's a real pleasure for me to recommend it."

Tanlac is sold in Salem by Tyler's Drug Store, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Gooch, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shorey, in Silverton by Geo. A. Steadman, in Gates by Mrs. J. P. McCurdy, in Stoughton by C. A. Beauchamp, in Aurora by Aurora Drug Store, in St. Paul by Groceries Stores Co., in Donald by M. W. Johnson, in Jefferson by Foshay & Mason and in Mill City by Marketeria Gro. Co.

80 Years Old--Attrib- utes To Internal Baths

Mr. D. C. Newcomb, 704 N. 4th Ave., Atchison, Kan., writes Tyrrell's Hygienic Institute of New York as follows:

"My next birthday is July 13th--80 years old. Have used Tyrrell's 'J. B. L. Cascade' for more than 20 years. Best and only remedy that brings relief without the use of drugs. My experience proved that it always relieves. No danger from it. My ailments were principally uric acid, biliousness, constipation, etc."

This is by no means an exceptional letter for Tyrrell's Hygienic Institute to receive, as there are now over half a million Americans using Dr. Tyrrell's "J. B. L. Cascade" with like results.

By the scientific use of nature's cleanser--warm water--it eliminates all poisonous waste from the lower intestine and gives nature a chance to work unhampered.

You will be astonished at the difference in your feelings the morning after an internal bath.

The "J. B. L. Cascade" will be shown and explained to you by Daniel J. Fry who will also give you free, on request, an interesting booklet by Dr. Chas. A. Tyrrell, "Why Man of Today is Only 50 per cent Efficient."

Get this booklet and know just why internal bathing is so effective in the promotion of better health. (Adv.)
