## HIGH SCHOLL TEAM CRIPPLED FOR GAME WITH CORVALLIS HI

Defying the bad luck which has been thrust upon his eleven, Coach Reinhart is journeying to Corvallis next Friday to meet Corvallis high Friday afternoon. Reinhart's team was pretty hard hit before the Oregon City game of last Friday, but soon after this contest was started two more stars, the Gills, were sent to the bench. Amory Gill went out with a broken collar bone in the first quarter of play, and his brother Gene, who has been the pivot of the team, was taken out with a severely sprained ankle in the beginning of the second half. The loss of the quarterback and a halfback will leave the fast backfield. Reinhart's best bet, severely crippled.

Altogether Salem high has lost seven or eight first string men since the opening of the season. Wilber Dalley, Fleecy White, John Clark and Roland Reinhart were pulled off the squad because of lack of credits (they are ex-service men); Fullback Ashby was forced to give up the sport because of his parents' objection. Guard Beryne went to Seattle. And last Friday the two Gills went out. George White was also banged up; however, he will probably play in the Corvallis fray.

## WILLAMETTE TO VIE WITH CHEMAWA IN SATURDAY CLASH

The Willamette Bearcats will make colonial Indian wars seem like tame reading, when they meet the Chemawa huskies on the local field next Saturday afternoon. Thus far the Wesleyan lads have had only one game, that with the alumni on October 11. For the past two Saturdays they have lain around and wrestled with their patience, and been waiting for somebody to come over and play 'em. During the school days the varsity boys have been dusting things up in scrimmage and whipping into first class shape for the "team" that was scheduled to meet them on Saturday. When Saturday came the coach had to announce, "no game; go home and rest." The effect has been about the same as taking a piece of raw meat away from a bull dog. Dame Rumor has it that the Indians will have to pay for somebody's laxity in the past two weeks when they clash with the Bearcats this week.

The Willamette team will have a full schedule from next Saturday on. They will meet Chemawa, November

## "FIDDLE-FIT"

Keep Liver and Bowels Clean and Active with "Cascarets"

Sick headache, biliousness, coated tongue, sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and four gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will have you feeling clear, rosy and as fit as a fiddle by morning. They work while you sleep. (Adv.)

Every tradition of faithful service is observed by us. Our knowledge of the subject is complete. Our courtesy is un-failing.

---and no one could tell the difference

Last night's audience mystified  
Tries vainly to detect difference between voice of famous contralto and RE-CREATION by Edison's new phonograph

Those present at the Grand Opera House last night saw Ida Gardner walk onto the stage. They saw her take her position next to a beautiful cabinet. They saw her lips give voice to the opening lines of Sweet Genevieve. Then suddenly her lips were still—but the song kept flowing on.

How came this? They were hearing Miss Gardner's voice, yet Miss Gardner was not singing. The entire audience gasped as it slowly realized that it had been unable to distinguish between Miss Gardner's voice and the RE-CREATION of that voice by the New Edison.

This was the daring test undertaken

en last night at Grand Opera House by Thomas A. Edison. He sought to prove that no difference exists between the voice of the living artist and its RE-CREATION by the New Edison. The musically cultured of Salem were invited to pass judgment. No test could have been more exacting.

Miss Gardner made comparison after comparison. The mystified audience tried vainly to catch a difference between the original rendition and its RE-CREATION by the New Edison. No one could tell one from the other.

It was a triumph whole and complete for the New Edison.

## The NEW EDISON "The Phonograph With A Soul"

The instrument used in last night's Tone-Test is the regular model which sells for \$285. It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending three million dollars in experiments.

The Edison alone of all phonographs is capable of sustaining this test.

Until Mr. Edison knew it would do so, he regarded his work as unfinished.

Ask some one who was present last night. Learn the amazing truth. Then come in and let us prove it personally to you.
