OREGON COACH NOW FEARS OUTCOME OF WASHINGTON GAME

By Paul Farrington
(Capital Journal Special Service.)
Eugene, Or., Oct. 29.—(Gloom—of the dark variety and in large quantities, is the stuff Coach "Sibby" Huntington is passing out here concerning the University of Oregon-University of Washington football game to be played in Seattle next Saturday.

"Haven't a chance," Huntington insists. "Washington has 30 real stars, veterans of the game, who are back with a view to getting even for last year's defeat. Their line is heavy, fast, and charging as one man. Their backfield, although lighter than their line, is exceptionally swift."

"Bart" Spellman, assist coach at the university, witnessed the University of Washington-Whitman game at Seattle last Saturday in which Whitman was defeated 120 to 0, and declares he is of the same opinion as Huntington. Up in Seattle, however, "Jump" Hunt is apparently not feeding his aggression on confidence. Hunt, it would appear, has a wholesome respect for a team that wears yellow and green jerseys. Critiques appearing in papers in the Sound city are not of an overly-potential nature and mention of "the terrible Steers" and the "smashing Huntington" appear with frequency.

Thursday afternoon, following a short rally, the lemon-yellow warriors will leave Eugene in a special car on the 5:05 train for Seattle. Friday will be a day of rest, Huntington says, and Saturday the Eugene machine will give the northerners all it has.

Captain Everett Brandenberg, of the locals, may be seen in the Seattle arena for the first time this season. Brandenberg, a fighting, smashing back, has been laid up all season with a cracked shoulder.

BASEBALL

Los Angeles, Cal., Oct. 29.—Following the arrival of Babe Ruth, slugging is due to spread in winter here. It is known that he probably would spend the winter working in the groves.

Seattle, Wash., Oct. 29.—Six baseball men have applied for the job of managing the Seattle baseball club, says P. resident Brewer of the Seattle team. The list is made up of Charley Mullen, who finished out the season as pilot of the locals; John Campbell, manager of Kansas City in the American Association last year; Eddie Herlihy, Salt Lake skipper during the past season; Clyde Wares, second baseman of the Seattle club; Chick Gandil, first baseman of the Chicago White Sox, and Bill Leard, second baseman of the Besant Texas league club, former manager of the Seattle Northwestern league squad. Wade Kilferer, 1918 Los Angeles leader, is being mentioned in baseball circles here as the 1923 Seattle pick. The new manager will be named at a meeting of the local club directors to be held here next week.

BOXING

San Francisco, Cal., Oct. 29.—(United Press.)—Willie McLean, coast fighter Wednesday received two telegrams from New York promoters which indicated that Jack Kearns and Dave Mackay have reached an agreement and are about to choose an opponent for Jack Dempsey.

One telegram, from Mackay, asked McLean to state his best terms to meet Dempsey and said Mackay and Kearns were in conference today and would close a definite match on Friday. The other message was from Billy Gibson, who originally handles McLean in the east, and asked whether McLean had closed with Mackay to fight Dempsey.

STUDENTS GET READY FOR CHEMAWA CLASH

In order that the student body may play its part of the game as well as the Bears play their part when they vie with the Chemawa Redskins on Sweetland field next Saturday afternoon, a preliminary rally was staged at chapel Wednesday morning. Yell Leader Flegel in starting the rally, announced that Chemawa was coming over Saturday in "war dance" style, the team being accompanied by 200 rosters and a brass band. To offset this, he said the Wesleyan rosters would have to bust something during the Saturday contest, and he urged the students to yell hard enough to feel the bustin' influence in the practice rally. A second rally will be held Friday at chapel time. When the Indians trot onto the field, they will find 400 of their Commanche brethren psychologically opposed to them for "the bacon and."

Six-Hour Day Would Mean More Efficiency, Claim

Indianapolis, Ind., Oct. 29.—The proposed six hour day for soft coal miners would mean increased rather than decreased production, according to Ellis Searles, editor of the Mine Workers Journal, official organ of the United Mine Workers. Searles, in an interview based this assertion on the premise that a shorter day would be more equitably distributed in employment and six hours in a mine under present conditions is all a man can stand and retain his efficiency.

Woman's Faith Helps Husband

"I owe my good health to my wife who had faith in a newspaper ad she saw of May's Wonderful Remedy. I was down so badly with stomach and liver trouble after 12 years of suffering and trying every known remedy that I had no faith in anything. This medicine has certainly been a 'God send' to me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. J. C. Perry and druggists everywhere.
