### You Can't Cure Rheumatism With Liniments and Lotions

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has no equal as a blood purifier, scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store and get on the right treatment to-day. If you want special medical advice, address Medical Director, 49 Swift Laboratory, Atlanta, Ga.

## Is Now Able To Eat Breakfast

For First Time in Two Years Given is Able to Digest Any Kind of Food

"If anybody had told me that there was any medicine that would help me as Tanlac has, I would have laughed at them," said H. M. Givens, who lives at Anaheim, Cal., while in Los Angeles the other day.

Mr. Givens is one of the most prominent men in his section, and has been very successful in operating a large orange grove which he owns.

Continuing, he said, "this medicine is worth its weight in gold, and if the price of it was five dollars a bottle I would buy it just the same. I began to suffer from stomach trouble about three years ago, and although I had treatment from the best specialists in the country, and took many different kinds of medicine, my condition gradually grew worse all the time. I had reached the point where I could retain but very little of what I ate and often had bad cramping spells. Then my nerves went back on me, and such a thing as a good night's sleep was out of the question with me. I finally had to give up trying to attend to any business, and came to Los Angeles thinking some of the specialists here might help me. I had my stomach washed out numbers of times, but it didn't do me any good at all, and I just got so weak and run down that I was hardly able to get up at all.

"One night about three or four weeks ago while looking over the paper, I noticed a statement about Tanlac that interested me very much, and after reading this statement, I asked my wife to order me a bottle of this medicine. Well, I commenced taking Tanlac that very night, and sir, by the time I had finished that first bottle I knew that I had at last found a medicine that would overcome my troubles and restore me to health. My wife could hardly believe me when I told her that I was hungry and wanted something substantial to eat, and her surprise was even greater when she saw that I could retain what I ate and that I didn't show any signs of suffering afterwards. I just stuck to Tanlac, and continued to improve until I am now feeling like a different man altogether. Why, I actually sat down and ate a big steak yesterday, and that is something I haven't dared do for more than two years. I am getting stronger every day, and gaining in weight right along. My appetite is getting better all the time, and I just eat anything that comes to hand, and what I eat doesn't hurt me at all. Oh! I tell you it's wonderful, and my wife and I are so happy over my great improvement that we have sent the good news broadcast to all our friends and relatives. Tanlac is one medicine that will do all they say it will do, and I am more than glad to recommend it to everybody."

Tanlac is sold in Salem by Tyler's Drug Store, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Gooch, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shorey, in Silverton by Geo. A. Steelhammer, in Gates by Mrs. J. P. McCurdy, in Stayton by C. A. Beauchamp, in Aurora by Aurora Drug Store, in St. Paul by Groceries Stores Co., in Donal by M. W.
