

## DELUGE OF REFUGES THREATENING POLAND

Warsaw—Twenty-nine Poles who have just completed a pilgrimage of many months from the heart of Siberia to the newly-redempted city of Minsk, have brought the news that at least 200,000 men taken prisoners by the Austrians are waiting in Siberia for an opportune moment to return to Poland.

### Cut This Out

Old English Recipe for Catarrh, Catarrhal Deafness and Head Noises

If you know of some one who is troubled with catarrhal deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages toward the lungs which is equal in danger. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climatic conditions.

Secure from your druggist 1 ounce of Eucalypti (double strength). Take this home and add to it 1-3 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Eucalypti used in this way acts directly upon the blood and mucus surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial. (Adv)

According to the newly returned refugees who were themselves Austrian prisoners of war, western Siberia is full of homeless men claiming Polish nationality. Several among them placed the number as high as 500,000. The problem created in Poland by the returning prisoners and refugees is already acute, the government being forced to rely heavily on Red Cross help to feed and clothe them. Should the number of refugees still to return be in keeping with the estimate brought by the new arrivals, it will mean an enormous additional burden.

### ROAD BUILDING ON THE DESERT

There is now nearing completion a

17-mile tangent of Lincoln highway which cuts across the Salt Lake desert, shortening the highway by some fifty miles. The desert surface is broken up by means of gang plows and shaped by means of road graders hauled by caterpillar tractors. Owing to the nature of the soil difficulty was experienced in moist weather, due to the weight of the tractors which sank into the mud despite their broad bearing surfaces. The difficulty was solved by bolting timbers to the caterpillar belts so as to broaden the tread of the machines. As the roadbed is completed the gravel is hauled and dumped over it by means of motor trucks mounted on broad steel-tired wheels which serve to pack the road material.

### Poisoned Kidneys Cause Rheumatism

Nature warns you of poisoned kidneys by causing rheumatic pains. Applying liniments to swollen joints and muscles cannot reach the cause. Stop all rheumatic agonies at once by taking Rheumachol, an internal treatment for rheumatism that will positively flush this poison from your system. Manufactured by Rheumachol Laboratories Co., Idaho Springs, Colo. For sale by J. C. Perry, Crown Drug Co., The Red Cross Pharmacy, The Central Pharmacy, Wm. Neimeyer. (Adv)
